The essays are written in the context of the so called tribal areas of the north eastern region of India. The base data in most cases have however been collected from Meghalaya, the Khasi Jaintia Hills in particular, my primary research universe. However, the ethnic groups living in the mountainous terrain of India's north east show a characteristic unity despite linguistic and cultural diversities that of being in a state of social format called tribal, facing similar problems of static life economy and under development. Added to this are the tensions generated in recent years when education and some waves of development reached the region and tribal self governing states in the Indian Union came in to being. Consequently, new issues have come into the fore, the issues relating to self assertion, retention of the age old cultural identity, the crisis of adjustment between tradition and modernity and above all the tensions of a change over from the tranquil folklife to modern hurly burly including those of the fast moving world in the days of globalization. Consequently, there also appeared a concern with folklore, the search for a lore of essential core to write a new history. Khasi Jaintia Oral Texts, Folklore and Development, Antithetic NorthEast India Mentalities, The Folklife and the Socio Psychological Issues of Development, Identity, Narrative, Ritual and Historical Jaintia Religion and Identity, Khasi Orality, Khasi Jaintia Genre of Folklore, The Nongkrem Dances of Khasi Meghalaya Hills, Dales and Groves, Folk Court, Popular Hermeneutics of Religious Practices. Boundaries and Borderlands Alka Acharya, 2022-07-21

The Simla Convention of 1914 held between Great Britain, China and Tibet demarcated the border between India and Tibet and gave birth to the McMahon Line. This volume critically examines the legacy of the 1914 Convention and explores its relevance in scholarly discourse about the status of Tibet and Sino Indian relations more than a hundred years later. The book discusses the significance of the Simla Convention both in terms of the geopolitics of boundaries as well as the people and the liminal borderlands they occupy, encapsulating the culture and diversity of the trans Himalayan regions. The book explicates how colonial legacies, namely the 1914 Simla Convention, have become virtual straitjackets hardening the positions on the boundaries between India and China. It also looks at the debilitating consequences of the nation state framework on more

substantial investigations of the borderlands Rich in archival material and drawing from the authors fieldwork in the Himalayan regions this book analyses muted voices of the inhabitants of the region to bring into focus the larger question of the political economic religious ecological and social life of the Himalayan peoples which has enormous implications for both India and China This volume will be of interest to students of history international relations sociology strategic studies Asian studies and anthropology

Himalayan Bridge Niraj Kumar, George van Driem, Phunchok Stobdan, 2020-11-18 The centrality of the Himalayas as a connecting point or perhaps a sacred core for the Asian continent and its civilisations has captivated every explorer and scholar The Himalaya is the meeting point of two geotectonic plates three biogeographical realms two ancient civilisations two different language streams and six religions This book is about the determinant factors which are at work in the Himalayas in the context of what it constitutes in terms of its spatiality legends and myths religious beliefs rituals and traditions The book suggests that there is no single way for understanding the Himalayas There are layers of structures imposition and superimposition of human history religious traits and beliefs that continue to shape the Asian dynamics An understanding of the ultimate union of the Himalayas its confluences and its bridging role is essential for Asian balance This book is a collaborative effort of an internationally acclaimed linguist a diplomat cum geopolitician and a young Asianist It provides countless themes that will be intellectually stimulating to scholars and students with varied interests Please note This title is co published with KW Publishers New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
