Divination and the Shamanic Story Michael Berman,2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work **Rethinking Fundamental Theology** Gerald O'Collins,2011-05-27 This book identifies the distinguishing features of fundamental theology as distinct from philosophical theology natural theology apologetics and other similar disciplines Addressing the potential for confusion about basic Christian claims and beliefs Gerald O Collins sets out to relaunch fundamental theology as a discipline by presenting a coherent vision of basic theological questions and positions that lay the ground for work in specific areas of systematic theology Rethinking Fundamental Theology examines central theological questions about God human experience and specifically religious experience the divine revelation coming through the history of Israel and through the life death and resurrection of Jesus human faith that responds to revelation the nature of tradition that transmits the record and reality of revelation the structure of biblical inspiration and truth as well as basic issues concerned with the formation of the canon the founding of the Church with some leadership structures the relationship between Christ's revelation and the faith of those who follow other religions O Collins concludes with some reflections on theological method Written with the scholarship and accessibility for which O Collins is known and valued this book will relaunch fundamental theology as a distinct and necessary discipline in faculties and departments of theology and religious studies around the world **God, Humanity, and the Universe** Alexei V.
