Racism And Migration In Western Europe:

Racism and Migration in Western Europe John Wrench, 1993-12-21 In contemporary European societies the question of racism linked to the politicization of migration is a major issue in social and political debate This volume provides a critical overview of the processes that have led to the present situation and explores some of the options for the future **Gender**

and International Migration in Europe Eleonore Kofman, Annie Phizacklea, Parvati Raghuram, Rosemary Sales, 2005-06-20 Gender and International Migration in Europe is a unique work which introduces a gender dimension into theories of contemporary migrations As the European Union seeks to extend equal opportunities increasingly restrictionist immigration policies and the persistence of racism deny autonomy and choice to migrant women This work demonstrates how processes of globalisation and change in state policies on employment and welfare have maintained a demand for diverse forms of gendered immigration The authors examine state and European Union policies of immigration control family reunion refugees and the management of immigrant and ethnic minority communities Most importantly this work considers the opportunities created for political activity by migrant women and the extent to which they are able to influence and participate in mainstream policy making This volume will be essential reading for anyone involved in or interested in modern European immigration policy **Caribbean Migration to Western Europe and the United States** Margarita

Cervantes-Rodriguez, Ramon Grosfoguel, Eric H Mielants, 2008-12-20 A novel and interdisciplinary volume on the dynamics of migration with comparative case studies of the Caribbean experience *The New Migration in Europe* Khalid Koser, Helma Lutz, 1998-06-12 Recent migration in Europe has a whole range of characteristics which are said to distinguish it from earlier migration and the description new migration is often used Based on a wide range of empirical case studies of the new migration this book asks three critical questions To what extent is the description new conceptually valid How is the new migration defined and by whom How is the new migration experienced by migrants themselves Trade Unions,

Immigration, and Immigrants in Europe, 1960-1993 Rinus Penninx, Judith Roosblad, 2000 Contains nine essays which discuss 1 resistance and cooperation regarding the employment of foreign workers 2 inclusion and exclusion of foreign workers within trade unions and 3 the adoption of equal treatment or special measures for foreign workers **Race, Racialization and Antiracism in Canada and Beyond** Genevieve Fuji Johnson, Randy Enomoto, 2007-06-23 This multidisciplinary volume brings together scholars and activists to examine expressions of racism in contemporary policy areas including education labour immigration media and urban planning While anti racist struggles during the twentieth century were largely pitched against overt forms of racism e g pogroms genocide segregation apartheid and ethnic cleansing it has become increasingly apparent that there are other less visible forms of racism These subtler incarnations are of special interest to the contributors The intent of Race Racialization and Antiracism in Canada and Beyond is to probe systemic forms of racism as well as to suggest strategies for addressing them The collection is organized by themes pertinent to political and social

expressions of racism in Canada and the wider world such as the state and its mediation of race education and the perpetuation of racist marginalization and the role of the media The contributors argue that in order to effectively combat racism various methodological approaches are required approaches that are reflective of the diversity of the world we seek to understand **Immigrants and National Identity in Europe** Anna Triandafyllidou,2003-08-29 The author reviews main theories of nationalism and criticises their lack of elaboration on the role of Others in nation formation Drawing upon anthropological sociological and social psychological perspectives she develops a dynamic relational perspective for the study of national theory **Migration and Race in Europe** Martin Bulmer,John Solomos,2020-05-21 Migration and Race in Europe covers various facets of the interplay between migration and race in Europe Over the past two decades there has been a growing public policy and political debate about questions linked to migration and refugee movements across the borders of Europe This has been evident in countries such as the UK France the Netherlands and Germany that have had long established experience with questions about immigration and race But what has also become clear is that these debates have also become an established part of political and civil society discourses across both Southern and Eastern European societies and beyond The contributions to this volume draw on the latest research in order to provide an insight into the changing dynamics of migration and race in a number of European societies This book was originally published as a special issue of Ethnic and Racial Studies **Intercultural Europe** Jagdish Gundara,Sydney Jacobs,2019-06-11 This title was first published in 2000 The essays in this text examine interculturalism in Europe focusing on social diversity and social policy within the European Union Issues addressed include racism and social policy migrant communities in Europe ethnic diversity intercultural education and housing and segregation **The Cambridge Survey of World Migration** Robin Cohen,1995-11-02 This extensive survey of migration in the modern world begins in the sixteenth century with the establishment of European colonies overseas and covers the history of migration to the late twentieth century when global communications and transport systems stimulated immense and complex flows of labour migrants and skilled professionals In ninety five contributions leading scholars from twenty seven different countries consider a wide variety of issues including migration patterns the flights of refugees and illegal migration Each entry is a substantive essay supported by up to date bibliographies tables plates maps and figures As the most wide ranging coverage of migration in a single volume The Cambridge Survey of World Migration will be an indispensable reference tool for scholars and students in the field

Public and Political Discourses of Migration Amanda Haynes,Martin J. Power,Eoin Devereux,Aileen Dillane,James Carr,2016-04-14 Popular political and media discourses frame the issue of migration and shape how and when it enters the public and political consciousness These discourses are of crucial importance as they influence both the general public's perception of migration and the policies which regulate both the act of migration itself and migrant residents Public and Political Discourses of Migration brings together an interdisciplinary group of established and emerging scholars whose work

interrogates the relationship between discourse and migration Through the application of a variety of theoretical lenses drawn from the broad canon of discourse studies each contribution unpicks the productive power of discourse in shaping the reality of migration migration policy and migrant lives in the twenty first century The cases examined emerge as do their authors from a wide spectrum of national political and cultural contexts They are linked by their fundamental questioning of common sense and ahistorical approaches to migration They address the question of whose interests are served by prevailing discourses and the structures they underpin Ultimately they make strange accepted truths regarding migration in the twenty first century

Moving Europeans, Second Edition Leslie Page Moch,2003 Leslie Moch tells the story of the vast movements of people throughout Europe and examines the links between human mobility and the fundamental changes that transformed European life

The Impact of Radical Right-Wing Parties in West European Democracies M. Williams,2006-09-02 This book contends that far right parties play pivotal roles in setting the tone of political debates shaping the political party system and structuring government policy Increasingly as national governments attempt to cope with new realities of greater global migration strained welfare states and threats of foreign terror opportunities have opened for parties of the far right to position themselves strategically

West European Immigration and Immigrant Policy in the New Century Anthony M. Messina,2002-06-30 Few if any phenomena affecting Western Europe as a whole since 1945 have been more far reaching in their immediate effects or more potentially destabilizing to politics and society over the long term than the accumulative experience of immigration Messina and his contributors analyze why the major immigrant receiving states of Western Europe historically permitted and often abetted relatively high levels of postwar migration and they assess how contemporary governments attempt to govern immigration flows and manage the domestic social and political fallout which it inevitably yields The central purpose of the volume is to address these questions within the context of the decision making logics that have demonstratively governed postwar migration to Western Europe in each of its three distinct but interrelated waves or phases labor migration family migration and humanitarian or forced migration Messina demonstrates that postwar migration to Western Europe in all of its phases has been governed by a set of mutually reinforcing and mostly compatible logics Of these the economic the humanitarian and the political the political has predominated over time and is likely to continue doing so into the indefinite future A major cross disciplinary analysis that will appeal to political scientists sociologists and general researchers and scholars of ethnicity race relations and comparative public policy

Mass Migration in the World-system Terry-Ann Jones,Eric Mielants,2015-11-17 Mass Migration in the World System brings to light the multiple experiences of migrants across different zones of the world economy By engaging wide ranging ideas and theoretical viewpoints of the migration process the labor market for immigrants and the rights of migrants this book provides an important and much needed interdisciplinary perspective on the issues of mass migration

Migrants, Ethnic Minorities and the Labour Market John Wrench,Andrea Rea,Nouria Ouali,2016-07-27 This book examines racial and ethnic

discrimination in the labour markets and workplaces of western Europe Scholars from ten different countries set out the experience and implications of this exclusion for two main groups the more established second and third generations of postwar migrant descent and the new migrants including seasonal and undocumented workers and refugees who are vulnerable to extreme exploitation and unregulated working environments The book finishes by addressing the implications of these issues for trade unions and employers in Europe

European Societies Thomas Boje, Bart Van Steenbergen, Sylvia Walby, 2013-03-07 Are the recent developments in Europe bringing countries together or pulling them apart The leading experts in this book including Sheila Allen Marlis Buchmann Piotr Sztompka and Patrick Ziltener cover a wide range of subjects including the move towards political democracy and market economy in Central and Eastern societies the project of the European Union ethnic conflict the rise of nationalism social exclusion and women's role in public life

Refugees, Citizenship and Social Policy in Europe A. Bloch, C. Levy, 1999-04-30 Recently global and European migration in the post Cold War world have received much attention This edited collection is a comprehensive up to date account of the social policies of European welfare states towards refugees and asylum seekers It also examines the contested boundaries between refugees and asylum seekers and citizenship within European nation states and the European Union

Migration, Transnational Flows, and the Contested Meanings of Race in Asia Shanshan Lan, Miloš Debnár, 2025-03-06 This open access edited volume addresses the multi layered relations between migration transnational flows and the contested meanings of race in Asia It tries to answer the following questions how do migration and transnational flows from the Western world impact racial knowledge formation in Asian societies To what extent do they challenge perpetuate and reshape unequal power relations based on the intersection of race gender class nationality citizenship and migration status in Asia How are dominant Western racial categories such as race whiteness and blackness redefined and reconstructed in the context of the Covid 19 pandemic when transnational mobility became both heavily restricted and stigmatized The book is divided into three parts Race Language and Migration status Covid 19 and the Dynamics of Racialization Gender and Interracial Encounters This book positions itself in the nexus of race migration and pandemic research and will make a significant contribution to critical race studies whiteness studies globalization multiculturalism and social transformation in Asia This book is aimed at students and scholars in race and migration studies in Asia and beyond This is an open access book

Impact of Extreme Right Parties on Immigration Policy Joao Carvalho, 2013-09-05 Drawing on a mixed research methodology with a strong qualitative character this book traces the political impact of the British National Party in the UK the Front National in France and the Lega Nord in Italy by exploring their contagion effects on immigration politics and policy in particular over the patterns of inter party competition public behaviour and policy developments This book suggests that extreme right party impact on immigration politics and policy is an outcome of the extreme right parties electoral threats to established parties alongside the agency of mainstream political elites It also highlights the decline in the intensity

of extreme right parties contagion effects on public attitudes to immigration throughout the late 2000s or the potential overstatement of this political process in the past Featuring detailed case studies of the UK France and Italy as three mature multi party democracies where the extreme right was on the rise during the past decade this work will be of great interest to students and scholars of populism extremism European politics and comparative and party politics
