**Japan on Display** Morris Low,2006-09-27 Sixty years on from the end of the Pacific War Japan on Display examines representations of the Meiji emperor Mutsuhito 1852-1912 and his grandson the Showa emperor Hirohito who was regarded as a symbol of the nation in both war and peacetime Much of this representation was aided by the phenomenon of photography The introduction and development of photography in the nineteenth century coincided with the need to make Hirohito s grandfather the young Meiji Emperor more visible Photo books and albums became a popular format for presenting seemingly objective images of the monarch reminding the Japanese of their proximity to the Emperor and the

imperial family In the twentieth century these national albums provided a visual record of wars fought in the name of the Emperor while also documenting the reconstruction of Tokyo scientific expeditions and imperial tours Drawing on archival documents photographs and sources in both Japanese and English this book throws new light on the history of twentieth century Japan and the central role of Hirohito With Japan s defeat in the Pacific War the Emperor was transformed from wartime leader to peace loving scientist Japan on Display seeks to understand this reinvention of a more human Emperor and the role that photography played in the process     *Arts of Asia* ,2009     Japan ,     *International Guide to Nineteenth-century Photographers and Their Works* Gary Edwards,1988     岡田豊彦 ,2009
