Arbitration in the 36th America's Cup Henry Peter, 2022-08-09 More than the most prestigious regatta and match race in the sport of sailing the America's Cup is a test of boat design sail design and management skills It is not surprising that its passionate skippers builders and managers often become embroiled in disputes Recognizing this and the need to deal quickly and professionally with any divergency an arbitration panel has become an established part of the Cup's organization This book the fifth of a series that over time constitutes a unique corpus of decisions rendered over more than twenty years

compiles all the directions and decisions issued by the 36th America's Cup Arbitration Panel in the context of the nineteen cases submitted to it as well as all supporting documents elucidating the context in which the decisions were issued. In addition to all the decisions the following are also included: the Protocol of the 36th America's Cup and amendments made thereto; the 36th America's Cup Arbitration Panel Rules of Procedure; applicable versions of the World Sailing Racing Rules; the AC75 Class Rule; and the so-called Prada Cup Conditions and Match Conditions. Previously unpublished documents related to proceedings which have led to the amendment and/or interpretation of the Deed of Gift by the Supreme Court of the State of New York and previously unpublished court-related material pertaining to the key Mercury Bay case 1987-1990. An extensive and valuable introduction provides detailed historical and factual context. Expert commentary addresses issues of special interest decided by the 36th America's Cup Arbitration Panel, including privileged insight into the previously undocumented dispute resolution during the 35th America's Cup 2013-2017 and the World Intellectual Property Organization's Electronic Case Management Facility (ECMF). A table containing a summary of the subject matter of each decision and a keyword index help find which argument is dealt with in which decision. Because arbitration plays a key role in this context and because what happens in the America's Cup is of general interest to the sport and arbitration communities, this book's many insights into the kinds of issues that fuel disputes in sports events offer a significant extension of the knowledge base available to lawyers, arbitrators, and scholars in several branches of law and legal practice.

Through the stories of these rich characters like Kenyan Geoffrey Mutai, around whom the narrative is built, Caesar traces the history of the marathon as well as the science, physiology, and psychology involved in running so fast for so long. And he shows us why this most democratic of races retains its brutal, enthralling appeal and why we are drawn to test ourselves to the limit.
