Ethics Charles R. Beitz, 1985-10-21 This book is comprised of essays previously published in *Philosophy Public Affairs* and also an extended excerpt from Michael Walzer's *Just and Unjust Wars* **War and Moral Responsibility**, 1974 *War and International Justice* Brian Orend, 2010-10-30 Can war ever be just By what right do we charge people with war crimes Can war itself be a crime What is a good peace treaty Since the Cold War ended in the early 1990s many wars have erupted inflaming such areas as the Persian Gulf Central Africa and Central Europe Brutalities committed during these conflicts have sparked new interest in the ethics of war and peace Brian Orend explores the ethics of war and peace from a Kantian perspective emphasizing human rights protection the rule of international law and a fully global concept of justice Contending that Kant's just war doctrine has not been given its due Orend displays Kant's theory to its fullest impressive effect He then completely and clearly updates Kant's perspective for application to our time Along the way he criticizes pacifism and realism explores the nature of human rights protection during wartime and defends a theory of just war He also looks ahead to future developments in global institutional reform using cases from the Persian Gulf War Somalia Bosnia and Rwanda to illustrate his argument Controversial and timely perhaps the most important contribution *War and International Justice* A Kantian Perspective makes is with regard to the question of justice after war Orend offers a principled theory of war termination making an urgent plea to reform current international law **Cosmopolitanism versus**

Non-Cosmopolitanism Gillian Brock, 2013-07-11 The debate between cosmopolitans and non cosmopolitans flourishes Contributors continue to disagree over at least fourteen core issues analyzed in this work including these questions What is distinctive about a cosmopolitan approach to matters of justice What does the commitment to the ideal of moral equality entail for global justice Does membership in associations especially national ones matter to our duties to one another in the global context Does the global economic order violate the rights of the poor or harm their interests in ways that require reform or redress What is it to be a good world citizen and is this in conflict with local duties and being a good citizen of a state To what extent are cosmopolitan and special duties reconcilable Do cosmopolitan or non cosmopolitan theories provide a better account of our obligations or a more useful framework for mediating the interests of compatriots and non compatriots This timely volume advances the discussion on many of the questions over which cosmopolitans and non cosmopolitans continue to disagree All the chapters explore new work and contribute to advancing the debate and none has been published previously Together they demonstrate how nuanced and sophisticated some of the debate has become The variety of topics that the debate encompasses suggests that mastering the issues is important to understanding much contemporary moral and political theorizing
