The Great War in American and British Cinema, 1918-1938 Ryan Copping, 2020-11-10 This book recounts the reception of selected films about the Great War released between 1918 and 1938 in the USA and Great Britain It discusses the role that popular cinema played in forming and reflecting public opinion about the War and its political and cultural aftermath in both countries Although the centenary has produced a wide number of studies on the memorialisation of the Great War in Britain and to a lesser degree the USA none of them focused on audience reception in relation to the Anglo American circulatory system of Trans Atlantic culture The Anschluss Movement, 1918-1938 Alfred D. Low, 1984 Hitler and Czechoslovakia in World War II Patrick Crowhurst, 2013-10-24 The invasion of Czechoslovakia by Nazi Germany in March 1939 helped to precipitate Europe's descent into World War II six months later The move supposedly to protect the Sudeten Germans shocked many in Europe who saw it as a clear statement of intent by Hitler Here Patrick Crowhurst argues that occupation of the Sudetenland and the Czech lands was also crucial to the Nazi war machine The armaments factories and raw materials that Hitler seized accelerated Germany's capabilities Czech tanks would prove crucial in the Ardennes and as the Wehrmacht fought at Stalingrad Armaments Minister Albert Speer was corralling Czech industrial machinery to produce engines aircraft and equipment in support In addition new Slovakian and Czech primary material are used to give a new in depth account of the German reaction to the assassination of Reinhardt Heydrich on the streets of Prague in June 1942 The recriminations were brutal and dovetailed with Hitler's plans for the genocide of Czech Jewry This is a new side of the History of Nazi Europe and argues for the centrality of the Czech occupation in the overall narrative of World War II **Austria, 1918-1938** Malcolm Bullock, 1939 **The First Austrian Republic, 1918-1938** Francis Ludwig Carsten, 1986 Describes life and political events in Austria after World War I on the basis of British legation reports from Vienna supplemented by press reports and the records of the Society of Friends These reports reflect widespread antisemitism especially in Vienna aggravated by hardships in the postwar period political instability and the rise of nationalistic paramilitary organizations Antisemitic demonstrations were held in 1919 against Jewish war refugees from Poland and in 1920 against Jewish domination at the University of Vienna The Republic and its army were also identified with the Jews Documents the growing influence of Nazism from 1930 on Ch 9 describes the Anschluss and its results including persecution of the Jews *Jewish Politics in Vienna, 1918-1938* Harriet Pass Freidenreich, 1991 Analyzing the ideology and policy of Jewish organizations and movements liberals nationalists socialists Orthodox and their influence on the Israelitische Kultusgemeinde Wien examines also their different responses to rising antisemitism and Nazism in Austria Ch 7 pp 180-203 *Confronting Antisemitism* gives details on Jewish defense activities and reactions in the face of anti Jewish economic and professional measures and discrimination in the universities especially during the 1930s States that the primary form of Jewish defense remained the traditional one of intercession with government officials in order to protect the interests of the Jewish minority The epilogue

pp 204 209 summarizes the rapid destruction of Jewish communal life in Vienna after the Anschluss **Uprooting the Diaspora** Sarah A. Cramsey,2023-03-07 In Uprooting the Diaspora Sarah Cramsey explores how the Jewish citizens rooted in interwar Poland and Czechoslovakia became the ideal citizenry for a post World War II Jewish state in the Middle East She asks how did new interpretations of Jewish belonging emerge and gain support amongst Jewish and non Jewish decision makers exiled from wartime east central Europe and the powerbrokers surrounding them Usually the creation of the State of Israel is cast as a story that begins with Herzl and is brought to fulfillment by the Holocaust To reframe this trajectory Cramsey draws on a vast array of historical sources to examine what she calls a transnational conversation carried out by a small but influential coterie of Allied statesmen diplomats in international organizations and Jewish leaders who decided that the overall disentangling of populations in postwar east central Europe demanded the simultaneous intellectual and logistical embrace of a Jewish homeland in Palestine as a territorial nationalist project Uprooting the Diaspora slows down the chronology between 1936 and 1946 to show how individuals once invested in multi ethnic visions of diasporic Jewishness within east central Europe came to define Jewishness primarily in ethnic terms This revolution in thinking about Jewish belonging combined with a sweeping change in international norms related to population transfers and accelerated deliberate postwar work on the ground in the region to further uproot Czechoslovak and Polish Jews from their prewar homes **Paper Cities** Susana S. In the Shadow of Munich. British Policy towards Czechoslovakia from 1938 to 1942 Vít Smetana, 2008-01-01 The book In the Shadow of Munich British Policy towards Czechoslovakia from the Endorsement to the Renunciation of the Munich Agreement 1938 to 1942 analyses the varying attitudes and gradual change of British policy towards Czechoslovakia in the period from the Munich Conference in September 1938 to August 1942 when the British government proclaimed the Munich Agreement as dead and thus having no influence whatsoever on the future territorial settlement The key focus of this work lies in the influence of Munich upon the British political scene and upon the resulting British policy towards Czechoslovakia in the Central European context and also in the repercussions of Munich in negotiations with the Czechoslovak exile representatives The book is a result of many years of the author s research conducted primarily in the British and the Czech archives as well as his reflection of numerous documentary editions diaries memoirs and secondary sources It aims to dispel

frequent myths and stereotypes that have so far influenced the Czech and partly also Anglo Saxon historiography in their interpretations of British attitudes towards Czechoslovakia immediately before and during the Second World War **A History of Czechoslovakia Between the Wars** Patrick Crowhurst,2015-06-22 Here Patrick Crowhurst identifies the crucial political problem that faced Czechoslovakia between 1918 and 1939 the rift between the Czechs and the Sudeten Germans that would open the way for the rise of Konrad Henlein's right wing Sudeten Deutsch party and which was exploited ruthlessly by Hitler during Nazi Germany's 1938 annexation of Czechoslovakia A History of Czechoslovakia Between the Wars deepens our understanding of a fragile Europe before World War II and is essential for students and scholars of 20th century history *Unwanted Beauty* Brett Ashley Kaplan,2007 Controversial questions about beauty in artistic depictions of the Holocaust **Encyclopedia of Bohemian and Czech-American Biography** Miloslav Rechcigl Jr.,2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history
