Philosophy of Love: How Great Thinkers in History Explain the Nature of Love

Philosophy Of Love

**Robert C. Solomon, Kathleen Marie
Higgins**

Philosophy Of Love:

The Meanings of Love Robert E. Wagoner, 1997-05-21 This introductory text offers a clear concise look at the philosophy of love The author s presentation assumes no previous knowledge of philosophy providing the humanities student with an insightful introduction to some of the most prominent writers and philosophers both ancient and modern From the dialogues of Plato to the writings of feminist philosopher Luce Irigaray Wagoner presents six major ideas of love erotic love Christian love romantic love moral love love as power and mutual love This study asserts that even though we have only one word for love six fundamentally different meanings can be distinguished erotic love Christian love romantic love moral love love as power and mutual love Wagoner identifies each of these ideas of love in terms of the special meaning it brings to experience No one meaning is comprehensive Each is shown to have a logic and legitimacy of its own Why each view seems real and compelling is the focus of separate discussions as well as the price that may be exacted by each idea The extent to which these ideas throw light on actual experience is striking but the book is not an empirical or psychological inquiry How one self finds itself in another is first defined and then explored further to see how this shapes the rational and sexual aspects of life

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world s best thinkers have brought and continue to bring to the study of love

Philosophy of Love in the Past, Present, and Future André Grahle, Natasha McKeever, Joe Saunders, 2022-01-25 This volume features original essays on the philosophy of love The essays are organized thematically around the past present and future of philosophical thinking about love In Part I the contributors explore what we can learn from the history of philosophical thinking about love The chapters cover Ancient Greek thinkers namely Plato and Aristotle as well as Kierkegaard s critique of preferential love and Erich Fromm s mystic interpretation of sexual relations Part II covers current conceptions and practices of love These chapters explore how love changes over time the process of falling in love the erotic dimension of romantic love and a new interpretation of grand parental love Finally Part III looks at the future of love These chapters address technological developments related to love such as algorithm driven dating apps and robotic companions as well as the potential of polyamory as a future romantic ideal This book will be of interest to researchers and advanced students in moral philosophy and social and political philosophy who are working on issues related to the philosophy of love

Philosophy of Love Irving Singer, 2011-01-07 The author of the classic philosophical treatment of love reflects on the trajectory over decades of his thoughts on love and other topics In 1984 Irving Singer published the first volume of what would become a classic and much acclaimed trilogy on love Trained as an analytical philosopher Singer first approached his subject with the tools of current philosophical methodology Dissatisfied by the initial results finding the chapters he had written just dreary and unproductive

of anything he turned to the history of ideas in philosophy and the arts for inspiration. He discovered an immensity of speculation and artistic practice that reached wholly beyond the parameters he had been trained to consider truly philosophical. In his three volume work *The Nature of Love*, Singer tried to make sense of this historical progression within a framework that reflected his precise distinction making and analytical background. In this new book he maps the trajectory of his thinking on love. It is a partial summing up of a lifework, partial because it expresses the author's still unfolding views because it is a recapitulation of many published pages because love like any subject of that magnitude resists a neatly comprehensive all inclusive formulation. Adopting an informal even conversational tone, Singer discusses among other topics the history of romantic love, the Platonic ideal, courtly and nineteenth century Romantic love, the nature of passion, the concept of merging and his critique of it, ideas about love in Freud, Schopenhauer, Nietzsche, Dewey, Santayana, Sartre and other writers, and love in relation to democracy, existentialism, creativity and the possible future of scientific investigation. Singer's writing on love embodies what he has learned as a contemporary philosopher studying other authors in the field and trying to get a little further. This book continues his trailblazing explorations.

Philosophy of Love, Sex, and Marriage Raja Halwani, 2010-05-26 How is love different from lust or infatuation? Do love and marriage really go together like a horse and carriage? Does sex have any necessary connection to either? And how important are love, sex and marriage to a well lived life? In this lively, lucid and comprehensive textbook, Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships, exploring the nature, uses and ethics of romantic love, sexuality and marriage. The book is structured in three parts. Love begins by examining how romantic love differs from other types of love such as friendship and parental love. It asks which properties of love are essential, whether people have a choice in whom they love and whether lovers have moral obligations to one another that differ from those they owe to others. Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure, naturalness and moral permissibility. It offers theoretical and applied ethical approaches to a wide range of sexual phenomena. Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry. It also surveys accounts of why people should or should not marry and introduces the main arguments for and against gay marriage. Features include suggestions for further reading, online eResource site with downloadable discussion questions, a clear jargon free writing style.

The Natural Philosophy of Love Remy de Gourmont, 2019-11-25 In *The Natural Philosophy of Love*, Remy de Gourmont explores the multifaceted nature of love through a philosophical lens, melding literary finesse with psychological insight. His prose, characterized by poetic elegance and intellectual rigor, delves deep into the complexities of human emotions, rejecting simplistic interpretations and advocating for a nuanced understanding of desire, companionship and the human experience. Published in the early 20th century, the book reflects the burgeoning interest in psychoanalysis and existential thought, positioning love not merely as an emotional state but as a profound philosophical inquiry. Remy de

Gourmont was a pivotal figure within the Symbolist movement noted for his unconventional views and innovative literary style. His extensive writings across various genres—literary criticism, poetry, and philosophy—reveal his preoccupation with the interplay of emotion and intellect. Gourmont's own experiences in a rapidly changing society laden with modernist anxieties shaped his contemplative approach to love, revealing a persistent longing to reconcile personal connection with intellectual understanding. This book is an essential read for anyone interested in the philosophical dimensions of love and relationships. It invites readers to reflect on their own experiences and assumptions about love, challenging them to engage with this profound theme in a deeply insightful and rewarding manner.

Philosophy and Love Linnell Secomb, 2007. *Philosophy and Love* introduces historical and contemporary philosophical reflections on love. It brings together philosophy with cultural analysis to provide an accessible and engaging account of conventional theories of love as well as the controversial reformulations evident in same-sex desire, cross-cultural love, and internet romance. Starting with Plato but focusing especially on contemporary European philosophy, this book introduces figures such as Nietzsche, Beauvoir, Irigaray, Derrida, and Fanon. Explaining these philosophical approaches in clear and accessible terms, *Philosophy and Love* also engages with cultural productions ranging from Sappho to Frankenstein and from Hiroshima to *Mon Amour* to *Desperate Housewives*, enabling an exchange between philosophical and cultural theories. Love stories are also central to this interdisciplinary book, revealing the ethical and the political as well as the personal implications of lovers' discourses. Embracing both the sentimental and the political, this deconstructive reading discloses the paradoxes, conflicts, and intensities of the love relation. Features: Introduces and explains the philosophies for beginners; Focuses on current controversial issues; Provides a philosophical overview alongside examples from popular culture.

The Routledge Handbook of Love in Philosophy Adrienne M. Martin, 2019-01-15. *The Routledge Handbook of Love in Philosophy* collects 39 original chapters from prominent philosophers on the nature, meaning, value, and predicaments of love, presented in a unique framework that highlights the rich variety of methods and traditions used to engage with these subjects. This volume is structured around important realms of human life and activity, each of which receives its own section: I Family and Friendship; II Romance and Sex; III Politics and Society; IV Animals, Nature, and the Environment; V Art, Faith, and Meaning; VI Rationality and Morality; VII Traditions, Historical and Contemporary. This last section includes chapters treating love as a subject in both Western and non-Western philosophical traditions. The contributions, all appearing in print here for the first time, are written to be accessible and compelling to non-philosophers and philosophers alike, and the volume as a whole encourages professional philosophers, teachers, students, and lay readers to rethink standard constructions of philosophical canons.

The Philosophy of Love Elinor Glyn, 2013-04. This early work by Elinor Glyn was originally published in 1923 and we are now republishing it with a brand new introductory biography. *The Philosophy of Love* is a great work of romantic fiction by the author of *Three Weeks*. She was the youngest daughter of a civil engineer, Douglas Southerland, and his wife Elinor Saunders. Elinor Glyn began her writing career in 1900 and was a pioneer

of the risqué and romantic fiction genre She went on to write many popular books such as *Beyond the Rocks* 1906 *Love's Blindness* 1926 and *It* 1927 in which she coined the term *It* meaning the animal magnetism that some individuals possess

What Love Is Carrie Jenkins, 2017-01-24 A rising star in philosophy examines the cultural social and scientific interpretations of love to answer one of our most enduring questions What is love Aside from being the title of many a popular love song this is one of life's perennial questions In *What Love Is* philosopher Carrie Jenkins offers a bold new theory on the nature of romantic love that reconciles its humanistic and scientific components Love can be a social construct the idea of a perfect fairy tale romance and a physical manifestation those anxiety inducing heart palpitations we must recognize its complexities and decide for ourselves how to love Motivated by her own polyamorous relationships she examines the ways in which our parameters of love have recently changed to be more accepting of homosexual interracial and non monogamous relationships and how they will continue to evolve in the future Full of anecdotal cultural and scientific reflections on love *What Love Is* is essential reading for anyone seeking to understand what it means to say I love you Whether young or old gay or straight male or female polyamorous or monogamous this book will help each of us decide for ourselves how we choose to love

[The Oxford Handbook of the Philosophy of Love](#) Christopher Grau, Aaron Smuts, 2024 The *Oxford Handbook of Philosophy of Love* offers a wide array of original essays on the nature and value of love The editors Christopher Grau and Aaron Smuts have assembled an esteemed group of thinkers including both established scholars and younger voices The volume contains thirty three essays addressing both issues about love as well as key philosophers who have contributed to the philosophy of love such as Plato Kierkegaard Schopenhauer and Murdoch The topics range from central issues about the nature and variety of love the possibility of its rational justification and whether it is an emotion to the significance of love for law economics morality and free will The volume also contains an introduction to the subject as well as essays on love's relation to jealousy religion knowledge biotechnology and several other topics This wide ranging handbook will be a key resource for specialists working on the philosophy of love and a helpful guide for those looking to learn more about the area

Philosophies of Love David L. Norton, Mary F. Kille, 1989-01-18 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com

Meaning in Life, Volume 2 Irving Singer, 2009-12-30 An acclaimed philosopher offers a systematic mapping of the various facets of love In his widely acclaimed trilogy *The Nature of Love* Irving Singer traced the development of the concept of love in history and literature from the Greeks to the twentieth century In this second volume of his *Meaning in Life* trilogy Singer returns to the subject of his earlier work exploring a different approach Without denying his previous emphasis on the role of imagination and creativity in this book Singer investigates the ability of them both to make one's life meaningful A systematic mapping of the various facets of love including sexual love love in society and religious love *The Pursuit of Love* is an extended essay that offers Singer's own philosophical and psychological theory of love Rich in insight into literature the history of ideas and the complexities of our being *The Pursuit*

of Love is a thought provoking inquiry into fundamental aspects of all human relationships A Philosophical History of Love Wayne Cristaudo, 2012-08-14 A Philosophical History of Love explores the importance and development of love in the Western world Wayne Cristaudo argues that love is a materializing force a force consisting of various distinctive qualities or spirits He argues that we cannot understand Western civilization unless we realize that within its philosophical and religious heritage there is a deep and profound recognition of love s creative and redemptive power Cristaudo explores philosophical love the love of wisdom and the love of God and neighbor The history of the West is equally a history of phantasmic versions of love and the thwarting of love Thus the history of our hells may be seen as the history of love s distortions and the repeated pseudo victories of our preferences for the phantasms of love Cristaudo argues that the catastrophes from our phantasmic loves threaten to extinguish us forcing us repeatedly to open ourselves to new possibilities of love to new spirits Fusing philosophy literature theology psychology and anthropology the volume reviews major thinkers in the field from Plato and Freud to Pierce Shakespeare and Flaubert Cristaudo explores the major themes of love of the Church romantic love and the return of the feminine the conflict between familial and romantic love love in a meaningless world and the love of evil and the evolutionary idea of love With Cristaudo the reader embarks on a journey not just through time but also through the different kinds origins and spirits of love The Philosophy of Love Michael S. Pendergast III, 2008-12-23 With a history that of open marriages staggering divorce rates single parent homes shacking up with significant others and living together and often troubled blended families it seems that the option of a happy life long marriage no longer exists in todays secularized feminized world of radical individualism Yet hidden under this shabby veneer most persons still long for something still desire real meaning still feel the pull towards permanence a romantic ideal to be completed It just wont go away This ideal real marriage survives as a dream though this joyful state cannot be found in any of the alternatives available from a secular world thats devoid of absolutes and allows any unhappy permutation Is there any hope There is But it doesnt lie in constantly trying to redefine marriage and consistently failing to make anyones life better It lies in returning to what Sacred Marriage was always meant to be a sacrament of Life That however can only be found if we return to being what we ourselves were always meant to be spiritual beings that are larger than the material world and actually grasp what it means to love and risk loving Want to know how Look inside **Spinoza and the Philosophy of Love** Michael Strawser, 2021-08-27 In Spinoza and the Philosophy of Love Michael Strawser provides a new reading of Spinoza as a philosopher of love and one who centers his thought on an ethically qualified conception of noble love Strawser examines the threefold conception of love found in Spinoza s Ethics and argues that what is most important for Spinoza s philosophy is a unified conception of love centered on nobility amor sive generositas This active conception of love can conquer hatred and bring people together Situating Spinoza s philosophy of love within both Jewish and Western philosophical traditions Strawser investigates questions in the philosophy of love together with Spinoza and thinkers such as Saadia Gaon Maimonides Leone Ebreo Tullia d Aragona and

Ren Descartes He shows how Spinoza deepens our understanding of amorous perfectionism and how this reading of Spinoza's philosophy of love serves as both a corrective to problematic readings such as those found in Isaac Bashevis Singer and Emmanuel Levinas and a counter to speciesism With careful examination of Spinoza's writings Strawser demonstrates that the goal of his philosophy is best understood as the love of other people who are to be helped and united with in friendship Ultimately Spinoza's philosophy of love calls for collective nobility

Conditions of Love John Armstrong, 2002 What does it really mean to love another person Is there such a thing as the perfect partner How does infatuation differ from the real thing The need to love is central to our idea of happiness yet it sometimes seems that the more we reflect on it the more elusive it becomes In this lucid and graceful meditation on the deeper meanings of intimacy John Armstrong explores the ideas that have shaped how we view affairs of the heart Drawing on poetry novels philosophy paintings and music he shows how love is inextricably bound up with perception and the imagination that loving a real complicated person and being understood and valued by them in turn is not something we find but rather something we create

The Philosophy of Love Elinor Glyn, 1923

The Philosophy of Love Haridas Chaudhuri, 1988-11-01 Discusses the philosophical and spiritual nature of love looks at truth freedom and identity and stresses the importance of self awareness forgiveness and the unity of opposites

Love and Friendship in Plato and Aristotle A. W. Price, 1989-01-26 This book fully explores for the first time an idea common to Plato and Aristotle which unites their treatments otherwise very different of love and friendship The idea is that although persons are separate their lives need not be One person's life may overflow into another's and as such helping another person is a way of serving oneself The author shows how their view of love and friendship within not only personal relationships but also the household and even the city state promises to resolve the old dichotomy between egoism and altruism Friendship and desire in the *Lysis* Love in the *Symposium* Love in the *Phaedrus* Perfect friendship in Aristotle Aristotle on the varieties of friendship The household The City Epilogue Appendices Homogeneity and beauty in the *Symposium* Psychoanalysis looks at the *Phaedrus* Plato's sexual morality Aristotle on erotic love List of modern works cited

While this might not be the Philosophy Of Love full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Philosophy Of Love eBooks, including some popular titles.

FAQs About Philosophy Of Love Books

What is a Philosophy Of Love PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Philosophy Of Love PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Philosophy Of Love PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Philosophy Of Love PDF to another file format? There are multiple ways to convert a PDF to another format:

Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a Philosophy Of Love PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file?

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs?

Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
