The most comprehensive and authoritative book of its kind has been completely updated for the new millennium. It contains hundreds of new entries, many expanded descriptions and notations of additional companion and related titles, more than 1,700 in all. The best-loved classics of the twentieth century are included as well as a thoughtful selection of outstanding titles from the last decade. Six sections are organized according to reading level: Wordless Picture Story, Early Reading, Middle Reading, and Young Adult. In addition to a summary of the book, each entry provides the essential bibliographic information you need to find a book in your local library or bookstore, including title, author, and/or illustrator, hardcover and/or paperback, publisher, and publication year, major awards, related titles. The unique and most popular feature of the guide is its system of special indexes, more than sixty in all. They make it easy for parents and grandparents, teachers and librarians, even children themselves to match the right book to the right child. Browse through the indexes and find titles for every interest and mood: picture books about cats, mice, or dinosaurs for babies; funny books to read aloud to toddlers; series about family life or school or fantasy adventures for a middle-grade child; books on divorce or death and coming of age; novels just right for someone starting junior high school. There are also indexes for books about minorities and religion, an age-appropriate reading level index, and much more. Lavishly decorated with more than three hundred illustrations from representative titles, the guide also features extra-wide margins for notes on which of your children liked which book, at what age, and why.
