O'Connor, 2005-11-11 An excellent study that should interest film buffs academics and non academics alike Journal of the West Hollywood s West examines popular perceptions of the frontier as a defining feature of American identity and history Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO s 1931 classic Cimarron to Turner Network Television s recent made for TV movies Covering topics such as the portrayal of race women myth and nostalgia Hollywood s West makes a significant contribution to the understanding of how Westerns have shaped our nation s opinions and beliefs often using the frontier as metaphor for contemporary issues      *Making the San Fernando Valley* Laura R. Barraclough, 2011-01-01 In the first book length scholarly study of the San Fernando Valley home to one third of the population of Los Angeles Laura R Barraclough combines ambitious historical sweep with an on theground investigation of contemporary life in this iconic western suburb She is particularly intrigued by the Valley s many rural elements such as dirt roads tack and feed stores horse keeping districts citrus groves and movie ranches Far from natural or undeveloped spaces these rural characteristics are she shows the result of deliberate urbanplanning decisions that have shaped the Valley over the course of more than a hundred years The Valley s entwined history of urban development and

rural preservation has real ramifications today for patterns of racial and class inequality and especially for the evolving meaning of whiteness Immersing herself in meetings of homeowners associations equestrian organizations and redistricting committees Barraclough uncovers the racial biases embedded in rhetoric about open space and western heritage The Valley's urban cowboys enjoy exclusive semirural landscapes alongside the opportunities afforded by one of the world's largest cities Despite this enviable position they have at their disposal powerful articulations of both white victimization and with little contradiction color blind politics
