Racial And Individual Sin:

Becoming an Anti-Racist Church Joseph Barndt, 2011-03-01 Christians addressing racism in American society must begin with a frank assessment of how race figures in the churches themselves leading activist Joseph Barndt argues This practical and important volume extends the insights of Barndt s earlier more general work to address the race situation in the churches themselves and to equip people there to be agents for change in and beyond their church communities Black Theology and the Menace of Racial Apocalypse Cyril Orji, 2025-04-30 Racism evolves Black theology must be adaptable For this reason Black Theology and the Menace of Racial Apocalypse argues that racism must take centre stage in Black theology because racism is an existential dread that inevitably confronts the Black person in their existential situation This book unfolds in two interwoven steps First it delves into the complex history of Black theology examining its development across its first second and third waves This critical study expositis the discomfoting idea that something is missing and that this something makes Black theology seem a little deficient as noted in the pioneering works of James Baldwin and other contemporary thinkers challenging the hesitation to engage with ideas outside Black experience The second step draws from multidisciplinary sources including brain research on cognitive bias and psychological works on implicit bias and microaggressions Effectively utilizing the methodological work of Bernard Lonergan the book argues that incorporating white sources can enhance Black theology s articulation against racism In doing so the book demonstrates how this interpretative mechanism can help overcome societal ideological differences as well as help meaningfully address the ever evolving problem of racism for Christian theology *Modern Psychology and the Validity of Christian Experience* Cyril Henry Valentine, 1929 **Wait—Is This Racist?** Kerry Connelly, 2022-03-01 A Be It Yourself Guide to Anti racism for Churches and Church Leaders Whether you have been an ally for years or just recently opened your eyes to racial injustice guiding your predominantly white church toward anti racism is a daunting task Where do you even begin White churches especially feel an urgency to respond but at the same time suffer a sense of overwhelmingness and futility as if no one action sermon series or service project will solve the problem of racism in America And they re right Instead we must begin to look deeply at our organizations our traditions our ministries our leadership our ways of making decisions our ways of interacting with the world beyond the church to identify and address implicit biases and to discover how white pseudo supremacy has been encoded into our way of doing church Wait Is This Racist is here to guide you and your church through this challenging and uncomfortable work Intentionally interactive practical and biblically based Wait Is This Racist guides church leaders and staff through an examination of all aspects of church life including leadership preaching and liturgy music small groups buildings and grounds and more to help churches create an action plan that will take them toward not only becoming anti racist but also actually doing anti racist work Offering educational tips powerful stories and insightful questions anti racism consultants Kerry Bryana and Josh will accompany you through this necessary work so that your church can truly become a

justice oriented organization that leans more fully into the kingdom of God Features A clear audit of church operations and reasons why this work is so important Workbook style questions at the end of each chapter A workable action plan for churches to implement what they have learned Tips encouragement and questions for BIPOC leaders in primarily white churches Helpful glossary of terms to aid general understanding **The A to Z of Kierkegaard's Philosophy** Julia Watkin,2010-03-23 The A to Z of Kierkegaard's Philosophy provides a contextual introduction to Kierkegaard's 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of the key systems of his thought theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard's Philosophy **Systematic Theology** Strong,1886 **The Quest for Truth** F. Leroy Forlines,2001 This invaluable tool seriously discusses profound truths that apply to every facet of life Biblical truth should be made applicable to the total personality The inescapable questions of life are answered from the standard of God's authoritative Word

Systematic Theology Augustus Hopkins Strong,1893 The Greatest Letter Ever Written French L. Arrington, From studying Paul's letter to the Romans we can learn the content of the Christian faith like nowhere else in the New Testament Paul's words are loaded with divine truth and require careful study and thought Indeed the letter to the Romans is a theological jewel but Paul's discussions in the letter are sensible and practical As the name of the letter indicates Paul wrote it to a church in a city known as Rome At the same time without knowing it he wrote it to the whole world and for all the ages supporting the efforts of cross cultural ministry and providing a key to understanding the Bible So even though this great letter was addressed to the saints in Rome during the first century its message is eternal and its mandates are universal French L Arrington **Walking in Line** James D. Croone,2025-03-28 As a Black American James Croone can speak to many of the dismays of racism Through years of teaching in Bible colleges and pastoring he remains perplexed how one can hold on to biases against those of other ethnicities and proudly proclaim to be a follower of Jesus Christ However this has been a standard fixture throughout history from those who have interpreted God's word to enslave oppress and extort those made in his image One would only believe that through advanced developments in studies of resources archeology and linguistics analysis and most importantly being in tune with God's Spirit we would have a better grasp of the gospel ridding ourselves of these pseudo interpretations Much of what is touted in media publications or friends with opinions conveys solutions that are irrational and fueled by anger and reprisal Civil unrest reforms laws and financial retribution are shortlived external solutions bias is an internal problem No matter how stringent laws can be there are always loopholes There are no loopholes internally though if one truly walks in line with the gospel This book aims to assist in transforming the hearts of those wrestling with bias and lead them to the path of restoration Anxiety in Eden John S. Tanner,1992 Tanner uses

Kierkegaard's thought in particular his theory of anxiety to enrich a bold new reading of Milton's *Paradise Lost*. He argues that for Milton and Kierkegaard the path to sin and to salvation lies through anxiety and that both writers include anxiety within the compass of paradise. The first half of the book explores anxiety in Eden before the Fall, original sin, the aetiology of evil, and prelapsarian knowledge. The second half examines anxiety after the Fall, offering original insights into such issues as the demonic, personality, remorse, despair, and faith.

Confronting Racial Injustice Gerald Hiestand, Joel

Lawrence, 2022-11-30 One of the greatest crises facing the church is the crisis of racial injustice that has so long marred the body of Christ in America. Evangelicals have traditionally had a set of biblical, theological, and cultural tools we have used for dealing with questions about race, the necessity of personal responsibility, the possibility of heart renewal through faith in Jesus, the transformative impact of interpersonal relationships, and the bedrock conviction that every human being is made in the image of God and is thus of equal worth and dignity. But in the world after 2020, the evangelical church must now recognize that our theological playbook has been ineffective in rooting out racism from the church and in confronting our own complicity in racial injustice. We must now ask: What other theological convictions are required of us as we consider the image-bearing humanity of George Floyd, Breonna Taylor, Ahmaud Arbery, and many others?

Confronting Racial Injustice explores theological vistas to aid the church in our pursuit of racial justice.

The End of Protestantism Peter J.

Leithart, 2016-10-18 The Failure of Denominationalism and the Future of Christian Unity One of the unforeseen results of the Reformation was the shattering fragmentation of the church. Protestant tribalism was and continues to be a major hindrance to any solution to Christian division and its cultural effects. In this book, influential thinker Peter Leithart critiques American denominationalism in the context of global and historic Christianity, calls for an end to Protestant tribalism, and presents a vision for the future church that transcends post-Reformation divisions. Leithart offers pastors and churches a practical agenda backed by theological arguments for pursuing local unity now. Unity in the church will not be a matter of drawing all churches into a single existing denomination, says Leithart. Returning to Catholicism or Orthodoxy is not the solution. But it is possible to move toward church unity without giving up our convictions about truth. This critique and defense of Protestantism urges readers to preserve and celebrate the central truths recovered in the Reformation while working to heal the wounds of the body of Christ.

T&T Clark Handbook of Theological Anthropology Mary Ann Hinsdale, Stephen

Okey, 2021-01-28 Including classical, modern, and postmodern approaches to theological anthropology, this volume covers the entire spectrum of thought on the doctrines of creation, the human person as *imago Dei*, sin, and grace. The editors have gathered an exceptionally diverse range of voices, ensuring ecumenical balance: Protestant, Roman Catholic, and Orthodox, and the inclusion of previously neglected perspectives: women, African American, Asian, Latinx, and LGBTQ. The contributors revisit authors from the Great Tradition, early church, medieval, and modern, and discuss them alongside critical and liberationist approaches ranging from feminist, decolonial, and intersectional theory to critical race theory and queer performance theory.
