Fears and Phobias Tony Whitehead, 1980

Principles of Abnormal Psychology Edmund Smith Conklin, 1927

Fears and Phobias Isaac M. Marks, 2013-09-03

Fears and Phobias reviews and synthesizes the different viewpoints of learning theory psychoanalysis ethology and clinical psychiatry with regards to fears and phobias The causes and treatment of phobias are examined with due regard for relevant biological and psychological issues Topics covered range from the etiology of fear to clinical syndromes such as agoraphobic syndrome animal phobias social phobias illness phobias and obsessive phobias Comprised of four chapters this book begins with an overview of the historical aspects of phobias and the components of phobias followed by a discussion on the etiology of fear Experimental studies on fear that focus on innateness maturation and learning are examined together with genetic aspects of timidity the kinds of situations that are feared and the physiology and learning of fear The next chapter deals with clinical syndromes and the classification of phobic disorders such as the agoraphobic syndrome specific animal phobias and social phobias along with illness phobias obsessive phobias autonomic equivalents to phobic disorders and children s fears and phobias The final chapter is devoted to prevention and treatment of phobias including desensitization and psychiatric

management of phobic patients This monograph will be of interest to psychiatrists and psychologists **Anxiety and Phobia Workbook** Edmund J. Bourne, 2009-08-12 Research conducted by the National Institute of Mental Health has shown that anxiety disorders are the number one mental health problem among American women and are second only to alcohol and drug abuse among men Approximately 15 percent of the population of the United States or nearly 40 million people have suffered from panic attacks phobias or other anxiety disorders in the past year Nearly a quarter of the adult population will suffer from an anxiety disorder at some time during their life Yet only a small proportion of these people receive treatment It is quite possible to overcome your problem with panic phobias or anxiety on your own through the use of the strategies and exercises presented in this workbook Yet it is equally valuable and appropriate if you feel so inclined to use this book as an adjunct to working with a therapist or group treatment program **Journal of the American Medical Association** ,1917

A Handbook for the Assessment of Children's Behaviours Jonathan O. H. Williams, Peter D. Hill, 2012-04-26
Handbook for the Assessment of Children's Behaviours with Wiley Desktop Edition This ground breaking book takes a new approach to the assessment of behaviour in children and adolescents Written by an expert author team combining one Jonathan Williams with higher qualifications in general practice child neuropsychiatry and child and adolescent psychiatry with one Peter Hill with higher qualifications in medicine paediatrics and child and adolescent psychiatry the book draws on many thousands of multidisciplinary case discussions at Great Ormond Street Hospital in the Children's Multispecialty Assessment Clinic in North London and in private practice The book is ideal for the busy mental health professional working in a small team Organised to allow rapid look up of behaviours with comprehensive lists of their possible causes it synthesizes research evidence and clinical experience The authors interpret behaviour broadly including not just voluntary actions but also actions whose voluntary nature is questionable such as drop attacks personal preferences and pseudobehaviours They also include problems that lead to referral through their behavioural manifestations e.g. aggression anxiety or a poor relationship with mother Overall the book spans the behavioural cognitive social and emotional problems of children and adolescents With the child and family in the room and with detailed school reports and psychometric results available it is usually possible to identify causes of symptoms that are specific to the child and his environment and which can guide behavioural cognitive social and family interventions Purchasers of the book will also be entitled to a Wiley Desktop Edition an interactive digital version featuring downloadable text and images highlighting and note taking facilities in text searching and linking to references and glossary terms Coping with Phobias and Panic Kevin Gournay, 2011-02-15 For many people life is made intolerable by phobias Common fears may range from crowded places to a fear of spiders or blood but the basic underlying mechanism is the same acute anxiety This book looks at how to tackle both specific phobias and the anxiety which causes such disproportionate fear and covers obsessive compulsive disorder social phobia generalized anxiety state and panic disorder with agoraphobia Obsessive-Compulsive Disorder Stanley Rachman, Padmal de Silva, 2009-03-25
