

The Christian philosopher has a perfect right to the point of view and prephilosophical assumptions he brings to philosophic work; the fact that these are not widely shared outside the Christian or theistic community is interesting but fundamentally irrelevant.

Philosophy From A Theistic Point Of View:

Four Views on Christianity and Philosophy Zondervan, 2016-09-13 Philosophy and Christianity make truth claims about many of the same things They both claim to provide answers to the deep questions of life But how are they related to one another *Four Views on Christianity and Philosophy* introduces readers to four predominant views on the relationship between philosophy and the Christian faith and their implications for life Each author identifies the propositional relation between philosophy and Christianity along with a section devoted to the implications for living a life devoted to the pursuit of wisdom The contributors and views include Graham Oppy Conflict Philosophy Trumps Christianity K Scott Oliphint Covenant Christianity Trumps Philosophy Timothy McGrew Convergence Philosophy Confirms Christianity Paul Moser Conformation Philosophy Reconceived Under Christianity General editors Paul M Gould and Richard Davis explain the background to the discussion and provide some historical background in the introduction as well as helpful summaries of each position in the conclusion In the reader friendly Counterpoints format this book helps readers to reflect on the strengths and weaknesses of each view and draw informed conclusions in this much debated topic *Philosophy of Theism* Alexander Campbell Fraser, 1896 *A Jaina Perspective on the Philosophy of Religion* Arvind Sharma, 2001 The philosophical significance of Jainism extends far beyond its statistical presence in India and the world for it lies in the unique quality of its thought This book is an attempt to take its insights into account for the light they shed on issues customarily debated in the Philosophy of Religion as it has evolved in the West *Analytic Philosophy of Religion: Its History Since 1955* Steven Duncan, 2016-10-10 This book is a reconstruction and interpretation of the development of analytic philosophy of religion in Britain and the United States with special reference to the debate over the existence of God and the problem of evil during the last fifty years It discusses Theism and Atheism Neo Thomism The Problem of Religious Language The Argument from Evil and the Origins of Inductivism The Inductivist Paradigm The Ontological Cosmological Argument and Teleological Arguments Post Deductivism and The Philosophy of Religion Today Steven M Duncan s other publications include *A Primer of Modern Virtue Ethics* UPA 1995 and *The Proof of the External World* Wipf and Stock 2008 A concise yet rigorous and substantive review of most of the important work that has been done in analytic philosophy of religion during the past half century It should prove valuable both to the professional philosopher and the student of philosophy This is a wonderful book Professor Paul Herrick

Philosophy of Theism Being the Gifford Lectures Delivered Before the University of Edinburgh in 1894-95. First [- Second] Series Alexander Campbell Fraser, 1896 *Essays on the Philosophy of Theism* William George Ward, 1884 *The Philosophical Basis of Theism* Samuel Harris, 1883 ***Theism in the Light of Present Science and Philosophy*** James Iverach, 1899 ***The Foundations of Philosophy*** Michael Pol Macneil, 2025-06-03 This work is about philosophy and what makes a philosophy distinctively Christian in character arguing that it is indeed possible for philosophy to be conceived of as first Christian and not just philosophy done by people that happen to be Christians Christian philosophy is epistemologically

self conscious philosophy conducted in a manner honoring to the revelation of the Hebrew and Christian scriptures It is argued that philosophy should be transformative rather than just therapeutic or elucidatory The author examines competing philosophical and scientific accounts from both the empiricist and rationalist schools arguing they are coherent and successful only to the degree that they have imported consciously or unconsciously Christian transcendentals He then applies this insight to explore the character and practice of a Christian political philosophy

Philosophy of Religion Louis J. Pojman, 2008-11-19 Covering the major issues of the field succinctly and lucidly this text takes an analytically rigorous approach and makes it accessible in presentation Pojman writes from an impartial perspective presenting various options and points of view while guiding students in their own search for truth within these often emotion laden crucial issues The text includes original discussions of religious experience the possibility that hope is an adequate substitute for belief and the relationship between ethics and religion

Knowledge Carlo Cellucci, 2017-03-29 This monograph addresses the question of the increasing irrelevance of philosophy which has seen scientists as well as philosophers concluding that philosophy is dead and has dissolved into the sciences It seeks to answer the question of whether or not philosophy can still be fruitful and what kind of philosophy can be such The author argues that from its very beginning philosophy has focused on knowledge and methods for acquiring knowledge This view however has generally been abandoned in the last century with the belief that unlike the sciences philosophy makes no observations or experiments and requires only thought Thus in order for philosophy to once again be relevant it needs to return to its roots and focus on knowledge as well as methods for acquiring knowledge Accordingly this book deals with several questions about knowledge that are essential to this view of philosophy including mathematical knowledge Coverage examines such issues as the nature of knowledge plausibility and common sense knowledge as problem solving modeling scientific knowledge mathematical objects definitions diagrams mathematics and reality and more This monograph presents a new approach to philosophy epistemology and the philosophy of mathematics It will appeal to graduate students and researchers with interests in the role of knowledge the analytic method models of science and mathematics and reality

Christian Philosophy Craig G. Bartholomew, Michael W. Goheen, 2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects *The Drama of Scripture* and *Living at the Crossroads* to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life **Philosophy of Religion**

Roy W. Perrett, 2013-10-15 First Published in 2001 No anthologist succeeds in including everyone's favorites so a few words about the principles of selection seem appropriate Firstly as with other volumes in this series priority has been given to journal articles rather than book chapters However some essential book chapters have been included and the introductions to each volume include references to significant books Secondly the emphasis throughout is on philosophical studies of Indian philosophy Consequently much excellent historical and philological work has been omitted Thirdly the desire to make Indian philosophy accessible to interested Western philosophers has meant not only that all the selections are in English but also that most of them use a minimal amount of unglossed Sanskrit terminology *Rudolf Otto and the Foundation of the History of Religions* Yoshitsugu Sawai, 2022-02-10 This book provides an up to date treatment of Rudolf Otto and his work placing him in the context of comparative religion theology and the philosophy of religion Yoshitsugu Sawai shows how Otto

has three faces the Lutheran Theologian the Philosopher of Religion and the Comparative Religionist The book also shows how of these Otto saw himself primarily as a Lutheran Theologian and provides an account of Otto s engagement with India and the centrality that Hindu theology had on his thinking In Otto s theory of religion his well known concepts including wholly other and numinous constitute a multiple structure of meaning For example his concept of the wholly other das ganz Andere no doubt has the meaning of God in his Christian theological studies At the same time however from the perspective of comparative religion or the phenomenology of religion this same term semantically implies the ultimate reality of other religious traditions Brahman and God Isvara in Hindu religious tradition as well as God in Christianity

The Philosophy of Reenchantment Michiel Meijer, Herbert De Vriese, 2020-10-27 This book presents a philosophical study of the idea of reenchantment and its merits in the interrelated fields of philosophical anthropology ethics and ontology It features chapters from leading contributors to the debate about reenchantment including Charles Taylor John Cottingham Akeel Bilgrami and Jane Bennett The chapters examine neglected and contested notions such as enchantment transcendence interpretation attention resonance and the sacred or reverence worthy notions that are crucial to human self understanding but have no place in a scientific worldview They also explore the significance of adopting a reenchanting perspective for debates on major concepts such as nature naturalism God ontology and disenchantment Taken together they demonstrate that there is much to be gained from working with a more substantial and affirmative concept of reenchantment understood as a fundamental existential orientation towards what is seen as meaningful and of value The Philosophy of Reenchantment will be of interest to scholars and advanced students in philosophy especially those working in moral philosophy metaphysics philosophy of religion theology religious studies and sociology

Theism and Cosmology John Laird, 2013-05-02 Theism is one of the major types of metaphysics and cosmology is the general theory of the whole wide world Must the world have an over worldly source or any source Would space crumble unless God perpetually sustained it by his brooding omnipresence Is all power properly understood divine power These large questions never out of date are examined by Professor Laird in the light of contemporary philosophy This seminal work originally published in 1940 is a lucid and profound discussion in theological philosophy

Philosophy From A Theistic Point Of View Introduction

In the digital age, access to information has become easier than ever before. The ability to download Philosophy From A Theistic Point Of View has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Philosophy From A Theistic Point Of View has opened up a world of possibilities. Downloading Philosophy From A Theistic Point Of View provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Philosophy From A Theistic Point Of View has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Philosophy From A Theistic Point Of View. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Philosophy From A Theistic Point Of View. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Philosophy From A Theistic Point Of View, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Philosophy From A Theistic Point Of View has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical

downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
