Political Theory on Death and Dying Erin A. Dolgoy, Kimberly Hurd Hale, Bruce Peabody, 2021-09-14 Political Theory on Death and Dying provides a comprehensive encyclopedic review that compiles and curates the latest scholarship research and debates on the political and social implications of death and dying Adopting an easy to follow chronological and multi disciplinary approach on 45 canonical figures and thinkers leading scholars from a diverse range of fields including political science philosophy and English discuss each thinker's ethical and philosophical accounts on mortality and death Each chapter focuses on a single established figure in political philosophy as well as religious and literary thinkers covering classical to contemporary thought on death Through this approach the chapters are designed to stand alone allowing the reader to study every entry in isolation and with greater depth as well as trace how thinkers are influenced by their predecessors A key contribution to the field Political Theory on Death and Dying provides an excellent overview for students and researchers who study philosophy of death the history of political thought and political philosophy

The Oxford Handbook of Philosophy of Death Ben Bradley, Fred Feldman, Jens Johansson, 2015 This Handbook consists of 21 new essays on the nature and value of death the relevance of the metaphysics

of time and personal identity for questions about death the desirability of immortality and the wrongness of killing

Immortality and the Philosophy of Death Michael Cholbi, 2015-12-02 Death comes for us all eventually Philosophers have long been perplexed by how we ought to feel about death Many people fear death and believe that death is bad for the person who dies But is death bad for us and if so how is its badness best explained If we do not survive death if death is simply a state of nothingness how can death be bad for us If death is bad for us do we have good reason to live as long as possible Would an immortal life really be a good human life or would even an immortal life eventually become tedious and make us long for mortality This volume presents fourteen philosophical essays that examine our attitudes toward mortality and immortality The topics addressed have become more urgent as scientists attempt to extend the human lifespan perhaps even indefinitely This book invites the reader to critically appraise his or her own attitudes toward death and immortality by exploring the ethical metaphysical and psychological complexities associated with these issues **Handbook of Death and**

Dying Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and consequently treats death and dying in its own individual ways ways that differ markedly These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical educational religious and political implications The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work This two volume handbook will provide direction and momentum to the study of death related behavior for many years to come Key Features More than 100 contributors representing authoritative expertise in a diverse array of disciplines Anthropology Family Studies History Law Medicine Mortuary Science Philosophy Psychology Social work Sociology Theology A distinguished editorial board of leading scholars and researchers in the field More than 100 definitive essays covering almost every dimension of death related behavior Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern Journal article length essays that address topics with appropriate detail Multidisciplinary and cross cultural coverage **Death** Geoffrey Scarre, 2007-01-01 **Annihilation** Christopher

Belshaw, 2014-12-05 The ever present possibility of death forces upon us the question of life s meaning and for this reason death has been a central concern of philosophers throughout history From Socrates to Heidegger philosophers have grappled with the nature and significance of death In Annihilation Christopher Belshaw explores two central questions at the heart of philosophy s engagement with death what is death and is it bad that we die Belshaw begins by distinguishing between literal and metaphorical uses of the term and offers a unified and biological account of death denying that death brings about non existence How our death relates to the death of the brain is explored in detail Belshaw considers the common sense view that death is often bad for us by examining the circumstances that might make it bad as well as the grounds for thinking that one death can be worse than another In addition Belshaw explores whether we can be harmed after we die and before we were

born The final chapters explore whether we should prevent more deaths and whether via cryonics brain transplants data storage we might cheat death Throughout Belshaw shows how questions of personhood and life's value are bound up with our views on the sense and significance of death Annihilation's in depth analysis and insightful exposition will be welcomed not only by philosophers working on the metaphysics of death but also by students and scholars alike looking for a foundation for discussions of the ethics of abortion euthanasia life support and suicide

Madness and Death in Philosophy Ferit Guven, 2005-03-17 Demonstrates the significance of the concepts of madness and death for the history of philosophy The Philosophy of Death Andrew J. Davis, 1995 Omnipotent Laws in nature not religious beliefs of human beings govern birth on earth and continuity of personal individual consciousness forever Have you prepared yourself or a dear relative how to die a facsimile of A J Davis article an

The Metaphysics of Death John Martin Fischer, 1993 This collection of seventeen essays deals with the metaphysical as opposed to the moral issues pertaining to death For example the authors investigate among other things the issue of what makes death a bad thing for an individual if indeed death is a bad thing This issue is more basic and abstract than such moral questions as the particular conditions under which euthanasia is justified if it is ever justified Though there are important connections between the more abstract questions addressed in this book and many contemporary moral issues such as euthanasia suicide and abortion the primary focus of this book is on metaphysical issues concerning the nature of death What is the nature of the harm or bad involved in death If it is not pain what is it and how can it be bad Who is the subject of the harm or bad if the person is no longer alive how can he be the subject of the bad An if he is not the subject who is Can one have harm with no subject When does the harm take place Can a harm take place after its subject ceases to exist If death harms a person can the harm take place before the death occurs If death can be a bad thing would immortality be a desirable alternative This family of questions helps to frame the puzzle of why and how death is bad Other subjects addressed include the Epicurean view that death is not a misfortune for the person who dies the nature of misfortune and benefit the meaningfulness and value of life and the distinction between the life of a person and the life of a living creature who is not a person There is an extensive bibliography that includes science fiction treatments of death and immortality

Heidegger, Plato, Philosophy, Death Richard Rojcewicz, 2021-09-27 Richard Rojcewicz's Heidegger Plato Philosophy Death An Atmosphere of Mortality offers an original perspective on the bond between philosophy and death in the thought of Martin Heidegger and Plato For Heidegger authentic being toward death is not preoccupation with death as such nor resoluteness in the face of one's demise but preoccupation with the meaning of the beings ourselves who comport themselves understandingly toward death and who breathe an atmosphere of mortality Authentic dying is then nothing other than the practice of philosophy For Plato philosophy is the practice of dying the separating of the soul to its own autonomous existence This separation however is not that of the soul from the body Instead it is separation from common understanding hearsay everydayness and mediocrity Accordingly both Heidegger and Plato see an intimate connection between philosophy

and death Rather than a morbid focus on negativity and dissolution however this connection leads to a call to being authentic thinking for oneself and repudiating the superficiality of the crowd For both Heidegger and Plato philosophizing and dying are most concretely a matter of heeding the Delphic oracle Know thyself Rojcewicz pursues this theme of philosophy and death through the topics of signs anxiety conscience music and the COVID 19 pandemic **Philosophy of Death & Dying** M. V. Kamath,1978 **The Role of Death in Life** Fr. John Behr,Conor Cunningham,2015-08-31 The relation between life and death is a subject of perennial relevance for all human beings and indeed the whole world and the entire universe in as much as according to the saying of ancient Greek philosophy all things that come into being pass away Yet it is also a topic of increasing complexity for life and death now appear to be more intertwined than previously or commonly thought Moreover the relation between life and death is also one of increasing urgency as through the twin phenomena of an increase in longevity unprecedented in human history and the rendering of death dying and the dead person all but invisible people living in the industrialized and post industrialized Western world of today have lost touch with the reality of death This radically new situation and predicament has implications medical ethical economic philosophical and not least theological that have barely begun to be addressed This volume gathers together essays by a distinguished and diverse group of scientists theologians philosophers and health practitioners originally presented in a symposium sponsored by the John Templeton Foundation *Immortality and the Philosophy of Death* Michael Cholbi,2015-12-02 Death comes for us all eventually Philosophers have long been perplexed by how we ought to feel about death Many people fear death and believe that death is bad for the person who dies But is death bad for us and if so how is its badness best explained If we do not survive death if death is simply a state of nothingness how can death be bad for us If death is bad for us do we have good reason to live as long as possible Would an immortal life really be a good human life or would even an immortal life eventually become tedious and make us long for mortality This volume presents fourteen philosophical essays that examine our attitudes toward mortality and immortality The topics addressed have become more urgent as scientists attempt to extend the human lifespan perhaps even indefinitely This book invites the reader to critically appraise his or her own attitudes toward death and immortality by exploring the ethical metaphysical and psychological complexities associated with these issues Heidegger, Plato, Philosophy, Death Richard Rojcewicz,2021-09-27 Richard Rojcewicz s Heidegger Plato Philosophy Death An Atmosphere of Mortality offers an original perspective on the bond between philosophy and death in the thought of Martin Heidegger and Plato For Heidegger authentic being toward death is not preoccupation with death as such nor resoluteness in the face of one s demise but preoccupation with the meaning of the beings ourselves who comport themselves understandingly toward death and who breathe an atmosphere of mortality Authentic dying is then nothing other than the practice of philosophy For Plato philosophy is the practice of dying the separating of the soul to its own autonomous existence This separation however is not that of the soul from the body Instead it is separation from common understanding

Psychology of Death and Dying John C. Morgan, Richard L. Morgan, 2006-04-01 Sooner or later each one of us faces death our own or others we care about And yet few take time beforehand to think about these endings and in the process may lose the wisdom of the ages that comes after facing death Perhaps this explains why when Plato was asked to summarize his philosophy he reportedly said Practice dying He understood that dying is what each one of us does throughout our lives whether it is leaving home the first time to go to school or departing from this planet when our lives end If we learn how to die to let go and get our egos out of the way we will have gained wisdom about how best to live This brief yet comprehensive book deals not only with the philosophical and psychological meaning of death but its practical implications for our lives Written by two brothers who have taught philosophy ethics psychology and religion at community colleges and four year private colleges this book can be used in many learning situations whether part of courses in philosophy ethics psychology or counseling or for short term workshops or continuing education courses for students in human services health care social work or any of the helping professions
