atrocities while phenomena such as Satanic Cults and possible or real diabolical possession have continued to increase The Catholic Church reacted to this situation in 1998 with a revision of the 1614 Rite of Exorcism analysed in this book from both theological and psychological standpoints By arguing that the transition from belief in Satan to personification of evil in historical regimes and characters brings contemporary culture into sharp focus this book chronicles the history of humanity's attempt to understand the disturbing and mysterious reality of evil [In Defense of Mentalism](#) R.
