Photographing Egypt Forty Years Behind The Lens:

Photographing Egypt John Feeney, 2005 John Feeney arrived in Egypt in 1963 to make a documentary film intending to stay for one year and staying forty Photographing Egypt brings together some of his now rare color photographs of Egypt taken over the past forty years and displayed in a major retrospective exhibition of his work in March 2005 at the American University in Cairo's Sony Gallery The photographs depict the epic grandeur of Egypt and include historic pictures of Gamal Abd al Nasser's funeral cortege leaving Qasr al Nil Bridge and of the last Nile flood to come to Egypt as well as aspects of the country rarely dealt with previously the unique domes of Cairo the extraordinary multicolored pavilions of the Tentmakers Street the gathering of jasmine blossoms in the Nile Delta the search for the elusive desert truffle the shadow puppet plays of Cairo s street theater and the hammams of the medieval city The photographs are accompanied by extracts from the photographer's narration to his Nile film Fountains of the Sun and from his essays that have appeared over the years in Aramco World Magazine A Research Guide to the Ancient World John M. Weeks, Jason de Medeiros, 2014-11-25 The archaeological study of the ancient world has become increasingly popular in recent years A Research Guide to the Ancient World Print and Electronic Sources is a partially annotated bibliography The study of the ancient world is usually although not exclusively considered a branch of the humanities including archaeology art history languages literature philosophy and related cultural disciplines which consider the ancient cultures of the Mediterranean world and adjacent Egypt and southwestern Asia Chronologically the ancient world would extend from the beginning of the Bronze Age of ancient Greece ca 1000 BCE to the fall of the Western Roman Empire ca 500 CE This book will close the traditional subject gap between the humanities Classical World Egyptology and the social sciences anthropological archaeology Near East in the study of the ancient world This book is uniquely the only bibliographic resource available for such holistic coverage The volume consists of 17 chapters and seven appendixes arranged according to the traditional types of library research materials bibliographies dictionaries atlases etc The appendixes are mostly subject specific including graduate programs in ancient studies reports from significant archaeological sites numismatics and paleography and writing systems These extensive author and subject indexes help facilitate ease of use The African Book Publishing Record ,2007 The Publishers Weekly ,1915

Photographing Tutankhamun Christina Riggs,2020-09-19 They are among the most famous and compelling photographs ever made in archaeology Howard Carter kneeling before the burial shrines of Tutankhamun life size statues of the boy king on guard beside a doorway tantalizingly sealed in his tomb or a solid gold coffin still draped with flowers cut more than 3 300 years ago Yet until now no study has explored the ways in which photography helped mythologize the tomb of Tutankhamun nor the role photography played in shaping archaeological methods and interpretations both in and beyond the field This book undertakes the first critical analysis of the photographic archive formed during the ten year clearance of the tomb and in doing so explores the interface between photography and archaeology at a pivotal time for both

Photographing Tutankhamun foregrounds photography as a material technical and social process in early 20th century archaeology in order to question how the photograph made and remade ancient Egypt in the waning age of colonial order

Through A Bible Lens Mel Alexenberg, 2019-01-08 Through a Bible Lens Biblical Insights for Smartphone Photography and Social Media by Professor Mel Alexenberg teaches people of all faiths how biblical insights can transform smartphone photography and social media into creative ways for seeing spirituality in everyday life It develops conceptual and practical tools for observing documenting and sharing reflections of biblical messages in all that we do It speaks to Jews and Christians who share an abiding love of the Bible by inspiring the creation of a lively dialogue between our emerging life stories and the enduring biblical narrative The author is an artist educator and writer exploring the interface between biblical consciousness creative process and postdigital culture His artworks are in the collections of museums worldwide He was professor at Columbia University and research fellow at MIT Center for Advanced Visual Studies In Israel head of Emunah College School of the Arts and professor at Ariel and Bar Ilan universities He is author of The Future of Art in a Postdigital Age From Hellenistic to Hebraic Consciousness Through a Bible Lens speaks in the language of today s digital culture of smartphones and social media It demonstrates to both young and old the most up to date thoughts on the interactions between The Bible and the impact of new technologies on contemporary life Christians and Jews will enjoy sharing the book's spiritual messages with their children and grandchildren Professor Alexenberg draws on six Divine attributes in the biblical verse Yours God are the Compassion the Strength the Beauty the Success the Splendor and the Foundation of everything in heaven and earth Chronicles 1 29 to demonstrate how smartphone photographers become God s partners in creation when photographing daily life through a Bible lens He describes how the lives of biblical personalities exemplify these Divine attributes Abraham and Ruth embody Compassion Isaac and Sarah are models of Strength Jacob and Rebecca represent Beauty Success is demonstrated by Moses and Miriam Splendor by Aaron and Deborah and Foundation by Joseph and Tamar There is a confluence emerging in the 21st century between biblical consciousness and a postdigital culture that addresses the humanization of digital technologies Both share a structure of consciousness and its cultural expression that honors creative process and seeing with a different spirit like Caleb who saw goodness in the Land of Israel while others could not Numbers 14 24 We are fortunate to be living in age of digital technologies that gives us ways to experience invisible worlds becoming visible These experiences give clues that help us appreciate the insightful imagination of ancient spiritual teachers who visualized invisible realms Smartphones are gateways to the world that make invisible realms blanketing our planet become visible with a flick of a finger Their imbedded cameras capture images store them as invisible bits and bytes and display them as colorful pictures In all of human history never has there been such a proliferation of images A centuries old Jewish method of Bible study called PaRDeS offers creative ways for looking beyond the surface of smartphone images by extending contemporary methods of photographic analysis to reveal spiritual significance An

A. Malone, George Shadbolt, J. Traill Taylor, William Blanchard Bolton, Thomas Bedding, 1917 Orientalis Ali Behdad, 2016-08-22 In the decades after its invention in 1839 photography was inextricably linked to the Middle East Introduced as a crucial tool for Egyptologists and Orientalists who needed to document their archaeological findings the photograph was easier and faster to produce in intense Middle Eastern light making the region one of the original sites for the practice of photography A pioneering study of this intertwined history Camera Orientalis traces the Middle East s influences on photography s evolution as well as photography s effect on Europe s view of the Orient Considering a range of Western and Middle Eastern archival material from the late nineteenth and early twentieth centuries Ali Behdad offers a rich account of how photography transformed Europe's distinctly Orientalist vision into what seemed objective fact a transformation that proved central to the project of European colonialism At the same time Orientalism was useful for photographers from both regions as it gave them a set of conventions by which to frame exotic Middle Eastern cultures for Western audiences Behdad also shows how Middle Eastern audiences embraced photography as a way to foreground status and patriarchal values while also exoticizing other social classes An important examination of previously overlooked European and Middle Eastern photographers and studios Camera Orientalis demonstrates that far from being a one sided European development Orientalist photography was the product of rich cultural contact between the East and the West

The St. Louis and Canadian Photographer ,1891 Photography ,1908 Photography's Orientalism Ali Behdad, Luke Gartlan, 2013-10-01 The Middle East played a critical role in the development of photography as a new technology and an art form Likewise photography was instrumental in cultivating and maintaining Europe's distinctively Orientalist vision of the Middle East As new advances enhanced the versatility of the medium nineteenth century photographers were able to mass produce images to incite and satisfy the demands of the region's burgeoning tourist industry and the appetites of armchair travelers in Europe In this way the evolution of modern photography fueled an interest in visual contact with the rest of the world Photography's Orientalism offers the first in depth cultural study of the works of European and non European photographers active in the Middle East and India focusing on the relationship between photographic literary and historical representations of this region and beyond The essays explore the relationship between art and politics by considering the connection between the European presence there and aesthetic representations produced by traveling and resident photographers thereby contributing to how the history of photography is understood
