Twentieth Century Drifter Diane Diekman, 2012-02-15 Twentieth Century Drifter The Life of Marty Robbins is the first biography of this legendary country music artist and NASCAR driver who scored sixteen number one hits and two Grammy awards Yet even with fame and fortune Marty Robbins always yearned for more Drawing from personal interviews and in depth research biographer Diane Diekman explains how Robbins saw himself as a drifter a man always searching for self fulfillment and inner peace Born Martin David Robinson to a hardworking mother and an abusive alcoholic father he never fully escaped the insecurities burned into him by a poverty stricken nomadic childhood in the Arizona desert In 1947 he got his first gig as a singer and guitar player Too nervous to talk the shy young man walked onstage singing Soon he changed his name to Marty Robbins cultivated his magnetic stage presence and established himself as an entertainer songwriter and successful NASCAR driver For fans of Robbins NASCAR and classic country music Twentieth Century Drifter The Life of Marty Robbins is a revealing portrait of this well loved restless entertainer a private man who kept those who loved him at a distance The Essence of Music Dr. Len Bergantino Ed.D. Ph.D., 2019-05-30 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotheraphies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a

few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P The Essence of Music Musicality Pure Sound the Art of Melody and Inner Peace They say that music is the international language but what is music For the Bergantino Bredice family music was the family business In terms of what kind of music you listen to my father Dan Bergantino always told me If you put shit in shit will come out That is it will reflect when you play music My cousin Louis Bredice told me When I first started playing Jazz I played a lot of notes Then I realized that all I needed were the right ones My cousin Freddie Bredice had the fastest technique on guitar I had ever seen The first time I met him was on a gig in 1967 His speed was blinding faster than a speeding bullet I was leaning against a wooden beam next to him and when he finished I said You must be cousin Fred He said Yeah I don t play chords It fucks up your hands Freddie was one of Joe Diorio s guitar teachers and Joe said he still has nightmares about Freddie s speed Joe was known as the best jazz guitar player in the world of guitar players I got him to play songs again in a CD entitled Falling in Love where I played mandolin and Joe accompanied me on guitar This is a multi purpose book just like the previously published book entitled Zen and the Art of Motorcycle Maintenance which had more to do with human growth than motorcycle maintenance This book is a natural model for how musicians as human beings deal with each other thereby providing a baseline for humans in answering Shakespeare s question To be or not to be Further this book is substantive and full of depth enough to be used in music schools no matter what musical genre since it focuses on musicality pure sound the art of musicality and peace It can be utilized in the psychotherapeutic arts and its content is healing in nature The Reverend Dr Len Bergantino Professional Musician from 1196 2012 Age 56 70 Musician s Local 47 American Federation of Musicians **The Jazz Masters** Peter C. Zimmerman, 2021-11-01 The Jazz Masters Setting the Record Straight is a celebration of jazz and the men and women who created and transformed it In the twenty one conversations contained in this engaging and highly accessible book we hear from the musicians themselves in their own words direct and unfiltered Peter Zimmerman s interviewing technique is straightforward He turns on a recording device poses questions and allows his subjects to improvise similar to the way the musicians do at concerts and in recording sessions Topics range from their early days their struggles and victories to the impact the music has had on their own lives The interviews have been carefully edited for sense and clarity without changing any of the musicians actual words Peter Zimmerman tirelessly sought virtuosi whose lives span the twentieth and twenty first centuries The reader is rewarded with an intimate look into the past century s extraordinary period of creative productivity The oldest two interview subjects were born in 1920 and all are professional musicians who worked in jazz for at least five decades with a few enjoying careers as long as seventy five years These voices reflect some seventeen hundred years of accumulated experience yielding a chronicle of incredible depth and scope The focus on musicians who are now emeritus figures is deliberate Some of them are now in their nineties six have passed since 2012 when Zimmerman began researching The Jazz Masters Five of them have already received the NEA s prestigious Jazz Masters award Sonny Rollins Clark Terry

Yusef Lateef Jimmy Owens and most recently Dick Hyman More undoubtedly will one day and the balance are likewise of compelling interest Artists such as David Amram Charles Davis Clifford Jordan Valery Ponomarev and Sandy Stewart to name a few open their hearts and memories and reveal who they are as people This book is a labor of love celebrating the vibrant style of music that Dizzy Gillespie once described as our native art form Zimmerman s deeply knowledgeable unabashed passion for jazz brings out the best in the musicians Filled with personal recollections and detailed accounts of their careers and everyday lives this highly readable lively work succeeds in capturing their stories for present and future generations An important addition to the literature of music The Jazz Masters goes a long way toward setting the record straight
