Africa It argues that poor white is not a narrow economic category but describes those who threaten to collapse boundaries racial sexual and class boundaries It studies four writers who migrate between Britain and Southern Africa who engage with the problem and the solution and who foreground ambiguity in their ambiguously genred texts Olive Schreiner and Doris Leasing highlight the problem as they embrace the threat posed by poor whites while Robert Tressell and Daphne Anderson foreground the solution as they argue for the incorporation of the poor into imperial myths about white homogeneity and upward mobility Based on an historical approach this book explores three premises The first premise is that poor white is a liminal category that it encompasses economic failures and social transgressors The second premise is that Southern African life writing engages with its historical and political moment The third premise is that philanthropy is central to the articulation of the problem and the solution The final concluding chapter reflects upon the re emergence of poor whiteism since the end of Apartheid and the collapse of Zimbabwe and reflects upon the problem of black poverty

Narratives of Injury Rosalyn Buckland,2024-11-29 Narratives of Injury redescribes the history of injury from the perspective of those most at risk rather than medical professionals and other outsiders Refocusing on the first hand perspectives found in literary texts and journalistic accounts it uncovers a self conscious tradition of mining stories running through nineteenth century writing The book examines both non canonical authors and famous novelists including Charles Dickens Joseph Skipsey G A Henty E H Burnett George Eliot Edward Tirebuck H G Wells and D H Lawrence Their narratives revise our understanding both of injury and of the radical potential of fiction Sudden physical injuries have often been configured as fundamentally unknowable by the victims themselves particularly in studies of nineteenth century literature and culture Likewise narratives of psychological trauma have been largely understood in Cathy Caruth s words as the attempt to master what was never fully grasped in the first place Such readings privilege the reader as a necessary interpreter of physical or psychological injury By contrast Narratives of Injury reasserts the significance of patients own experiences choices and actions

Memoirs of Victorian Working-Class Women Florence s. Boos,2017-12-02 This volume is the first to identify a significant body of life narratives by working class women and to demonstrate their inherent literary significance Placing each memoir within its generic historical and biographical context this book traces the shifts in such writings over time examines the circumstances which enabled working class women authors to publish their life stories and places these memoirs within a wider autobiographical tradition Additionally Memoirs

of Victorian Working Class Women enables readers to appreciate the clear sightedness directness and poignancy of these works **Margaret Harkness** Flore Janssen, Lisa C. Robertson, 2018-12-10 This collection places the life and work of Margaret Harkness at the heart of a broader consideration of the socially turbulent decades around the turn of the twentieth century in order to illuminate historical forms of women's political activism **Joseph Conrad** D C R A Goonetilleke, 1990-11-19 **Working-class Fiction** Ian Haywood, 1997 This is the first study for more than ten years of this radical genre covering working class literature over the last 150 years It argues that working class fiction has flourished in periods of major social and political change **Class Fictions** Pamela Fox, 1994-11-21 Many recent discussions of working class culture in literary and cultural studies have tended to present an oversimplified view of resistance In this groundbreaking work Pamela Fox offers a far more complex theory of working class identity particularly as reflected in British novels of the late nineteenth and early twentieth centuries Through the concept of class shame she produces a model of working class subjectivity that understands resistance in a more accurate and useful way as a complicated kind of refusal directed at both dominated and dominant culture With a focus on certain classics in the working class literary canon such as *The Ragged Trousered Philanthropists* and *Love on the Dole* as well as lesser known texts by working class women Fox uncovers the anxieties that underlie representations of class and consciousness Shame repeatedly emerges as a powerful counterforce in these works continually unsettling the surface narrative of protest to reveal an ambivalent relation toward the working class identities the novels apparently champion *Class Fictions* offers an equally rigorous analysis of cultural studies itself which has historically sought to defend and value the radical difference of working class culture Fox also brings to her analysis a strong feminist perspective that devotes considerable attention to the often overlooked role of gender in working class fiction She demonstrates that working class novels not only expose master narratives of middle class culture that must be resisted but that they also reveal to us a need to create counter narratives or formulas of working class life In doing so this book provides a more subtle sense of the role of resistance in working class culture While of interest to scholars of Victorian and working class fiction Pamela Fox's argument has far reaching implications for the way literary and cultural studies will be defined and practiced **Making socialists** Jane Martin, 2018-04-30 *Making Socialists* combines a biographical study of a nowadays virtually unknown woman with an original exploration of several major themes in late nineteenth and early twentieth century political and educational history More than a local politician Mary Bridges Adams was among the dynamic late nineteenth century women activists who sought to transform government policy through socialist initiatives with the ultimate utopian aim of creating a social nation The author has assembled a thorough range of sources including new materials that will bring fresh insights to this biography and more generally to Labour Party and socialist historiography well studied topics The people Adams knew and the circles in which she travelled are particularly attractive features of this book Foes thought her an awful woman friends like George Bernard Shaw remembered the power of her

oratory Placed against the circumstances in which she lived and presented as part of a militant and anti capitalist tradition within labour history her life story contributes to new ways of seeing both socialist and feminist politics *The Radical Twenties* John Lucas, 1999 Studies writers from the 1920s with regard to their political radicalism Draws on the works of D H Lawrence Virginia Woolf Sylvia Townsend Warner and Patrick Hamilton among others to identify the decade as a time of both political activism and of deliberately transgressive behavior particularly among women Meets head on the argument of earlier commentators who take for granted the post war decade as defined by cynicism and hedonism and looks at the work and lifestyles of those determined to find ways out of despair Annotation copyrighted by Book News Inc Portland OR
