New Voyages to Carolina Larry E. Tise, Jeffrey J. Crow, 2017-09-14 *New Voyages to Carolina* offers a bold new approach for understanding and telling North Carolina's history. Recognizing the need for such a fresh approach and reflecting a generation of recent scholarship, eighteen distinguished authors have sculpted a broad inclusive narrative of the state's evolution over more than four centuries. The volume provides new lenses and provocative possibilities for reimagining the state's past. Transcending traditional markers of wars and elections, the contributors map out a new chronology encompassing geological realities, the unappreciated presence of Indians, blacks, and women, religious and cultural influences, and abiding preferences for industrial development within the limits of progressive politics. While challenging traditional story lines, the authors frame a candid tale of the state's development. Contributors: Dorothea V. Ames, East Carolina University; Karl E. Campbell, Appalachian State University; James C. Cobb, University of Georgia; Peter A. Coclanis, University of North Carolina at Chapel Hill; Stephen Feeley, McDaniel College; Jerry Gershenhorn, North Carolina Central University; Glenda Elizabeth Gilmore, Yale University; Patrick Huber, Missouri University of Science and Technology; Charles F. Irons, Elon University; David Moore, Warren Wilson College; Michael Leroy Oberg, State University of New York College at Geneseo; Stanley R. Riggs, East Carolina University; Richard D. I Have a Story to Tell You Seemah C. Berson, 2010-08-04 *I Have a Story to Tell You* is about Eastern European Jewish immigrants living in Montreal, Toronto, and Winnipeg in the early twentieth century. The stories encompass their travels and travails on leaving home and their struggles in the sweatshops and factories of the garment industry in Canada. Basing her work on extensive interviews, Seemah Berson recreates these immigrants' stories about their lives in the Old Country and the hardship of finding work in Canada, and she tells how many of these newcomers ended up in the needle trades. Revealing a fervent sense of socialist ideology acquired in the crucible of the Russian Revolution, the stories tell of the influence of Jewish culture and traditions of personal and organized fights against exploitation and of struggles to establish unions for better working conditions. This book is a wonderful resource for teachers of Canadian Jewish and social history as well as autobiography and cultural studies. The simplicity of the language transcribed from oral reports makes this work accessible to anyone who enjoys a good story.

[German Social Democracy, 1905-1917](#) Carl E. Schorske, 1955 No political parties of present-day Germany are separated by a wider gulf than the two parties of labor: one democratic and reformist, the other totalitarian and socialist revolutionary. Social Democrats and Communists today face each other as bitter political enemies across the front lines of the Cold War, yet they share a common origin in the Social Democratic Party of Imperial Germany. How did they come to go separate ways? By what process did the old party break apart?

How did the prewar party prepare the ground for the dissolution of the labor movement in World War I and for the subsequent extension of Leninism into Germany To answer these questions is the purpose of Carl Schorske's study The Divine Project Joseph Ratzinger, 2022-12-30 It took nearly thirty years for a forgotten box of cassette tapes mislaid in an abbey in Austria to be brought to light On these tapes recorded in 1985 the voice of Joseph Ratzinger Pope Benedict XVI walks his listeners with small careful steps through the thick terrain of contemporary theology Now after decades these lectures have been dusted off transcribed and published for readers across the globe The Divine Project is a study of God the Creator and of man as this Creator's masterpiece Ratzinger as Professor Matthew Levering writes guides us through the most difficult domains of modern theology and modern life how to read the Bible the Reason of God and the reasonableness of the cosmos the meaning of original sin technology ecology and creatureliness the Cross and the Eucharist and Vatican II pluralism the Magisterium and the nature of the Church This once forgotten work offers a short and accessible tour of the whole theological world of Joseph Ratzinger one of the most important minds of the twentieth and twenty first centuries
