Morgoth's Ring The Later Silmarillion The Legends Of Aman:

Morgoth's Ring Christopher Tolkien, 2023-06-13 In *Morgoth's Ring* the tenth volume of *The History of Middle-earth* and the first of two companion volumes Christopher Tolkien describes and documents the legends of the Elder Days as they were evolved and transformed by his father in the years before he completed *The Lord of the Rings*. The text of the *Annals of Aman* the Blessed Land in the far West is given in full. And in writings never before published we can see the nature of the problems that J. R. R. Tolkien explored in his later years as new and radical ideas portending upheaval in the heart of the mythology. At this time Tolkien sought to redefine the old legends and wrote of the nature and destiny of Elves, the idea of Elvish rebirth, the origins of the Orcs and the Fall of Men, his meditation of mortality and immortality as represented in the lives of Men and Elves. This led to another major writing at this time, the *Debate of Finrod and Andreth* which is reproduced here in full. Above all, Christopher Tolkien writes in his foreword, the power and significance of Melkor Morgoth was enlarged to become the ground and source of the corruption of Arda. This book indeed is all about Morgoth, incomparably greater than the power of Sauron concentrated in the One Ring. Morgoth's power Tolkien wrote was dispersed into the very matter of Arda. The whole of Middle-earth was Morgoth's Ring.

Morgoth's Ring Christopher Tolkien, 2010-03-04 This is the first of two volumes which document later writing of *The Silmarillion*. Tolkien's epic tale of war Christopher Tolkien documents the history of *The Silmarillion* from the time when his father turned again to the Matter of the Elder Days.

The Making of Middle-earth Christopher A. Snyder, 2024-10-08 This volume is perhaps the most in-depth exploration ever undertaken of Tolkien's world. Accessible but authoritative and fully illustrated, it is now being reissued with a stunning new cover treatment and updated commentary on new books, films, games, and shows. This book, originally published in 2013 and richly illustrated with photographs and artwork, was the first to connect all the threads of influence on Tolkien that infused his creation of Middle-earth from the languages, poetry, and mythology of medieval Europe and ancient Greece and Rome to the halls of Oxford and the battlefields of World War I. Snyder examines the impact of these works on our modern culture from 1960s counterculture to fantasy publishing, gaming, music, and beyond. The reissue has a gorgeous updated cover design with a custom illustration on foil-stamped faux cloth and additional pages of material covering new developments.

[Tolkien and the Study of His Sources](#) Jason Fisher, 2011-09-07 Source criticism, analysis of a writer's source material, has emerged as one of the most popular approaches in exploring the work of J. R. R. Tolkien. Since Tolkien drew from many disparate sources, an understanding of these sources as well as how and why he incorporated them can enhance readers' appreciation. This set of new essays by leading Tolkien scholars describes the theory and methodology for proper source criticism and provides practical demonstrations of the approach.
