Phyle Of Scorpion Puerto Rican Heat:

Phyle of a Scorpion Shawn Orgain, 2003-09 Phyle Of A Scorpion Puerto Rican Heat To be honest I never would have thought the original Phyle Of A Scorpion would have a second part It wasn't easy to put together It took just as much time to come together as it did to think of what it should be about After the original POAS was written I thought that was it There would be no second book because I couldn't think of anything at the time I had said all I wanted to say Three months after the release of the original POAS I began to take notes for short stories I wanted to put together whenever I had some time Over a small amount of time I had written three short stories There was one left that I was working on when a friend of mine got with me and we started talking about taking a trip to Cancun I liked the idea and it was perfect for all the ideas I needed for my next book It was going to be about a trip to Cancun and I wasn't going to write about it until I came back from there Unfortunately my friend and I couldn't make the trip We had the money but he was going to be moving to another state The ideas for Cancun were going to be talked about in a special chapter for the book called Return To The Original Phyle That section was going to be dedicated to the original POAS I had to do something to keep it real POAS is what got me started so there was no way I was going to turn away from it It's just that I had something different in mind after another three months One night I found myself chatting on the internet with one of my friends from Florida She asked me what I missed about Florida because it has been forever since I've been there There was a cruise that I went on and I loved it All I could think about was how it would mean the world if I could share that with someone That night I had ideas coming in like bills on the first of the month I decided to take notes for what would be my next book My friend was going to be a character in the story along with me We were going to take a cruise but the plot was for us not to know each other We would meet and it would go on from there So where would the ship be going to Not Cancun I decided to save the best for last The ship would be on its way to Puerto Rico The story wouldn't be the same if my friend wasn't in it that I was supposed to go to Cancun with so he became a character in the story I needed more characters now Instead of creating personalities for several different people I decided to do something else I took six of my closest friends and made them all characters in my story For one reason my friend was leaving the state soon And for another reason I've already had three others move away This is just my way of saying that I haven't forgotten about them and we'll always be hanging out together in the book As for a story line all I had was the cruise and the island That was a start I needed a way to have my friends stand out The original POAS came from actual events that happened to me in the past During that time me and my friends have had a lot of great days when we were hanging out Also there was much to talk and laugh about All the notes began crashing into my mind I just knew that the new book was going to be better than the first The final notes for the book were written after I had met Kennedy We became very close over a small matter of time I'm sure at one point in everyone's life you eventually stop and think about your happiness Who will you spend it with That's what Kennedy and I thought about so I talked about it throughout the book So many times

people date around until they find something worth hanging on to That s what was happening to me in this story It all started with me listening to the radio and winning some tickets to go to Puerto Rico Since I won who better to take with me than six of my closest

Systematics and Some Aspects of the Biology of the Scorpions of the Greater Puerto Rico Region Jorge Alberto Santiago Blay,1984

The Very Last Friday Jack Shanabarger,2003-06 Clear Natural Poignant These words accurately describe Alberto O Cappas work Cappas understands the suffering and struggles of Puerto Ricans living in Mainland America as well as in Puerto Rico His poetry traces their hopes problems and misconceptions from the island to the mainland where they discover that dreams do die hard In the poem Suicide of a Puerto Rican Jibaro one need not be Puerto Rican to identify with the alienation faced when entering a cold foreign and jungle like world Cappas successfully explores what such a drastic change can mean for a Puerto Rican away from his island where he is the majority In Jibaro for the Puerto Rican man who emigrates to the United States A million times his body was raped by the unfriendly cold to pursue the American Dream Cappas is a relentless observer and commentator of what happens when a people leave their homeland or forget where they come from to pursue the uncertainties of the American Dream His poetry ironic at times questions whether this dream does exist In A Spoken Secret Light skin Puerto Ricans forget to speak Spanish and dark skin Puerto Ricans adopt hot combs to straighten their hair In Do a Julia a woman is trapped like a mouse in America and so commits suicide as a last attempt to return to her homeland And in Maria a young girl sits patiently thinking about her experiences in New York since leaving Puerto Rico and now waits for the overdose of a drug to take effect Of course this is not to say that all Puerto Ricans who emigrate to the United States end up killing themselves but it does show that Cappas is keenly aware of a sort of cultural and spiritual death that happens to Puerto Ricans and other Latinos when they leave the tropical scenes and adopt certain American values In the ironic humorous poem Her Boricua a woman buys the Moon tax free and invites her relatives and friends on weekend nights to

admire the beauty of her new possession She tells them that in America you have the freedom to buy anything you want Haiti in Puerto Rico explores the death theme even further I recited useless words of a poem to an audience of Puerto Ricans turned into zombies refusing to break the spell of all the misfortunes Do a Julia and Other Poems by Alberto O Cappas is a book filled with poetic stories forceful and powerful imagery and messages that will stimulate all minds that come into contact with it Cappas language is original and refreshing which makes his writing very natural and uncluttered with abstractions Cappas is correct knows what he needs to say and clearly makes his point By Jaira Placide New York University
