Racism After Race Relations:

Racism After 'race Relations' Robert Miles, 1993 Discusses the shifting definitions of racism and challenges the common conception that racism is experienced exclusively by black people The book aims to occupy the centre of debate on the sociology of racism and ethnic studies Racism After "race Relations" Robert Miles, 1993 Race, Class, and the State in Contemporary Sociology Jack Niemonen, 2002 Situating Wilson's work on race and class in the overall contexts of sociology and radical politics this book considers the contribution of and the debate surrounding each of his major works including *The Declining Significance of Race* *The Truly Disadvantaged* and *When Work Disappears* The crucial place of segregation in the critiques of Wilson's theory is emphasized and the role of the state is considered Annotation copyrighted by Book News Inc Portland OR After Race Antonia Darder, Rodolfo D. Torres, 2004-08 Further investigations of what race and racism mean in America **Racists Beware** George J. Sefa Dei, 2008-01-01 With admirable clarity and directness George Dei exposes the tendency towards the racial re-feeding of the contemporary public sphere in Canada and by association other post-industrial societies He points to the enormous opportunity costs imposed on racial minorities in the new millennium as a consequence In *RACISTS BEWARE UNCOVERING RACIAL POLITICS IN THE POSTMODERN SOCIETY* Dei identifies and subjects to close scrutiny the new race-bending logics of what he calls postmodern societies in which the dwellers of the suburbs and members of the itinerant white professional middle class the great beneficiaries of late capitalism and neoliberalization of the economy now have become the new social plaintiff turning the complaint of racial inequality and discrimination on the heads of those most oppressed If Gayatri Spivak asks Can the subaltern speak then Dei brilliantly poses the question When will Anglo-dominant groups even critical ones ever listen This book is likely to provoke and influence discussion on racial antagonism for a long long time to come *Culture and Economy After the Cultural Turn* Larry Ray, Andrew Sayer, 1999-10-28 Traditionally social science treated culture as a peripheral issue but the last twenty years have witnessed a cultural turn throughout the social sciences Culture is now at the core of debate *Culture and Economy After the Cultural Turn* examines the impact of the cultural turn for the social sciences in relation to the decline of interest in economic aspects of society It presents a number of responses to the changing relationship between culture and economy and to the way in which the cultural turn has sought to understand it Contributors from a wide range of disciplines present differing views on these matters in relation to issues of political sensibilities and movements equality and recognition cultural management Sociology After Postmodernism David Owen, 1997-03-25 Postmodernism is frequently described as dealing a death blow to sociology This book however argues that it is a mistake to conceive postmodernism in terms of a fatal attack upon what sociologists do The contributors locate the identity of sociology after postmodernism as a contested site which opens up the possibility of re-imagining the enterprise of sociology They show how this re-imagination might be conducted and trace some of the key potential consequences *Colorblindness, Post-racality, and Whiteness in*

the United States Sherrow O. Pinder, 2015-12-27 This book problematizes the ways in which the discourses of colorblindness and post raciality are articulated in the age of Obama Pinder debunks the myth that race does not matter and reconsiders the presumptive hegemony of whiteness through the dialectics of visibility and invisibility of race **New Racial Landscapes**

Malcolm James, Helen Kim, Victoria Redclift, 2016-03-17 The chapters in this volume examine the racial and ethnic landscape of Britain in a contemporary era of neoliberalism and financial crisis A key aspect of neoliberal thought is the belief that we live in a post racial in which the problems of racism and xenophobia have been overcome However cultural retrenchment and coded xenophobia have been sweeping the political terrain accompanied by new racisms and new racial subjects that only close contextual analysis can unpick The scholarship contained in this collection challenges those who suggest that we live in a post racial time By focusing on particular locations in Britain at a particular moment the volume explores local stories of race and racism across changing sociopolitical ground This book is essential reading for scholars and students of race racism diaspora multiculturalism post colonialism transnationalism and post race This book was originally published as a special issue of *Ethnic and Racial Studies* *Ethnic Identity and Power* Yali Zou, Enrique T. The Racialisation of Disorder in Twentieth Century

Britain Michael Rowe, 2017-07-05 This book develops the concept of racialisation It argues that a full understanding of racialized discourse must pay attention to both the particular local circumstances in which they appear and well established themes which have unfolded over time An important aspect of the study is the examination of other discourses with which racialized ideas have co joined reflecting the way in which notions of race are socially constructed The final part of the thesis returns to debates of the 1980 s and argues that the racialisation of unrest in that decade was closely intertwined with conservative perspectives which sought to deny socio economic causes in favour of explanations based upon the supposed cultural or personal proclivities of those involved
