Read! Read! Read! Laurie Glass,Beth Pike,Linda Peist,2000-05-09 This book outlines a program to address a need among educators to involve parents in the process of helping their children learn to read and write Although the at risk reader is

provided with supplemental support at school additional reinforcement is needed from home to maximize children's learning potential. While much has been written about how parents should read aloud to their children, this book goes beyond other publications by supplying the educator with a structured program that trains parents to implement a variety of techniques. The authors encourage parents to truly participate in their children's literacy development, armed with a knowledge of the reading process and aware of their invaluable role. The chapters contain a framework of concrete information that will guide educators in the most successful way to involve and train parents. Included are background knowledge and tools that professionals will need to run their own series of parent workshops. Specific workshop agendas and all supporting information are presented in a manner easily adaptable for the specific needs of various education situations. This book can be used by primary educators, special education teachers, reading specialists, Reading Recovery™ leaders and teachers, curriculum supervisors, principals, education majors in college, parents who homeschool, and anyone else who wants to learn how to successfully integrate parents into the development of children's literacy.

Teaching the Dimensions of Literacy
Stephen Kucer, Cecilia Silva, 2012-10-12

Teaching the Dimensions of Literacy provides both the conceptual knowledge to support teachers' instructional decisions in the reading literacy classroom and a multitude of instructional strategy lessons for classroom use with both monolingual and bilingual students. It proposes that teachers need to help children become code breakers, the linguistic dimension, meaning makers, the cognitive dimension, text users, and critics, the sociocultural dimension, and scientists, the developmental dimension. Acknowledging and addressing all four dimensions, this text links literacy theory, literacy research, and literacy practice in a useable way. Covering both reading and writing, it features clear, concise, and useable reading and writing strategy lessons and ways to modify them for different types of students. Changes in the Second Edition: Entirely reorganized; the text is more user friendly; builds a stronger link between theory and practice; and makes it easier for teachers to locate appropriate strategy lessons to use with their students. Academic literacy is addressed more fully.

Intensifying Classroom Routines in Reading and Writing Programs
Michael P. Ford, 2017-06-15

Three common routines are seen in almost every primary language arts program: morning messages, shared readings, and word walls. These routines should be integrated to support the total language arts program, but are teachers of grades K-2 getting the most bang for their buck out of these activities? Morning messages can become very routinized and repeat the same experiences over and over again. Shared readings are sometimes conducted with little variation in spite of changing demands from the texts being used and changing needs in the learners with whom they are being used. Word walls might be put up with some attention early in the year and remain virtually unchanged as the year moves forward. Intensifying Classroom Routines in Reading and Writing Programs focuses on how teachers can get more instructional mileage out of these three common classroom routines. Author Michael P. Ford lays out step-by-step, day-by-day plans to put those three key routines on a cycle that changes as students move through developmental phases. This resource helps teachers plan for emergent and early readers and writers.

It also looks at how teachers can assist students as they move through critical areas including concepts of print alphabetic knowledge phonological awareness sound symbol relationships high frequency words structural analysis context clues comprehension strategies and composition strategies With these intensified routines in place students will clearly see connections between reading and writing Elementary School Scheduling Michael D. Rettig, Robert Lynn Canady, 2013-09-27 This practical book and its accompanying downloadable resources include over 100 schedules to help elementary schools raise student achievement **Assessment for Reading Instruction, Third Edition** Michael C.
