Rackets A Novel:

The Rackets Thomas Kelly, 2012-03-06
Fired from the mayor's office a political flack ends up in his old neighborhood with a newly dangerous mission. Jimmy Dolan should have known better than to shove Frankie Keefe. Keefe may be scum, a corrupt teamster president who's looking forward to crushing Jimmy's father in the next union election, but Jimmy is the mayor's right hand man and kowtowing to scum is his job. After hearing one too many cracks about his father, Jimmy shoves the union boss onto the floor in full view of some of the city's most powerful people. In a flash, Jimmy's career is finished. He returns to Inwood in the wilds of north Manhattan to pick up the pieces. But when his father is murdered, Jimmy takes up the old man's campaign against Frankie Keefe. It may be suicide, but he's got nothing else to lose. After years in City Hall, Jimmy Dolan is about to learn how ugly New York politics can get. *Social Dimensions of*

Organised Crime Corinna Elsenbroich, David Anzola, Nigel Gilbert, 2016-12-15
This book presents a multi-disciplinary investigation into extortion rackets with a particular focus on the structures of criminal organisations and their collapse: societal processes in which extortion rackets thrive and fail and the impacts of bottom-up and top-down ways of fighting extortion racketeering. Through integrating a range of disciplines and methods, the book provides an extensive case study of empirically based computational social science. It is based on a wealth of qualitative data regarding multiple extortion rackets, such as the Sicilian Mafia, an international money laundering organisation, and a predatory extortion case in Germany. Computational methods are used for data analysis to help in operationalising data for use in agent-based models and to explore structures and dynamics of extortion racketeering through simulations. In addition to textual data sources, stakeholders and experts are extensively involved, providing narratives for analysis and qualitative validation of models. The book presents a systematic application of computational social science methods to the substantive area of extortion racketeering. The reader will gain a deep understanding of extortion rackets in particular, their entrenchment in society and processes supporting and undermining extortion rackets. Also covered are computational social science methods in particular: computationally assisted text analysis and agent-based modelling and the integration of empirical, theoretical, and computational social science. *The Popular Science Monthly*, 1916 [A Matter of Conscience: A Contemporary Novel](#),

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief is that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. [The Racket](#) Anita Mason, 2012-06-08
A moral thriller of the first order. *The Racket* is set in the darkly shadowed Latin American landscape of modern-day Brazil, a vast country on the brink of anarchic lawlessness on every level and bankruptcy both material and spiritual. Against the background of urban decay and the rape of nature, social disintegration and private despair, two people find themselves at dangerous odds with the institutional savagery

around them One is an idealistic young teacher Rosa Van Meurs whose innocently written letter of protest against a corporate violation of native tribal land makes her the target of retribution The other is her cousin Fabio a poet and dreamer who has drifted into the underworld to become an instrument of an evil with no escape short of death Inevitably these two opposites are drawn together their fates intertwined in a tale taut with suspense as it moves toward moments of decision and final reckoning Popular Science Monthly ,1916 **G. K. Chesterton Essays and Novels** G. K. Chesterton,Aeterna Press, In the autumn of 1890 I was leaving the Casino at Monte Carlo in company with an eminent Divine whose name for obvious reasons I suppress We were engaged in an interesting discussion on the subject of Demons he contending that they were an unnecessary not to say prejudicial element in our civilisation an opinion which needless to say I strongly opposed Having at length been so fortunate as to convince him of his error I proceeded to furnish him with various instances in which Demons have proved beneficial to mankind and at length he exclaimed My dear fellow why do you not write a book about Here he coughed The idea took so strong a hold upon me that from that time I have taken more careful note of the habits and appearance of such specimens as come in my way and my studies have resulted in the production of this little work which will I trust prove not uninteresting to the youthful seeker after knowledge Aeterna Press **The Woman Racket** Steve Moxon,2012-07-26 His first book *The Great Immigration Scandal* 2004 blew the whistle on abuses within the Home Office and led to the resignation of the immigration minister Beverley Hughes Although attacked at the time by the government and the liberal media for alarmism Moxon s analysis has now been adopted by most of the major political parties Indeed his views on the dangers of multiculturalism were even echoed by the Chairman of the Commission for Racial Equality leading the *Evening Standard* to claim Moxon appears not so much a racist as a visionary But immigration was never his primary interest in fact he joined the Home Office in order to study its HR policy as part of a decade long investigation of men women This book is the result Notwithstanding its provocative title *The Woman Racket* is a serious scientific investigation into one of the key myths of our age that women are oppressed by the patriarchal traditions of Western societies Drawing on the latest developments in evolutionary psychology Moxon finds that the opposite is true men or at least the majority of low status males have always been the victims of deep rooted prejudice As the prejudice is biologically derived it is unconscious and can only be uncovered with the tools of scientific psychology The book reveals this prejudice in fields as diverse as healthcare employment family policy and politics compared to the long and bloody struggle for universal male suffrage women were given the vote in an historical blink of the eye *Gangster States* K. Hirschfeld,2015-02-09 The author draws on behavioral ecology to predict the evolution of organized crime in unregulated systems of exchange and the further development of racketeer economies into unstable kleptocratic states The result is a new model that explains the expansion and contraction of political economic complexity in prehistoric and contemporary societies *Racket* Gideon Haigh,2008-09-01 A generation ago in Australia abortion was a crime It was also the basis of one of the country s most lucrative and longest lasting criminal

rackets The Racket describes the rise and fall of an extraordinary web of influence which culminated in the landmark ruling that made abortion legal and a public inquiry that humiliated a powerful government and a glamorous police force With forensic skill and psychological subtlety Gideon Haigh brings to life a story of corruption in high places and human suffering in low of murder suicide courtroom drama political machinations and of the abortionists themselves among them a multi millionaire philanthropist a communist bush poet a timid aesthete and a bankrupt slaughterman It is the story too of Bertram Wainer abortion s crash through or crash campaigner and the moral issue he bequeathed which still divides Australians

Screening the Novel Gabriel Miller,2016-10-06 Some of the most memorable movies of Hollywood s Golden Age were based on novels that never received the acclaim they deserved No one who saw Rod Steiger in The Pawnbroker could forget the actor s wrenching performance but does anyone remember the author of the book on which the film was based The same can be said of Jane Fonda in They Shoot Horses Don t They Greta Garbo in Susan Lenox and Humphrey Bogart in The Treasure of the Sierra Madre This book retrieves these novels and re evaluates the careers of the eight neglected novelists whose works inspired eight different directors among them Stanley Kubrick Sidney Lumet John Huston and Sidney Pollack Each chapter offers detailed analysis on both the original text and the resulting movie Taken together the double examination of novel and film raises some important questions about the nature and problems of cinematic adaptation

Rackets A Novel Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rackets A Novel has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rackets A Novel has opened up a world of possibilities. Downloading Rackets A Novel provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rackets A Novel has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rackets A Novel. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rackets A Novel. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rackets A Novel, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download

Rackets A Novel has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
