Quodvultdeus of Carthage Quodvultdeus (Bishop of Carthage),2004 Matthew's Account of the Massacre of the Innocents in Light of its Reception History Sung J. Cho,2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great s massacre in Matthew 2 16 18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2 16 18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho s examination provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives , **The Massacre of the Innocents** Warren Carter,2023-01-30 In The

Massacre of the Innocents Studies in the Cultural Afterlife of a Gospel Scene Warren Carter examines some fifty instances of the interpretation of the Matthean Massacre of the Innocents Matt 2 16 18 He emphasizes the agency of interpreters who in their particular contexts and media think with the shocking Matthean scene to address the often tragic circumstances of their audiences He argues throughout that the structure of the Gospel scene facilitates this thinking with The scene is structured as a triad of power relations with a tyrant Herod victims infants and parents and violent means of tyranny the massacre Interpreters use this triad of power relations to identify tyrant s victims and means of tyranny in their own situations Carter illustrates the use of this triad of power relations across two millennia in numerous socio political contexts and media as diverse as sermons images poems and hymns dramas and festivals films novels Christmas carols and Children s Bibles **Baptism in the Early Church** Everett Ferguson,2009-03-23 A comprehensive survey of the doctrine and practice

of baptism in the first five centuries of Christian history arranged geographically within chronological periods      **The Rites of Christian Initiation** Maxwell E. Johnson, 2016-03-24 Originally published in 1999 *The Rites of Christian Initiation* was hailed for its clarity and comprehensiveness Kieran McDonnell OSB called it the best overall treatment of Christian initiation available and Paul Bradshaw predicted it would be the standard textbook on the subject for very many years to come The current edition draws on new translations of early texts on baptism as well as recent scholarship on the early traditions in the East and West It is sure to replace itself as the new standard reference on the rites of Christian initiation Maxwell E Johnson's expanded and revised text provides a more complete view of the history and interpretation of the rites in the Eastern Church including two chapters that explore the pre-Nicene Eastern and Western traditions in detail Revisiting the theology of baptism this edition also provides more nuanced positions on the Eastern and Western traditions Finally recent liturgical developments in American Protestant churches particularly Lutheran as well as the ongoing development of the RCIA and confirmation practices of Catholics made it necessary to revisit the place and meaning of these rites in the church today Maxwell E Johnson PhD is professor of liturgy at the University of Notre Dame and an ordained minister of the Evangelical Lutheran Church in America He has published in *Worship* and is the editor of and contributor to *Living Water Sealing Spirit* Readings on Christian Initiation Liturgical Press 1995 and the revised and expanded edition of E C Whitaker *Documents of the Baptismal Liturgy* Liturgical Press and S P C K 2003 to which this study serves as a companion volume      **Desire and Disunity** Ulriika Vihervalli, 2024-06-15 *Desire and Disunity* explores the struggles of the Christian church to grapple with complex and contradictory sexual practices in the late antique Roman west Through an examination of sermons letters laws and treatises the study explores clerical attempts to tackle bigamy concubinage sex work incest homosexual acts adultery and more with limited success      *Preaching Christology in the Roman Near East* Philip Michael Forness, 2018-10-25 Preaching formed one of the primary regular avenues of communication between ecclesiastical elites and a wide range of society Clergy used homilies to spread knowledge of complex theological debates prevalent in late antique Christian discourse Some sermons even offer glimpses into the locations in which communities gathered to hear orators preach Although homilies survive in greater number than most other types of literature most do not specify the setting of their initial delivery dating and authorship *Preaching Christology in the Roman Near East* addresses how we can best contextualize sermons devoid of such information The first chapter develops a methodology for approaching homilies that draws on a broader understanding of audience as both the physical audience and the readership of sermons The remaining chapters offer a case study on the renowned Syriac preacher Jacob of Serugh c 451-521 whose metrical homilies form one of the largest sermon collections in any language from late antiquity His letters connect him to a previously little-known Christological debate over the language of the miracles and sufferings of Christ through his correspondence with a monastery a Roman military officer and a Christian community in South Arabia He uses this language in homilies on the

Council of Chalcedon on Christian doctrine and on biblical exegesis An analysis of these sermons demonstrates that he communicated miaphysite Christology to both elite reading communities as well as ordinary audiences Philip Michael Forness provides a new methodology for working with late antique sermons and discloses the range of society that received complex theological teachings through preaching *Approaching the Threshold of Mystery* Joris Geldhof, Daniel Minch, Trevor Maine, 2015-09-10 *Approaching the Threshold of Mystery* brings two recently estranged strands of theology back together to explore the same liturgical worlds and to chart theological spaces The editors have assembled a formidable group of scholars from systematic and liturgical theology with the express purpose of examining the mystery of the liturgy with both expert perspectives in mind The result is thirteen essays that return to a more synoptic theology seeing speculative and liturgical approaches as united together for a common purpose and ultimately approaching the same mysterious sacred reality In today's fragmented world this approach is sorely needed and although many postmodern authors point out the need for healing this division this volume actually attempts to bridge the disciplinary divide by placing specialists within the same prayerful space oriented towards something greater than what is merely enacted in human words and deeds **Classifying Christians** Todd S. Berzon, 2021-05-25 *Classifying Christians* investigates late antique Christian heresiologies as ethnographies that catalogued and detailed the origins rituals doctrines and customs of the heretics in explicitly polemical and theological terms Oscillating between ancient ethnographic evidence and contemporary ethnographic writing Todd S Berzon argues that late antique heresiology shares an underlying logic with classical ethnography in the ancient Mediterranean world By providing an account of heresiological writing from the second to fifth century *Classifying Christians* embeds heresiology within the historical development of imperial forms of knowledge that have shaped western culture from antiquity to the present **Augustine and Tradition** David G. Hunter, Jonathan P. Yates, 2021-11-23 An indispensable resource for those looking to understand Augustine's place in religious and cultural heritage Augustine towers over Western life literature and culture both sacred and secular His ideas permeate conceptions of the self from birth to death and have cast a long shadow over subsequent Christian thought But as much as tradition has sprung from Augustinian roots so was Augustine a product of and interlocutor with traditions that preceded and ran contemporary to his life This extensive volume examines and evaluates Augustine as both a receiver and a source of tradition The contributors all distinguished Augustinian scholars influenced by J Patout Burns and interested in furthering his intellectual legacy survey Augustine's life and writings in the context of North African tradition philosophical and literary traditions of antiquity the Greek patristic tradition and the tradition of Augustine's Latin contemporaries These various pieces when assembled tell a comprehensive story of Augustine's significance both then and now Contributors Alden Bass Michael Cameron John C Cavadini Thomas Clemmons Stephen A Cooper Theodore de Bruyn Mark DelCogliano Geoffrey D Dunn John Peter Kenney Brian Matz Andrew McGowan William Tabbernee Joseph W Trigg Dennis Trout and James R Wetzel *Excavating Women* Carina Oliveira Prestes, 2025 *Excavating*
