**Philosophy, Politics and Economics** ,2014      **Political Philosophy In the Moment** Jim Josefsen,2019-05-13 *Political Philosophy In the Moment* uncovers the political power of narrative by both telling and explaining the stories that frame our ability to be in the moment In a series of eleven short stories Jim Josefsen presents

the history of political philosophy and Hannah Arendt's alternative and aesthetic form of politics. In the early stories Josefson recounts how the four main traditions of political philosophy: Platonism, Aristotelianism, liberalism, and historicism promise truth but deny us the freedom available in reality. Then he reviews the alternative narratives offered by thinkers like Kierkegaard, Nietzsche, and Heidegger which influenced Arendt's view. The final chapters chart Arendt's route back to the Moment, the freedom to read and tell a fuller story about the beauty and horrors that appear in the world. A page-turning book of short stories and a tour through the greatest works of political philosophy, *Political Philosophy In the Moment* is as approachable, comprehensible, and welcoming as a fairy tale, ideally suited for students of contemporary political theory and anyone interested in political thought.
