Race Law Resistance:

Race, Law, Resistance Patricia Tuitt, 2012-09-10 Race Law Resistance is an original and important contribution to current theoretical debates on race and law. The central claims are that racial oppression has profoundly influenced the development of legal doctrine and that the production of subjugated figures like the slave and the refugee has been fundamental to the development of legal categories such as contract and tort. Drawing on examples from the UK and US legal systems in particular, this book employs a wide range of theoretical and disciplinary perspectives to explore resistance to racial dominance in modernity. In particular, it highlights the main tenets and distinctive scholarly forms of critical theories on race and law. Race Law Resistance will be of interest to academics and students following courses on critical race theory, law and postcolonialism, discrimination law, legal theory, legal systems, the law of obligations, comparative legal cultures, law and literature, and human rights.

Race, Law and Hypercriminality Sarah Corbett-Batson, 2025-08-08 This book considers how neoliberal criminal law constructs racialised hypercriminals. In a world of fake news and virtual reality where social media posts seem more real than the materiality of racial capitalism, this book develops the idea of hypercriminality as a means of explaining how racial disproportionalities in the criminal legal system persist despite discourses of a post-racial meritocracy. Drawing on critical race theory, the work of Judith Butler and Jean Baudrillard's conception of the hyperreal, the book considers how neoliberal legal discourse constructs and reproduces hyperreal racialised legal subjects. The simulated violent figure of the racialised gang member, rioter, drug dealer, or sexual predator is made to appear real through legal and evidential concepts such as dangerousness or bad character. The belief that this simulation is real is deployed to justify the carceral state and masks the structural and racialised violence of capitalism itself. Revealing the hypercriminality of racialised legal subjects, the book thus offers a timely critical legal intervention that aims to advance the urgent project of decarceration, abolition, and transformative justice. The book will appeal to scholars and students working in the areas of criminal law and evidence, criminology, criminal justice, socio-legal studies, and critical race theory.

Race, Law and Society Ian Haney López, 2017-05-15 Race Law and Society draws together some of the very best writing on race and racism from the law and society tradition; yet it is not intended to merely reprint the greatest hits of the past. Instead, from its introduction to its selection of articles, this anthology is designed as a how-to manual, a guide for scholars and students seeking templates for their own work in this important but also tricky area. Race Law and Society pulls together leading exemplars of the sorts of social science scholarship on race, society, and law that will be essential to racial progress as the world begins to travel the twenty-first century.

Race, Law, and Higher Education in the Colorblind Era Hoang Vu Tran, 2019-07-04 This book provides detailed analysis of Supreme Court judgments which have impacted the rights of minorities in relation to higher education and so illustrates ongoing issues of racial discrimination throughout the American education sector. Race Law and Higher Education in the Colorblind Era brings together the many racial disputes that have

been adjudicated by the Supreme Court to investigate the politics of colorblindness in the post civil rights era Through a reading of these various cases as a form of continuing racial discourse this book focuses on the ways in which racial disputes operate within a clearly entwined colorblind narrative that invalidates racial justice for minorities By investigating how the Supreme Court has understood racism and the concept of race across its history this volume demonstrates how colleges and universities must navigate the often contradictory and perilous landscape of diversity in attempts to integrate historically disadvantaged minorities This book will be of interest to researchers academics and postgraduate students in the fields of sociology of education multicultural education and legal education **Race, Law, and American Society** Gloria J.

Race, Law, and "The Chinese Puzzle" in Imperial Britain S. Auerbach, 2009-04-27 In the early twentieth century Chinese immigration became the focal point for racial panic in Britain Fears about its moral and economic impact amplified by press sensationalism and lurid fictional portrayals of London's original Chinatown as a den of vice and iniquity prompted mass arrests deportations and mob violence Even after the neighborhood was demolished and its inhabitants dispersed the stereotype of the Chinese criminal mastermind and other yellow peril images remained as permanent aspects of British culture This painstakingly researched study traces the historical evolution of Chinese communities in Britain during this period revealing their significance in the development of race as a category in British culture law and politics

Storied Communities Hester Lessard, Rebecca Johnson, Jeremy Webber, 2011-01-01 Political communities are defined

and often contested through stories Scholars have long recognized that two foundational sets of stories narratives of contact and narratives of arrival helped to define settler societies We are only beginning to understand how ongoing issues of migration and settlement are linked to issues of indigenous settler contact Storied Communities disrupts the assumption in many works that indigenous and immigrant identities fall into two separate streams of analysis The authors do not attempt to build a new master narrative they instead juxtapose narratives of contact and arrival as they explore key themes narrative and narrative form the nature and hazards of storytelling in the political realm and the institutional and theoretical implications of foundation narratives and storytelling By bringing to light the links between narratives of contact and narratives of arrival this volume opens up new ways to imagine sustain and transform political communities

White Women, Rape, and the Power of Race in Virginia, 1900-1960 Lisa Lindquist Dorr, 2005-12-15 For decades historians have primarily analyzed charges of black on white rape in the South through accounts of lynching or manifestly unfair trial proceedings suggesting that white southerners invariably responded with extralegal violence and sham trials when white women accused black men of assault Lisa Lindquist Dorr challenges this view with a careful study of legal records newspapers and clemency files from early twentieth century Virginia White Virginians inflammatory rhetoric she argues did not necessarily predict black men's ultimate punishment While trials were often grand public spectacles at which white men acted to protect white women and to police interracial relationships Dorr points to cracks in white solidarity across class and gender lines At the same time trials and pardon proceedings presented African Americans with opportunities to challenge white racial power Taken together these cases uncover a world in which the mandates of segregation did not always hold sway in which whites and blacks interacted in the most intimate of ways and in which white women and white men saw their interests in conflict In Dorr's account cases of black on white rape illuminate the paradoxes at the heart of segregated southern society the tension between civilization and savagery the desire for orderly and predictable racial boundaries despite conflicts among whites and relationships across racial boundaries and the dignity of African Americans in a system dependent on their supposed inferiority The rhetoric of protecting white women spoke of white supremacy and patriarchy but its practice revealed the limits of both
