compelling book The author's books are incredibly absorbing to read because of his writing style Like all good true crime books the research is exhaustive but to me an added edge is provided by the careful analysis of the criminal's psychopathy By meticulously elucidating the details of the mental machinations of his subjects the author is able to convey at least some understanding of what drove an individual like Angus Sinclair to commit the horrific acts for which he is known This approach also allows the book to read a bit more like a novel than a documentary style succinct summarization of facts Truth is stranger and in this case scarier than fiction and this story proves it      **The Psychology of Lust Murder** Catherine E.
