Lyndon Johnson And The American Dream:

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 2015-08-04 With a new foreword The New York Times bestselling biography of President Lyndon Johnson from the Pulitzer Prize winning author of *Team of Rivals* Featuring a 2018 foreword by the Pulitzer Prize winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency from the vantage point of our current profoundly altered political culture and climate Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969 After Johnson's term ended Goodwin remained his confidante and assisted in the preparation of his memoir In *Lyndon Johnson and the American Dream* she traces the 36th president's life from childhood to his early days in politics and from his leadership of the Senate to his presidency analyzing his dramatic years in the White House including both his historic domestic triumphs and his failures in Vietnam Drawing on personal anecdotes and candid conversation with Johnson Goodwin paints a rich and complicated portrait of one of our nation's most compelling politicians in the most penetrating fascinating political biography I have ever read The New York Times

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 1976 The thirty sixth President's conversations with the author provide the basis for a study of his background his personal outlook and behavior his political career and the political system that fostered his rise **Lyndon Johnson and the American Dream** Doris Kearns Goodwin, 1987

Lyndon Johnson and the American Dream Doris Kearns, 1976 Lyndon Johnson & the American Dream Doris Kearns, 1976 Lyndon Johnson and the American Dream Doris Kearns, Doris Kearns Goodwin, 1976 Summary of Doris Kearns Goodwin's Lyndon Johnson and the American Dream Everest Media, 2022-04-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Lyndon Johnson's mother Rebekah was a dreamy young girl who had spent her afternoons reading poetry under the shade of the big trees in the gardens of their house She projected herself as a moral example to her son 2 Sam Johnson's mother Rebekah had the same experience as Lyndon's mother She was a cultured woman who lost her father when she was young and she married a small time farmer and trader She had to adjust to a completely different life 3 Johnson's mother Rebekah was extremely discontent with her life with Sam Johnson She felt alone and miserable and she constantly fought with him over how the household was managed 4 The Baines family code was very strict about sobriety and it was a guarantee of reliability and industry Sobriety was a promise of morality and economic success When Rebekah saw her husband drink she saw how badly it affected him and she cried a lot

Congressional Giants J. Michael Martinez, 2020-05-26 The Congress of the United States operates in the shadow of the American presidency which can make the legislative branch appear less important than the executive in our constitutional system of government And yet Congress is a co equal branch of government deriving its powers from Article I of the United States Constitution Love it or hate it the institution is a source of incredible power It behooves all Americans to learn more

about Congress Although a single slender volume cannot provide information on all there is to know about Congress it can begin the journey In *Congressional Giants* political scientist J Michael Martinez explores the careers and achievements of 14 influential leaders of Congress men who either held formal positions within the chambers of Congress such as speaker of the House of Representatives or Senate majority leader or who served on important committees to determine how they shaped the course of American history

American Dreams H. W. Brands, 2011-05-31 From bestselling historian H W Brands an incisive chronicle of the events and trends that guided and sometimes misguided our nation from the A bomb to the iPhone For a brief bright moment in 1945 America stood at its apex looking back on victory not only against the Axis powers but against the Great Depression and looking ahead to seemingly limitless power and promise What we ve done with that power and promise over the past six decades is a vitally important and fascinating topic that has rarely been tackled in one volume and never by a historian of H W Brands s stature As *American Dreams* opens Brands shows us a country dramatically different from our own more unequal in social terms but more equal economically more religious and rural but also more liberal and more wholeheartedly engaged with the rest of the world As he traces the changes we have gone through as a nation he reveals the great themes and dreams that have driven America the rising focus on individual rights and pleasures the growing distance between our global goals and those of the rest of the world and the inexorable dissolution of a shared sense of what it means to be American In Brands s adroit hands these trends unfold through a character driven narrative that sheds brilliant light on the obvious highs and lows from Watergate to the Berlin Wall from Apollo 11 to 9 11 from My Lai to shock and awe But he also chronicles the surprising impact of less celebrated events and trends Through his eyes we realize the sweeping significance of the immigration reforms of the 1960s which gradually transformed American society We come to grasp the vast impact of abandoning the gold standard in 1971 which enabled both globalization and the current financial crisis We ponder the unnerving results of CNN s debut in 1979 which sped up the news cycle and permanently changed our foreign policy by putting its effects live on our TV screens Blending political and cultural history with his keen sense of the spirit of the times Brands captures the national experience through the last six decades and reveals the still unfolding legacy of dreams born out of a global cataclysm

The American Paradox Patrick J. Gallo, 1999 **Capturing the Revolution** Michael D. Gambone, 2001-07-30 At the start of the 1960s revolution challenged the established world order In every corner of the underdeveloped world discontent with the status quo fueled attempts to revoke colonialism and the strangleholds on power maintained by entrenched local oligarchies This book examines the causes of revolution in the sixties and the various responses crafted to stop it in particular the Alliance for Progress a program which represented the best products of American developmental and counterinsurgency theory Equally important however is an examination of the independent policies implemented by Latin Americans themselves often in direct opposition to those pursued by the U S For the United States the period represented a challenge to both its sovereignty and its leadership in the so called Free World Perhaps more

importantly the disruptions blanketing the globe also pointed out the dramatic weaknesses of an American policy dominated by preparations for thermonuclear war with the Soviet Union For Latin America revolution challenged national stability and in the cases of the regimes it was directed against their very survival

The American Vice Presidency Jules Witcover, 2014-10-07 The American Vice Presidency is an all inclusive examination of the vice presidency throughout American history Acclaimed political journalist and author Jules Witcover chronicles each of the 47 vice presidents including their personal biographies and their achievements or lack thereof during their vice presidential tenures He explores how the roles and responsibilities were first subject to the whims of the presidents under whom they served but came in time to be expanded by enlightened chief executives and the initiatives of the vice presidents themselves Constitutionally assigned only to preside over the Senate as they stand by to fill a presidential vacancy early vice presidents were left to languish in irrelevance and ineffectiveness only in recent decades have vice presidents received or taken more power In particular Walter Mondale Al Gore Dick Cheney and Joe Biden have undertaken greater and more significant responsibilities Witcover reports the political maneuvering and manipulation that transformed the vice presidency from mere consolation prize to de facto assistant presidency The American Vice Presidency an insightful revealing look at this oft dismissed office is a must have for lovers of behind the scenes political history

Kill Switch Adam Jentleson, 2021-01-12 With a new epilogue on filibuster battles under the Biden administration THE CASE FOR ENDING THE FILIBUSTER A truly excellent book blistering and persuasive Ezra Klein New York Times An insider s account of how politicians representing a radical white minority of Americans have used the world s greatest deliberative body to hijack our democracy Our democracy is under assault from homegrown authoritarians with most observers blaming Donald Trump and the Republican Party that submitted to him Yet as Adam Jentleson shows the problem not only goes back to the nineteenth century but is less about the presidency than it is about our nation s most venerated institution the United States Senate A revelatory history of minority rule in America as expressed through the Senate filibuster Kill Switch shows that white conservatives have long relied on the filibuster which is not featured in the Constitution and which as Jentleson demonstrates the Framers would have opposed to shut down attempts to create a multiracial democracy Featuring a new epilogue on filibuster battles under the Biden administration Kill Switch will remain an essential warning about the costs of empowering this nation s right wing minority Jentleson understands the inner workings of the institution down to the most granular details showing precisely how arcane procedural rules can be leveraged to dramatic effect Jennifer Szalai New York Times Careful and thorough and exacting Michael Tomasky New York Review of Books An excellent surprising new book Benjamin Wallace Wells The New Yorker

Accidental Presidents Jared Cohen, 2020-01-28 This New York Times bestselling deep dive into the terms of eight former presidents is chock full of political hijinks and d j vu Vanity Fair and provides a fascinating look at the men who came to the office without being elected to it showing how each affected the nation and world The strength and prestige of the American

presidency has waxed and waned since George Washington Eight men have succeeded to the presidency when the incumbent died in office In one way or another they vastly changed our history Only Theodore Roosevelt would have been elected in his own right Only TR Truman Coolidge and LBJ were re elected John Tyler succeeded William Henry Harrison who died 30 days into his term He was kicked out of his party and became the first president threatened with impeachment Millard Fillmore succeeded esteemed General Zachary Taylor He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay s compromise of 1850 Andrew Johnson who succeeded our greatest president sided with remnants of the Confederacy in Reconstruction Chester Arthur the embodiment of the spoils system was so reviled as James Garfield s successor that he had to defend himself against plotting Garfield s assassination but he reformed the civil service Theodore Roosevelt broke up the trusts Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president Lyndon B Johnson was named to deliver Texas electorally He led the nation forward on Civil Rights but failed on Vietnam Accidental Presidents shows that history unfolds in death as well as in life The Wall Street Journal and adds immeasurably to our understanding of the power and limits of the American presidency in critical times

Lyndon B. Johnson Charles Peters,2010-06-08 The towering figure who sought to transform America into a Great Society but whose ambitions and presidency collapsed in the tragedy of the Vietnam War Few figures in American history are as compelling and complex as Lyndon Baines Johnson who established himself as the master of the U S Senate in the 1950s and succeeded John F Kennedy in the White House after Kennedy s assassination on November 22 1963 Charles Peters a keen observer of Washington politics for more than five decades tells the story of Johnson s presidency as the tale of an immensely talented politician driven by ambition and desire As part of the Kennedy Johnson administration from 1961 to 1968 Peters knew key players including Johnson s aides giving him inside knowledge of the legislative wizardry that led to historic triumphs like the Voting Rights Act and the personal insecurities that led to the tragedy of Vietnam Peters s experiences have given him unique insight into the poisonous rivalry between Johnson and Robert F Kennedy showing how their misunderstanding of each other exacerbated Johnson s self doubt and led him into the morass of Vietnam which crippled his presidency and finally drove this larger than life man from the office that was his lifelong ambition Lyndon Johnson Confronts the World Warren I. Cohen,Nancy Bernkopf Tucker,1994 A comprehensive review of the foreign policy of the Lyndon Johnson era demonstrates U S concern not only with the Soviet Union Europe and nuclear weapons issues but the overwhelming preoccupation with Vietnam that shaped policy throughout the world *Guns or Butter : The Presidency of Lyndon Johnson* Los Angeles (Emeritus) Irving Bernstein Professor of Political Science University of California,1996-01-11 The presidency of Lyndon Johnson was a pivotal moment in twentieth century American history From the decisive social programs of the Great Society to the triumph of the Civil and Voting Rights Acts to the catastrophe of the Vietnam War and

domestic unrest it was an era of dramatic accomplishment and wrenching tragedy In *Guns or Butter* renowned historian Irving Bernstein brings those five climactic years of the sixties vividly to life from the moment Lee Harvey Oswald aimed a rifle from the window of the Texas School Depository to the tense ballot counting that put Richard Nixon in the White House in 1968 Bernstein's book is a narrative masterpiece filled with sharply drawn character sketches and swiftly moving accounts of events that range from deals cut in the Senate cloakroom to police charging after protesters on the streets of Selma to Vietcong commandos bursting into the American embassy in Saigon We see Johnson ordering aides Bill Moyers and Richard Goodwin to strip and join him for a skinny dip in the White House pool where they formulate the Great Society And we see a tired distracted president pacing in his bathrobe around a table model of the besieged Khe Sanh garrison examining aerial photographs and casualty reports Equally important Bernstein offers a deft assessment of Johnson's successes and failures from his legislative programs to his futile pursuit of the war in Vietnam to his failure to boost Hubert Humphrey's presidential campaign in 1968 The author not only retells the maneuvering that brought the president's plans into law he also analyzes and explains their impact from the Voting Rights Act to Medicare The Great Society Bernstein concludes was a triumph but Johnson's attempt to have both guns and butter to pursue massive domestic initiatives together with a bitter undeclared war led to runaway inflation that ultimately undermined his presidency From the dark moments after Kennedy's assassination in 1963 to the heady days of legislative victories of 1965 to the bloody crescendo of riots assassinations and military battles in 1968 Johnson's administration was a defining moment in modern American history In *Guns or Butter* Irving Bernstein brilliantly captures both the events and the meaning of those momentous years Aside from its historical value this book has major current significance The legislative program Newt Gingrich and his Republican colleagues introduced in 1995 was designed to repeal the Great Society Before doing so members of Congress and the interested public should understand Lyndon Johnson's vision and the legislation that was enacted during the sixties *Guns or Butter* provides that critical information

Lyndon Johnson Remembered Thomas W. Cowger, Sherwin Markman, 2003 In *Lyndon Johnson Remembered* An Intimate Portrait of a Presidency Thomas W Cowger and Sherwin J Markman bring together essays by Johnson administration insiders reflecting on his personality domestic agenda and legacy

The Foreign Policies of Lyndon Johnson H. W. Brands, 1999 The Foreign Policies of Lyndon Johnson

Lbj's Texas White House Hal Rothman, 2001 It is a story of the relationship between power and place in American culture
