Philosophy Of Law An Encyclopedia Volume 1:

Law and Justice in Community Garrett Barden, Tim Murphy, 2010-08-19 The origins of civil society and the function of law Justice ownership and law Natural justice and conventional justice Justice and the trading order Adjudication and interpretation Morality law and legislation Natural law Rights The force of law The authority and legitimacy of law The World's Legal Philosophies Fritz Berolzheimer,1912 The present volume is the second of his five volume work published by Beck at Munich 1904 1907 under the title System der rechts und wirtschaftsphilosophie The Philosophy of Law Christopher Berry Gray, 1999 This encyclopedia offers systematic and sustained coverage of the many dimensions of legal thought and gives expression to the breadth and depth of the philosophy of law The Universal Jewish Encyclopedia ... Isaac Landman, Simon Cohen, 1942 Marx's Discourse with Hegel N. Levine, 2012-02-21 The end of Stalinist Russia China's change under Deng Xiaoping and the publication of previously unexplored documents of Marx in the MEGA2 opened a new epoch in the analysis of Marx Marx s Discourse With Hegel is both a product and contribution to this rebirth of Marxism by its reformulation of the relationship between Hegel and Marx **Understanding Private Law** Evan Fox-Decent, John C. P. Goldberg, Lionel Smith, 2025-01-23 This book engages with some of Stephen A Smith's most significant arguments illustrating that he was a towering figure in the field of private law with little of the field not impacted by his scholarship The contributors explore Professor Smith s most controversial thinking on private law Interrogating questions of contract law remedies unjust enrichment comparative law and the legal theory underlying these fields this is an important The Functions of Law Kenneth M. Ehrenberg, 2016 This book seeks to contribute to a legal publication in the field positivist picture of law by defending two metaphysical claims about law and investigating their methodological implications One claim is that the law is a kind of artifact a thoroughgoing human creation for performing certain tasks or accomplishing certain goals That is artifacts are generally understood in terms of their functions When discussing artifacts the notion of function need not be as mysterious or problematic as might be the case with biological functions. The other claim is that the law is an institution a specific kind of artifact that creates artificial roles which allow for the establishment and manipulation of rights and duties among those subject to the institution The methodological implication of this picture of law is that it is best understood in terms of the social functions that it performs and that the job of the legal philosopher is to investigate those functions. This position is advanced against non positivist theories of law that nonetheless rely upon notions of law s function and is also advanced against positivist pictures that tend to de emphasize or overlook the central role that function must play to understand the nature of law One key implication of this picture is that it can help explain how law might give people reasons to act beyond its use of force to do **Notable Czech and Slovak Americans** Miloslav Rechcigl Jr., 2021-12-14 The contribution to the development and culture of America by the immigrants from the territory of former Czechoslovakia be they Czechs or Slovaks or Bohemians as they used to be called has been enormous Yet little has been

written about the subject This compendium is part of an effort to correct this glaring deficiency In this compendium the focus is on religion law and jurisprudence business and entrepreneurship and the notable people in the government with the narration and assessment about the Czechoslovak American explorers adventurers and pioneers who paved the way for the colonists and settlers who followed them An important role among them played the social movement activists some of whose ideas won the respect and ultimately acceptance by general population to which subject an entire section has been devoted Among other you will find among them abolitionists freethinkers suffragists civil human rights activists environmentalists and conservationists climate change activists philanthropists inventors and even futurists or futurologists Their innovative ideas inevitably led to the rise of the plethora of Czech and Slovak American leaders encompassing practically every aspect of human endeavor As stated in the Foreword this reference will serve as a powerful research tool for many years to come for scholars and all Czechs and Slovaks on both sides of the Atlantic General Theory of Law Nikolaĭ Mikhaĭlovich Korkunov.1909 T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields **Legal Republicanism** Samantha Besson, José Luis Martí, 2009-03-26 Interest in republicanism as a political theory has burgeoned in recent years but its implications for the understanding of law have remained largely unexplored Legal Republicanism is the first book to offer a comprehensive critical survey of the potential for creating republican accounts of fundamental issues in law and legal theory Bringing together contributors with backgrounds in political and legal philosophy the essays in the volume assess republicanism s historical traditions conceptual coherence and normative proposals The collection offers a valuable insight into new debates taking place in republican political and legal theory It also analyses potential republican approaches to concrete issues arising in areas of law such as criminal constitutional and international law Finally the book includes comparisons between republican legal traditions and how they react to contemporary challenges The book will be of value to political and democratic theorists to legal philosophers and constitutional theorists and all those interested in the legitimacy of decision making in national and international settings Guide to the Law and Legal Literature of Spain Thomas W. Palmer (Ir.).1915 American Learned Men and Women with Czechoslovak Roots Mila Rechciql, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots

That s what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i e Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethical background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1970 and thus less objective Critical Legal Study of the Ideology Behind Solvency II Kristina Loguinova, 2019-10-17 This book analyzes the impact of Solvency II In recent years EU legislators have sought to introduce fundamental reforms Whether these reforms were indeed fundamental is critically investigated with regard to a post crisis piece of financial legislation affecting the EU s largest institutional investors Solvency II Namely the last financial and economic crisis the worst financial catastrophe of the last decade revealed that financial law in particular was not sufficiently mature to maintain the existence of a robust and trust worthy financial system that could protect society from economic decline The work also makes concrete recommendations on achieving a more sustainable future As such it offers a valuable resource for anyone who is interested in the financial system the EU political economy insurance sustainability and Critical Legal Studies Law and Mind Bartosz Brożek, Jacob Cornelis Hage, Jaap Hage, Nicole Vincent, 2021-04-29 This volume offers a novel look at the intricate relationship between the cognitive sciences and various dimensions of the law Cicero's Social and Political Thought Neal Wood, 1991-02-20 In this close examination of the social and political thought of Marcus Tullius Cicero 106 43 B C Neal Wood focuses on Cicero s conceptions of state and government showing that he is the father of constitutionalism the archetype of the politically conservative mind and the first to reflect extensively on politics as an activity Taking Law Seriously James Goudkamp, Mark Lunney, Leighton McDonald, 2022-01-27 This book celebrates the scholarship of Peter Cane The significance and scale of his contributions to the discipline of law over the last half century cannot be overstated In an era of increasing specialisation Cane stands out on account of the unusually broad scope of his interests which extend to both private and public law in equal measure This substantive breadth is combined with remarkable doctrinal historical comparative and

theoretical depth This book is written by admirers of Cane s work and the essays probe a wide range of issues especially in administrative law and tort law Consistently with the international prominence that Cane s research has enjoyed the contributors are drawn from across the common law world The volume will be of value to anyone who is interested in Cane s towering contributions to legal scholarship and administrative law and tort law more generally **Ethics, Law and Society** Jennifer Gunning,2022-07-30 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics Law Society It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts The contributors collect responses to issues arising from high profile cases such as the legitimacy of war in Iraq to physician related suicide The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines The Japan Annual of Law and Politics, 1962
