*The Rocky Mountain Herald Reader* Thomas Hornsby Ferril, Helen Ferril, 1966 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1969 *A Literary History of the American West* Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **Last Paper Standing** Ken J. Ward, 2023-11-15 Last Paper Standing chronicles the history of competition between the Denver Post and Rocky Mountain News from both newspapers origins to their joint operating agreement in 2001 to the death of the News in 2009 to tell a broader story about the decline of newspaper readership in the United States The papers fought for dominance in the lucrative Denver newspaper market for more than a century enduring vigorous competition in pursuit of monopoly control This frequently sensational sometimes outlandish and occasionally bloody battle spanned numerous eras of journalism embodying the rise and fall of the newspaper industry during the twentieth century in the lead up to the fall of American newspapering Drawing on manuscript collections scattered across the United States as well as oral histories with executives managers and journalists from the papers Ken J Ward investigates the strategies employed in their competition with one another and against other challenges such as widespread economic uncertainty and the deterioration of the newspaper industry He follows this competition through the death of the Rocky Mountain News in 2009 which ended the country s last great newspaper war and marked the close of the golden age of Denver journalism Fake news runs rampant in the absence of high quality news sources like the News and the Post of the past Neither canonizing nor vilifying key characters Last Paper Standing offers insight into the historical context that led these papers managers to their changing strategies over time It is of interest to media and business historians as well as anyone interested in the general history of journalism Denver and Colorado **Editor & Publisher**, 1927 The fourth estate **Leaving Readers Behind** Gene Roberts, 2004-01-01 The American newspaper industry is in the middle of the most momentous change in its entire three hundred year history A generation of relentless corporatization has resulted in a furious unprecedented blitz of buying selling and consolidation of newspapers accompanied by dramatic and drastic change in reporting and coverage of all kinds Concerned that this phenomenon was going largely unreported Gene Roberts legendary reporter and editor decided to undertake a huge extended reportorial study of his own industry what would become the Project on the State of the American Newspaper Gathering more than two dozen distinguished journalists and

writers Roberts produced a long series of reports in the American Journalism Review published by the University of Maryland's Philip Merrill College of Journalism asking the crucial question Are American communities in the very middle of the so called information explosion in danger of becoming less informed than ever Preacher and Homiletic Monthly ,1911 *A Part, Yet Apart* Lavina Dhingra Shankar,Rajini Srikanth, As people from the cultures of the Indian subcontinent increasingly participate in the complex and often heated debates about race and ethnicity in the United States they confront questions about naming and claiming an identity that designates their group in this country To be sure claiming any single identity omits perhaps threatens to obliterate the significant political historical economic and religious differences between their countries of origin However the term South Asian is growing in acceptance among people in this country who trace their heritage to India Pakistan Sri Lanka Bhutan Bangladesh Nepal and Maldives because it acknowledges common interests while it allows for difference This construction process parallels the gradual acceptance of the term Asian American by peoples primarily of East and Southeast Asian ancestry who found abundant reason to claim a shared identity in dealing with officialdom and an apparently intractable racism in this country In time Asian American has become a designation of collective pride for a wide range of peoples In academic institutions and society generally there are vexed questions about the term's inclusiveness and the dominance of established groups over more recent ones *A Part Yet Apart* South Asians in Asian America concerns itself with the extent to which South Asian Americans are and ought to be included within Asian America as that term is applied to academic programs and admission policies grassroots community organizing and politics more broadly and critical analyses of cultural products Taken together these essays form a spirited dialogue on the dilemmas of identity politics coalition building and diasporics Author note Lavina Dhingra Shankar is Assistant Professor of English at Bates College Maine Rajini Srikanth is Adjunct Professor of American Studies at Tufts University Massachusetts *In Defense of Professor Goldrick* Margaret McLean Truly ,2016 Goldrick biographer Margaret McLean Truly spent three decades tracking information about the brilliant eccentric elusive O J Goldrick He refused to talk about himself and when he died his public knew him but knew nothing about his true history Truly located six of his great great nieces scattered from California to Pennsylvania She obtained original letters written in the 1800s by the professor his siblings and his father along with a diary written by Goldrick's older brother This led to the establishment of the Goldrick Family Collection at the History Colorado Center in Denver Bringing the letters together not only allowed her to document her work but made it possible to weave a story based on the documents and articles in reams of microfilmed newspapers The result is a well documented first time telling of the story of one of Colorado's most interesting pioneers **The WPA Guide to Colorado** Federal Writers' Project,2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later

become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state s unique flavor The WPA Guide to Colorado not surprisingly emphasizes the natural beauty of the Highest State With a landscape ranging from alpine mountains with lush forests to arid deserts with massive sand dunes and a history that includes a rich Native American presence as well as booming mining and agriculture industries the WPA guide shows how Colorado has earned the moniker the Colorful State
