Please Kill Me:

Please Kill Me Legs McNeil, André Malraux, Gillian McCain, 2006 Now in paperback this first oral history of the most nihilistic of all pop movements brings the sound of the punk generation chillingly to life with 50 new pages of depraved testimony Please Kill Me reads like a fast paced novel but the tragedies it contains are all too human and all too real photos

Please Kill Me Legs McNeil, Gillian McCain, 2023-04-18 The twentieth anniversary edition of the utterly and shamelessly sensational history of punk music featuring new photos and an afterword by the authors Newsday A contemporary classic Please Kill Me is the definitive oral history of the most nihilistic of all pop movements Iggy Pop Lou Reed Richard Hell the Ramones and scores of other punk figures lend their voices to this decisive account of that explosive era Editors Legs McNeil and Gillian McCain two of punk music's greatest chroniclers follow the movement from its roots in the 1960s underground of New York City to its arrival in the UK with bands like The Sex Pistols and The Clash to its unlikely emergence as a global cultural force whose impact is still felt today **From Chaos to Ambiguity** Jeremy Hunt, 2024-10-29 A love letter to the sonic maelstrom that is noise rock From Chaos to Ambiguity charts a path of exploration through a fertile but often ignored genre of music tracing its history through roots in both punk and no wave into the full fruition of noisy madness This text puts these transgressive sounds into dialogue with various strains of subversive theology inviting readers into borderland spaces where the brokenness of humanity can both be fully embraced and traversed into healing liberation and celebration

Find and Kill Him Sourabh Arora, 2016-10-19 Do you have a fancy for an ideal match or ever had even to score high in school time Or have you ever been an aspirant to become a billionaire but the destiny never offered you the options of your choice Shit Instantly grab a chair let me reveal a secret to you Such things happen to one when any evil attacks on him and treats him as his guest house Yes I've started my journey to find and kill that evil before it attacks and kills me before I fulfill my desires Would you accompany me to find and kill him **Year 2150** Kevin S. Kim, 2016-06-13 Year 2150 By Kevin S Kim Damon Brown was only a teenager when there was an outbreak People were infected crops were drying up and society was going to hell He found himself alone with only his adopted brother for company Both of them were on the run from a band of evil scientists That was until they were rescued by a renegade army The army taught the brothers about their supernatural lineages and how to defend their land The safe haven did not last very long The introduction of new faces combined with hidden agendas made for a treacherous war zone *Tears for My Mother* Burt Rashbaum, 2010-02-09 A heart bruising dive into the terror of Alzheimers This memoir like tale told through the eyes of a care giving daughter and the clouded mind of her declining mother had me racing to the final page Rashbaum cleverly weaves these two views of this harrowing journey through inner thoughts and honest dialogue to paint an un Norman Rockwell portrait of one familys struggle with this horrible disease Jay Gilbertson author of Moon Over Madeline Island and Back to Madeline Island Penning from the internal landscape of another is difficult enough but doing so from the mind of a mentally tormented soul with all the nuances of such

complexity is beyond comprehension This is what Burt Rashbaum has accomplished in his brilliant portrayal of his mother as she experiences the devastation of Alzheimers Not to sound too otherworldly about this I do believe she must have guided Burt from beyond for the portrayal to have been so heartbreakingly accurate A must read for all Peggy Warren author of *Very Much a Womans Book* and *Gathering Peace* **Punk Rock** Mindy Clegg,2022-08-01 Punk Rock examines the history of punk rock in its totality Punk became a way of thinking about the role of culture and community in modern life Punks forged real alternatives to producing popular music and built community around their music This punk counterpublic forged in the late Cold War period spanned the globe and has provided a viable cultural alternative to alienated young people over the years This book starts with the rise of modernity and places the emergence of punk as a musical subculture into that longer historical narrative It also reveals how punk itself became a contested terrain as participants sought to imbue the production of music with greater meaning It highlights all styles of punk and its wide variety of creators around the world including from the LGBTQ feminist and alternative communities Punk was and remains a transnational phenomenon that influences music production and shapes our understanding of culture s role in community building *Red Asphalt* Scott Cherney,2008-02-23 Calvin Wheeler is an American dreamer in a triple threat cage match with his two biggest adversaries everyday life and himself His marriage to the woman he believed to be his soul mate is rapidly evaporating before his eyes The book he s been working on for over a decade is slipping through his fingers as he struggles to complete it As these pressures grow Calvin compensates by conjuring up outrageous road rage scenarios in the multiplex of his mind To make matters even worse he drives for a living As his life job and dreams simultaneously implode his wild fantasies begin to literally bleed over into reality Now with a gun in one hand and a steering wheel in the other this distant runner up in the human race feels empowered for the very first time At least our boy s finally found a purpose in life *Red Asphalt* tells a violent tragic tale with darkly humorous touches and pointed social commentary And the moral to the story Traffic can be murder **Glitter Up the Dark** Sasha Geffen,2020-04-07 Why has music so often served as an accomplice to transcendent expressions of gender Why did the query is he musical become code in the twentieth century for is he gay Why is music so inherently queer For Sasha Geffen the answers lie in part in music s intrinsic quality of subliminal expression which through paradox and contradiction allows rigid gender roles to fall away in a sensual and ambiguous exchange between performer and listener *Glitter Up the Dark* traces the history of this gender fluidity in pop music from the early twentieth century to the present day Starting with early blues and the Beatles and continuing with performers such as David Bowie Prince Missy Elliot and Frank Ocean Geffen explores how artists have used music fashion language and technology to break out of the confines mandated by gender essentialism and establish the voice as the primary expression of gender transgression From glam rock and punk to disco techno and hip hop music helped set the stage for today s conversations about trans rights and recognition of nonbinary and third gender identities *Glitter Up the Dark* takes a long look back at the path that led here *The Missing Kidney and other stories*
