Philosophy Culture And Religion Mind Language And World:

The Collected Essays of Bimal Krishna Matilal: Ethics and epics Bimal Krishna Matilal, 2015 The unifying motif of Bimal Krishna Matilal's work is the study of rational traditions in Indian philosophical thought. With his ability to span the divide between the Indian and Western intellectual traditions, he brought contemporary techniques of analytical philosophy to bear upon the issues raised in classical Indian philosophy and conversely to highlight the relevance of Indian thought in the modern world. From analyses of the arguments of the classical philosophers to an evaluation of the role of philosophy in classical Indian society, from critique of Western perceptions of Indian philosophy to reflection on the thought of Indian intellectuals like Bankimchandra and Radhakrishnan, the two volumes bring together rare and landmark essays. This volume includes sections on dharma, rationality and moral dilemmas, epics and ethics, pluralism, relativism and interaction between cultures, ideas from the East and concepts in Indian religions. The companion volume *Mind, Language and World* deals with scepticism and mysticism, Nyaya realism, Indian Buddhism, Sanskrit semantics and philosophy in India, perceptions and problems.

The Collected Essays of Bimal Krishna Matilal, 2015 **The Future of Hindu-Christian Studies**
Francis Clooney, 2017-07-14 The field of Hindu-Christian studies revives theology as a particularly useful interreligious discipline. Though a sub-division of the broader Hindu-Christian dialogue, it is also a distinct field of study proper to a smaller group of religious intellectuals. At its best, it envisions a two-sided mutual conversation grounded in scholars' knowledge of their own tradition and of the other. Based on the Westcott Teape Lectures given in India and at the University of Cambridge, this book explores the possibilities and problems attendant upon the field of Hindu-Christian Studies, the reasons for occasional flourishing and decline in such studies and the fragile conditions under which the field can flourish in the 21st century. The chapters examine key instances of Christian-Hindu learning, highlighting the Jesuit engagement with Hinduism, the modern Hindu reception of Western thought and certain advances in the study of religion that enhance intellectual cooperation. This book is a significant contribution to a sophisticated understanding of Christianity and Hinduism in relation. It presents a robust defense of comparative theology and of Hindu-Christian Studies as a necessarily theological discipline. It will be of wide interest in the fields of Religious Studies, Theology, Christianity and Hindu Studies. *Early Buddhist*

Metaphysics Noa Ronkin, 2005-02-28 This book provides a philosophical account of the major doctrinal shift in the history of early Theravada tradition in India: the transition from the earliest stratum of Buddhist thought to the systematic of the Pali Abhidhamma movement.

Jain Approaches to Plurality Melanie Barbato, 2017-09-18 In *Jain Approaches to Plurality*, Melanie Barbato offers a new perspective on the Jain teaching of plurality (*anekāntavāda*) and how it allowed Jains to engage with other discourses from Indian inter-school philosophy to global interreligious dialogue. Jainism, one of the world's oldest religions, has managed to both adapt and preserve its identity across time through its inherently dialogical outlook. Drawing on a wide range of textual sources and original research in India, Barbato analyses the encounters between Jains and non-

Jains in the classical colonial and global context Jain Approaches to Plurality offers a comprehensive introduction to anekantavada as a non Western resource for understanding plurality and engaging in dialogue Building upon earlier work in this field without simply reduplicating it Melanie Barbatos work delves deeply into the question of the relevance of Jain approaches to religious and philosophical diversity to contemporary issues of inter religious dialogue and dialogues across worldviews more generally This work is a most welcome contribution to the conversation Jeffery D Long Professor of Religion and Asian Studies Elizabethtown College April 2017 Author of Jainism An Introduction **Mind, Language and World** Bimal Krishna Matilal,2002 A scholar of eminence in the field of Indian Philosophy Bimal K Matilal was one of the leading exponents of Indian logic and epistemology Painstakingly compiled from Matilals huge body of work this collection of essays includes a set of previously unpublished essays and reveals the extraordinary depth of Matilals philosophical interests

Envisioning Voice and the Aphasic Ears D Venkat Rao,2025-04-30 This book explores the possibility of using Sanskrit as a basis for rethinking human thought and reflection challenging the dominance of European intellectual traditions Sanskrit with its vast historical spread across Central South and Southeast Asia as well as Europe offers a unique reflective idiom that contrasts with the European conceptual frameworks that still dominate contemporary thinking in areas such as language art reason justice and politics The book argues that European thinkers despite acknowledging a shared linguistic root with Sanskrit Indo European have followed a very different intellectual path one that has historically been violent and continues to fuel contemporary conflicts In contrast Sanskrits long history of coexistence with diverse languages cultures and polities offers alternative possibilities for understanding justice and coexistence in today s globalized world By comparing the reflective traditions of Sanskrit with European philosophical and linguistic categories the book seeks to demonstrate how Sanskrit offers a more inclusive less confrontational model for engaging with the world The book engages with Sanskrit texts European philosophers and language theorists to substantiate its claims It argues that such a cross cultural examination which brings together the reflective traditions of both heritages is necessary for a new kind of intellectual inquiry one that moves beyond the entrenched paradigms of European thought and opens up new possibilities for coexistence and understanding Indian Knowledge System Dr. Priya, Dr. Ashok kumar Yadav and Dr. Reeba
