heavy metal bands and Bon Jovi in their lyrics and also how imagery is utilized by artists such as Marilyn Manson to gain a fan base Finally the book will explore specific changes in the media available to market music today see *M I A* and her use of new media and similarly how these resources can benefit music icons even after they are long gone as with Elvis and Michael Jackson *Rock Brands* further examines gaming reality television and social networking sites as new outlets for marketing and otherwise experiencing popular music What makes some bands stand out and succeed when so many fail How does one find a niche that isn't just kitsch and can stand the test of time allowing the musician to grow as an artist as well as grow a substantial fan base Elizabeth Barfoot Christian and the book's contributors expertly navigate these questions and more in *Rock Brands Selling Sound in a Media Saturated Culture* *iPod: The Missing Manual* J.D.
