Creative Photography Dan M Lee, 2019-09-03 Stay ahead of the professional crowd It s not easy to find a fresh angle on photography and harder still if you have to meet the needs of demanding clients Dan M Lee and his team have put together this book of inspiring ideas and how to pull them off yourself that professional photographers can use to stand out from the crowd As well as Dan s own work this book features interviews with leading professionals in the field and insights from makeup artist Jerris Ferrer model Samantha Braga and wedding consultant Mariana Martinis *Photographs from the Edge* Art Wolfe, Rob Sheppard, 2016-09-20 Legendary nature photographer Art Wolfe presents an intimate behind the scenes guide to the experiences decisions and methods that helped him capture images from some of the most exciting locations across the globe In *Photographs from the Edge* you ll discover the secrets behind forty years of awe inspiring photography from around the world Wolfe takes you from the mountains of the Himalayas to the sandy shores of Mnemba Island with stops in the crowded streets of India and the alkali lakes of Africa along the way You ll learn the equipment settings and creative choices behind each photograph From endangered species to cultural celebrations to natural wonders Wolfe brings each subject to life through his stunning photography and the stories he shares in this one of a kind photo safari Create and Be Recognized John Turner, Deborah Klochko, Roger Cardinal, 2004-09-09 Create and Be Recognized is the first survey of a compelling always surprising art form outsider photography Presented here is the work of seventeen largely self taught artists who have used photography or photographic elements in their creations including such luminaries as Adolf Wolfli Howard Finster and Henry Darger as well as discoveries from little known equally dramatic artists As with most outsider art the work here is fuelled by singular passions marginalized mindsets and extreme circumstances falling outside mainstream picture making Employing collage affixing photos or reproductions to a background photocollage photographs cut and pasted together to form a new whole and tableaux works based on manipulation and staging the artists here present work that is by turns lyrical and frightening and always fascinating Published to coincide with a major touring exhibition of the same name originating at San Francisco s Yerba Buena Center for the Arts Create and Be Recognized documents an emerging and important facet of contemporary photography At the Edge of Sight Shawn Michelle Smith, 2013-11-04 The advent of photography revolutionized perception making visible what was once impossible to see with the human eye In *At the Edge of Sight* Shawn Michelle Smith engages these dynamics of seeing and not seeing focusing attention as much on absence as presence on the invisible as the visible Exploring the limits of photography and vision she asks What fails to register photographically and what remains beyond the frame What is hidden by design and what is obscured by cultural blindness Smith studies manifestations of photography s brush with the unseen in her own photographic work and across the wide ranging images of early American photographers including F Holland Day Eadweard Muybridge Andrew J Russell Chansonetta Stanley Emmons and Augustus Washington She concludes by showing how concerns raised in the nineteenth

century remain pertinent today in the photographs of Abu Ghraib Ultimately Smith explores the capacity of photography to reveal what remains beyond the edge of sight
