## **Naked Men Pioneering Male Nudes 1935 1955:**

*Naked Men*. David Leddick, 2004-02      *Naked Men Too* David Leddick, 2000 A remarkable sequel to the Lambda award winning *Naked Men Pioneering Male Nudes 1900 1950* *Naked Men Too* exposes the breakthrough nude male photography and art that changed the perception of male beauty Focusing on the work of influential photographers such as George Platt Lynes Robert Mapplethorpe Harriet Leibowitz and Bruce Weber author David Leddick chronicles the visual revolution that paralleled social and sexual liberation since the late 1950 s With brief biographies of the models including early renegades like Yves St Laurent Joe Dallesandro Rupert Everett and more this provocative book features reproductions of the original photos alongside portraits of the models today This dynamic history of male nudity in art and advertising is for all audiences gay and straight      **Naked Men** David Leddick, 1998 This extraordinary book documents a fascinating moment in the history of American culture a period in the 1930s 40s and 50s that give birth to a new notion of male beauty and desire and to a new type of male icon Long before Stonewall and the gay pride movement a small group of daring men photographers and the models who sat for them helped pave the way for male sexual liberation Led by the photographer George Platt Lynes and featuring men such as Jean Marais Yul Brynner Paul Cadmus and Tennessee Williams this group of men straight as well as gay shattered taboos surrounding the artistic representations of the male figure Their ground breaking work remains as relevant and evocative today as it did half a century ago and its influence can be seen in the work of modern masters such as Bruce Weber Herb Ritts and Robert Mapplethorpe      Marsden Hartley Donna Cassidy, 2005 A provocative new reading of the great American avant garde artist Marsden Hartley s late work      **Written in the Flesh** Edward Shorter, Hannah Chair in the History of Medicine and Professor of Psychiatry Edward Shorter, 2005-01-01 Presents a history of sexual desire a provocative chronicle of the changing nature of what people yearn to do sexually This work demonstrates that desire is hardwired into the brain expressing itself in remarkably similar ways in men and women adolescent and adult and in gays lesbians and straights alike      **A Great Unrecorded History** Wendy Moffat, 2010-05-11 With the posthumous publication of his long suppressed novel *Maurice* in 1970 E M Forster came out as a homosexual though that revelation made barely a ripple in his literary reputation As Wendy Moffat persuasively argues in *A Great Unrecorded History* Forster s homosexuality was the central fact of his life Between Wilde s imprisonment and the Stonewall riots Forster led a long strange and imaginative life as a gay man He preserved a vast archive of his private life a history of gay experience he believed would find its audience in a happier time      Toward Stonewall Nicholas C. Edsall, 2006 As recently as the 1970s gay and lesbian history was a relatively unexplored field for serious scholars The past quarter century however has seen enormous growth in gay and lesbian studies The literature is now voluminous it is also widely scattered and not always easily accessible In *Toward Stonewall* Nicholas Edsall provides a much needed synthesis drawing upon both scholarly and popular writings to chart the development of homosexual subcultures in the modern era and the uneasy place they have occupied in Western

society Edsall's survey begins three hundred years ago in northwestern Europe when homosexual subcultures recognizably similar to those of our own era began to emerge and it follows their surprisingly diverse paths through the Enlightenment to the early nineteenth century. The book then turns to the Victorian era tracing the development of articulate and self-aware homosexual subcultures. With a greater sense of identity and organization came new forms of resistance; this was the age that saw the persecution of Oscar Wilde among others as well as the medical establishment's labeling of homosexuality as a sign of degeneracy. The book's final section locates the foundations of present-day gay subcultures in a succession of twentieth-century scenes and events: in pre-Nazi Germany, in the lesbian world of interwar Paris, in the law reforms of 1960s England, culminating in the emergence of popular movements in the postwar United States. Rather than examining these groups in isolation, the book considers them in their social contexts and as comparable to other subordinate groups and minority movements. In the process, *Toward Stonewall* illuminates not only the subcultures that are its primary subject but the larger societies from which they emerged.

**Intimate Companions** David Leddick, 2015-11-24 Leddick makes a strong case for why his subjects remain vital and important. American artists: Publishers Weekly Photographer George Platt Lynes, painter Paul Cadmus, and critic Lincoln Kirstein played a major role in creating the institutions of the American art world from the late 1920s to the early 1950s. The three created a remarkable world of gay aesthetics and desire in art with the help of their overlapping circle of friends, lovers, and collaborators. Through hours of conversation with surviving members of their circle and unprecedented access to papers, journals, and previously unreleased photos, David Leddick has resurrected the influences of this now vanished art world along with the lives and loves of all three artists in this groundbreaking biography.

*Queering Masculinities in Language and Culture* Paul Baker, Giuseppe Balirano, 2017-12-08 How do we learn what it means to be a man? And how do we learn to question what it means to be a man? This collection comprises a set of original interdisciplinary chapters on the linguistic and cultural representations of queer masculinities in a range of new and older media: television, film, online forums, news reporting, advertising, and fiction. This innovative work examines new and emerging forms of gender hybridisation in relation to complex socialisation and immigration contexts, including the role of EU institutions in ascertaining asylum seekers' sexual orientation and the European laws on gender policy. The book employs numerous analytical approaches, including critical discourse analysis, corpus linguistics, multimodal analysis, literary criticism, and anthropological and social research. The authors show how such texts can disrupt, question, or complicate traditional notions of what it means to be a man, queering the idea that men possess fixed identities or desires. Instead, arguing that masculinity is constantly changing and negotiated through the cultural and political overlapping contexts in which it is regularly produced, these nuanced analyses will bring fresh insights for students and scholars of gender, masculinity, and queer studies, linguistics, anthropology, and semiotics.
