Nocella, II, Deric Shannon, 2009-02-10 This book highlights the recent rise in interest in anarchist theory and practice attempting to bridge the gap between anarchist activism on the streets and anarchist studies in the academia Bringing together some of the most prominent voices in contemporary anarchism in the academy it includes pieces written on anarchist theory pedagogy methodologies praxis and the future Brill's Companion to Anarchism and Philosophy Nathan J. Jun, 2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill's Companion to Anarchism and Philosophy draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism's relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological Film and the Anarchist Imagination Richard Porton, 1999 Bearded bomb throwers self indulgent nihilists tendencies dangerous subversives these characteristic clich's of anarchists in the popular imagination are often reproduced in the cinema In Film and the Anarchist Imagination the first comprehensive survey of anarchism in film Richard Porton deconstructs such stereotypes while offering an authoritative account of films featuring anarchist characters and motifs From the early cinema of Griffith and Ren Clair to the work of Godard Lina Wertm ller Lizzie Borden and Ken Loach Porton analyzes portrayals of anarchism in film presenting commentaries and critiques of such classics as Z ro de Conduite Tout Va Bien and Love and Anarchy In addition he provides an excellent guide to the complex traditions of anarchist thought from Bakunin and Kropotkin to Emma Goldman and Murray Bookchin disclosing a rich historical legacy that encompasses the Paris Commune the Haymarket martyrs the anarcho syndicalists of the Spanish Civil War as well as more familiar contemporary avatars like the Situationists and the enrag s of May 1968 Anarchism Robert Graham, 2005 Explores an elaborate genealogy of anti authoritarian thought **Ordinary Ecstasy** John Rowan, 2015-12-22 Humanistic Psychology ranges far and wide into education management gender issues and many other fields Ordinary Ecstasy first published in 1976 is widely regarded as one of the most important books on the subject Although this new edition still contains much of the original material it has been completely rethought in the light of postmodern ideas with more emphasis on the paradoxes within humanistic psychology and takes into account changes in many different areas with a greatly extended bibliography Ordinary Ecstasy is written not only for students and professionals involved in humanistic psychology anyone who works with

people in any way will find it valuable and interesting **Anarcho-Blackness** Marquis Bey,2020-07-14 Anarcho Blackness seeks to define the shape of a Black anarchism Classical anarchism tended to avoid questions of race specifically Blackness as well as the intersections of race and gender Bey addresses this lack not by constructing a new cannon of Black anarchists but by outlining how anarchism and Blackness already share a certain subjective relationship to power a way of understanding and inhabiting the world Through the lens of Black feminist and transgender theory he explores what we can learn by making this kinship explicit including how anarchism itself is transformed by the encounter If the state is predicated on a racialized and gendered capitalism its undoing can only be imagined and undertaken by a political theory that takes race and gender seriously Anarchafeminism Chiara Bottici, 2021-11-18 How can we be sure the oppressed do not become oppressors in their turn How can we create a feminism that doesn't turn into yet another tool for oppression It has become commonplace to argue that in order to fight the subjugation of women we have to unpack the ways different forms of oppression intersect with one another class race gender sexuality disability and ecology to name only a few By arguing that there is no single factor or arche explaining the oppression of women Chiara Bottici proposes a radical anarchafeminist philosophy inspired by two major claims that there is something specific to the oppression of women and that in order to fight that we need to untangle all other forms of oppression and the anthropocentrism they inhabit Anarchism needs feminism to address the continued subordination of all femina but feminism needs anarchism if it does not want to become the privilege of a few Anarchafeminism calls for a decolonial and deimperial position and for a renewed awareness of the somatic communism connecting all different life forms on the planet In this new revolutionary vision feminism does not mean the liberation of the lucky few but liberation for all living creatures from both capitalist exploitation and an androcentric politics of domination Either all or none of us will be free <u>Ibss: Anthropology: 2003</u> Compiled by the British Library of Political and Economic Science, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Gee Vaucher Rebecca Binns, 2022-11-29 As one of the people who defined punk s protest art in the 1970s and 1980s Gee Vaucher b 1945 deserves to be much better known She produced confrontational album covers for the legendary anarchist band Crass and later went on to do the same for Northern indie legends the Charlatans among
