Encyclopedia of American Gospel Music is the first comprehensive reference to cover this important American musical form  
Coverage includes all aspects of both African American and white gospel from history and performers to recording

This series is designed to help the lay Christian confidently proclaim and defend the faith Too many Christians know what  
they believe but not necessarily why they believe it The information in this series will help the listener to always be ready to  
make a defense to every one who asks you to give an account for the hope that is in you I Peter 3 15      **Myth, Allegory,**  
**and Gospel** John Warwick Montgomery,2018-01-27 If you are a fan of the fantasy books by Tolkien C S Lewis Charles  
Williams or Chesterton then this is a book worth reading It is a collection of essays by various authorities in literature myth  
and theology A couple of the contributors were acquainted with either Tolkien or Lewis The central thesis running through  
this collection of essays is that mythic symbols found in folk tales and religious rituals all express a common fundamental  
human yearning for healing and a return to a lost paradise The essayists draw on insights from religious phenomenology  
Jungian analysis Christian theology and literary interpretation to tease out the potent mythic symbols found in the writings of  
Tolkien Lewis Chesterton and Williams Lewis Williams and Tolkien were associated with one another as drinking partners in  
an informal literary club known as The Inklings The essayists test their thesis about the power of myth to reveal our search  
for meaning through the novels of the Inklings The essayists take us a step further to consider the Christian world view that  
informed and shaped the writings of Tolkien Lewis Williams and Chesterton Although a couple of the essays are slightly  
dated anyone interested in fantasy literature would find the thesis very absorbing It should be useful not merely to students  
of English literature but also to the general reader who might like to know more about the backdrop to The Lord of the Rings  
Narnia etc Certainly a book to add to your list for reading if you enjoyed the novels      Audiovisual Materials Library of
