Look To God And Live Discourses Of Marion G Romney:

Look to God and Live Marion G. Romney,1971 Look to God and Live. Discourses... Comp. by George J. Romney
Marion G.. Romney,1971 **Believing History** Richard Lyman Bushman,2007-02-13 The eminent historian Richard Bushman here reflects on his faith and the history of his religion By describing his own struggle to find a basis for belief in a skeptical world Bushman poses the question of how scholars are to write about subjects in which they are personally invested Does personal commitment make objectivity impossible Bushman explicitly and at points confessionally explains his own commitments and then explores Joseph Smith and the Book of Mormon from the standpoint of belief Joseph Smith cannot be dismissed as a colorful fraud Bushman argues nor seen only as a restorer of religious truth Entangled in nineteenth century Yankee culture including the skeptical Enlightenment Smith was nevertheless an original who cut his own path And while there are multiple contexts from which to draw an understanding of Joseph Smith including magic seekers the Second Great Awakening communitarianism restorationism and more Bushman suggests that Smith stood at the cusp of modernity and presented the possibility of belief in a time of growing skepticism When examined carefully the Book of Mormon is found to have intricate subplots and peculiar cultural twists Bushman discusses the book s ambivalence toward republican government explores the culture of the Lamanites the enemies of the favored people and traces the book s fascination with records translation and history Yet Believing History also sheds light on the meaning of Joseph Smith and the Book of Mormon today How do we situate Mormonism in American history Is Mormonism relevant in the modern world Believing History offers many surprises Believers will learn that Joseph Smith is more than an icon and non believers will find that Mormonism cannot be summed up with a simple label But wherever readers stand on Bushman s arguments he provides us with a provocative and open look at a believing historian studying his own faith *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1973 *Temples to Dot the Earth: Inspirational stories and fact concerning the lord's house* Richard O. Cowan,2023-07-10 Now more than ever before the hearts of the children are being turned to their fathers and the sacred saving ordinances for both the living and the departed are linking generations together Temples to Dot the Earth is a testament to the fulfilling of that promise This book offers a wealth of information on temples and temple work beginning with an overview of temple worship in former dispensations and then recounting the temple story from the beginning of the Restoration through the twentieth century "This Is My Doctrine": The Development of Mormon Theology Charles R. Harrell,2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose Early Mormons like their early Christian and even earlier Israelite predecessors brought with them their own varied culturally conditioned theological presuppositions a process of convergence and only later acquired a more distinctive theological outlook a process of differentiation In this first

of its kind comprehensive treatment of the development of Mormon theology Charles Harrell traces the history of Latter day Saint doctrines from the times of the Old Testament to the present He describes how Mormonism has carried on the tradition of the biblical authors early Christians and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures In the process he probes three questions How did Mormon doctrines develop What are the scriptural underpinnings of these doctrines And what do critical scholars make of these same scriptures In this enlightening study Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology This Is My Doctrine will provide those already versed in Mormonism s theological tradition with a new and richer perspective of Mormon theology Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions **The Publishers'**

Bowker Company.

Department of Bibliography,1978 **Cumulated Index to the Books** ,1972 Angel Children Mary V. Hill,1975 Angel Children is a careful presentation of Latter day Saint doctrine concerning the status of children who pass away before being baptized It is a compassionate book which brings comfort and consolation through increased understanding to those who read it The author Mary V Hill lost her own child and shares the emotions she felt during that trying period She deals with aspects of religious life when serious illness develops effective prayer faith and healing priesthood administration man s appointed time to die and one s attitude towards death The subject then shifts to the status of little children after their passing She shows how little children need no baptism that they are heirs of the Celestial Kingdom and that they are redeemed from the temptations of Satan Life in the Spirit World is discussed then the resurrection and the status of children following the resurrection is considered Another chapter is devoted to the status of retarded children here on earth The author shows that the eternal spirit of a retarded child is not affected by the illness and discusses the eternal plan for such children Great comfort is found in the final chapter Overcoming the Challenge The author tells of the necessity for having a positive attitude mourning and being comforted and ends with the reassurance that after much tribulation come the blessings Angel Children is readable and inspirational It is also a valuable collection of doctrinal materials on this important subject including the scriptures and words of instruction and counsel by General Authorities of The Church of Jesus Christ of Latter day Saints Horizon Publishers is pleased to recommend it highly
