Committee on the Judiciary,1974 **Fascism: Post-war fascisms** Roger Griffin,Matthew Feldman,2004 The nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919 However for the first time since Italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism Seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis This collection includes articles that show this new consensus which is inevitably contested as well as making available material which

relates to aspects of fascism independently of any sort of consensus and also covering fascism of the inter and post war periods This is a comprehensive selection of texts reflecting both the extreme multi faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism *The Modern Divine Comedy Book 2: Inferno 2 Ascending* Andrew J. Farrara,2022-10-13 This book explores and details the experiences and trials of both the Journalist Romano known here as the First Man Adam and his celestial ancient Persian guide Zarathustra while they travel to the Inferno and Limboland Arenas of the Pre Historic Paleo Heroes the Ancient Greek Gods the Ancient Roman Gods the Sumerian the Norse Viking Gods the Indian Hindoo Vedic Gods the Chinese Gods the Koreans the Vietnamese the Amerikan Experimental the Cambodian the Burmese the Hodgepodge of Nations On The Fringe Desiring Anonymity the Japanese the Irish Republican Army the Native Americans the Incas and Cuba Nicaragua *Annual Report* United States. Federal Election Commission,1999 *Operation Chaos* Matthew Sweet,2024-09-04 An untold Cold War story how the CIA tried to infiltrate a radical group of U S military deserters a tale that leads from a bizarre political cult to the heart of the Washington establishment Stockholm 1968 A thousand American deserters and draft resisters are arriving to escape the war in Vietnam They're young they're radical and they want to start a revolution Some of them even want to take the fight to America The Swedes treat them like pop stars but the CIA is determined to stop all that It's a job for the deep cover men of Operation Chaos and their allies agents who know how to infiltrate organizations and destroy them from inside Within months the GIs have turned their fire on one another Then the interrogations begin to discover who among them has been brainwashed Manchurian Candidate style to assassinate their leaders When Matthew Sweet began investigating this story he thought the madness was over He was wrong Instead he became the confidant of an eccentric and traumatized group of survivors each with his own theory about the traitors in their midst All Sweet has to do is find out the truth And stay sane Which may be difficult when one of his interviewees accuses him of being a CIA agent and another suspects that he's part of a secret plot by the British royal family to start World War III By that time he's deep in the labyrinth of truths and half truths wondering where reality ends and delusion begins *Terror, Love and Brainwashing* Alexandra Stein,2021-03-17 This book explains how people can be radically manipulated by extreme groups and leaders to engage in incomprehensible and often dangerous acts through psychologically isolating situations of extreme social influence These methods are used in totalitarian states terrorist groups and cults as well as in controlling personal relationships Illustrated with compelling stories from a range of cults and totalitarian systems Stein's book defines and analyses the common identifiable traits that underlie these groups emphasizing the importance of maintaining open yet supportive personal networks Using original attachment theory based research this book highlights the dangers of closed isolating relationships and the closed belief systems that justify them and demonstrates the psychological impact of these environments ending with evidence based recommendations to support an educational approach to awareness and prevention Featuring a foreword by John Horgan the new edition has been fully

updated to include recent work on political extremism and radicalization and totalitarian systems as well as the recent highly publicized NXIVM case Terror Love and Brainwashing second edition is essential reading for professionals policy makers legal professionals educators and cult survivors and their families themselves **Record** ,1993 Right-Wing Populism in America Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America **Lyndon Larouche Collected Works** Lyndon LaRouche, Jr.,2024-02-12 This second volume of the LaRouche Legacy Foundation s Lyndon LaRouche Collected Works brings together seventeen articles chosen from the wealth of Lyndon LaRouche s writings focused on the question of culture As the reader shall discover for him or herself in the pages that follow LaRouche considered this subject as central to his life s work as his unique economic discoveries which were the subject of Volume I of his Collected Works In fact the two are inextricably linked in his thinking NeoConservatism C. Bradley

Thompson,2015-11-17 An obituary so soon Surely the reports of neoconservatism s death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America s founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of
