Tourism is the world s fastest growing industry and impacts globally upon ecology economies peoples cultures and the built environment Development therefore must be sustainable and sympathetic in order to preserve the environment and culture it exploits

Despite sustainable tourism being an area of considerable recent interest there has been no synthesis of the diverse considerations of sustainable tourism and the language and terms particular to this subject An important resource for researchers of tourism this reference work defines and explains terms associated with considering and preserving the environment host peoples communities cultures customs lifestyles and social and economic systems Labour of Love

Shannon Garner,2016-07-01 A story of generosity hope and surrogacy Shannon Garner met and married the man of her dreams had two gorgeous children and lived an idyllic life on the New South Wales coast So why did she decide one day to pursue altruistic surrogacy And what made her choose a gay male couple from Sydney Labour of Love is Shannon s honest and engaging story a rollercoaster of emotion set against the backdrop of a highly regulated industry This is no account of heartache and conflict but an uplifting story of a collective love one that involves a handful of people from very different walks of life who end up being so much more than family As Shannon travels her journey of body mind and soul she lays bare

the loving reality behind surrogacy but also the trouble she found along the way Finding strength in unexpected places Shannon pushed past the negativity of others to discover the courage she needed to selflessly carry and birth a baby that will not be her own and to bring the gift of a precious life and soul into the world to be loved and cared for by her new adoring parents *The Other Side of the Story* Marian Keyes,2005-03 A novel that takes place in the world of publishing considers the joys and vagaries of career karma and love *Moral Encounters in Tourism* Mary Mostafanezhad,Kevin Hannam,2016-04-15 This first full length treatment of the role of morality in tourism examines how the tourism encounter is also fundamentally a moral encounter Drawing upon interdisciplinary perspectives leading and new authors in the field address topics that range from volunteer tourism to fertility tourism to reveal new insights into the ways tourism encounters are implicated in and contribute to broader moral reconfigurations in Western and non Western contexts Illustrating the role of power and power relations in tourism encounters within different political economic environmental and cultural contexts the authors in this anthology analyse theoretically and empirically the implications of the privileging of some moralities at the expense of others Key themes include the moral consumption of tourism experiences embodiment in tourism encounters environmental moralities as well as methodological aspects of morality in tourism research Crossing disciplinary and chronological boundaries *Moral Encounters in Tourism* provides a much anticipated overview of this new interdisciplinary terrain and offers possible routes for new research on the intersection of morality and tourism studies **Ethics in the Virtual World** Garry Young,2014-09-11 *Ethics in the Virtual World* examines the gamer s enactment of taboo activities in the context of both traditional and contemporary philosophical approaches to morality The book argues that it is more productive to consider what individuals are able to cope with psychologically than to determine whether a virtual act or representation is necessarily good or bad The book raises pertinent questions about one of the most rapidly expanding leisure pursuits in western culture should virtual enactments warrant moral interest Should there be a limit to what can be enacted or represented within these games Or is it all just a game **Tears of Amber** Holiday Shapero,2016-03-17 Being with Marco Stillinger was a journey that took me through an ocean of sterling experience One where I gave all that I had to give and like a blizzard he ripped every leaf from my tree But those winters died quickly and were replaced by endless springs where his great sun came to shine on me and I sprouted new leaves One would think that could be an endless cycle Have not the seasons always done that Trotted along behind one another never breaking their endless circle What could cleave them apart **The American Hebrew** ,1926 *Bibliografía española* ,2000
