## **Maa Its First Fifty Years:**

**First Fifty Years of Cazenovia Seminary, 1825-1875. Its History, Proceedings of the Semi-centennial Jubilee, General Catalogue** William Reddy, 2024-08-02 Reprint of the original first published in 1877      **First Fifty Years of Cazenovia Seminary, 1825-1875 ...** Cazenovia Junior College for Women, 1877      *The New Era in American Mathematics, 1920-1950* Karen Hunger Parshall, 2022-02-22 The 1920s witnessed the birth of a serious mathematical research community in America Prior to this mathematical research was dominated by scholars based in Europe but World War I had made the importance of scientific and technological development clear to the American research community resulting in the establishment of new scientific initiatives and infrastructure Physics and chemistry were the beneficiaries of this renewed scientific focus but the mathematical community also benefitted and over time began to flourish Over the course of the next two decades despite significant obstacles this constellation of mathematical researchers programs and government infrastructure would become one of the strongest in the world In this meticulously researched book Karen Parshall documents the uncertain but ultimately successful rise of American mathematics during this time Drawing on research carried out in archives around the country and around the world as well as on the secondary literature she reveals how geopolitical circumstances shifted the course of international mathematics She provides surveys of the mathematical research landscape in the 1920s 30s and 40s introduces the key players and institutions in mathematics at that time and documents the effect of the Great Depression and the second world war on the international mathematical community The result is a comprehensive account of the shift of mathematics center of gravity to the American stage      **The Life of Tolstoy ...: First fifty years** Aylmer Maude, 1910      *Fifty Years of Women in Mathematics* Janet L. Beery, Sarah J. Greenwald, Cathy Kessel, 2022-04-21 The Association for Women in Mathematics AWM the oldest organization in the world for women in mathematics had its fiftieth anniversary in 2021 This collection of refereed articles illustrated by color photographs reflects on women in mathematics and the organization as a whole Some articles focus on the situation for women in mathematics at various times and places including other countries Others describe how individuals have shaped AWM and in turn how the organization has impacted individuals as well as the broader mathematical community Some are personal stories about careers in mathematics Fifty Years of Women in Mathematics Reminiscences History and Visions for the Future of AWM covers a span from AWM s beginnings through the following fifty years The volume celebrates AWM and its successes but does not shy away from its challenges The book is designed for a general audience It provides interesting and informative reading for people interested in mathematics gender equity or organizational structures teachers of mathematics students at the high school college and graduate levels and members of more recently established organizations for women in mathematics and related fields or prospective founders of such organizations      [A Century of Advancing Mathematics](#) Paul Zorn, 2015-08-23 The MAA was founded in 1915 to serve as a home for The American Mathematical

Monthly The mission of the Association to advance mathematics especially at the collegiate level has however always been larger than merely publishing world class mathematical exposition MAA members have explored more than just mathematics we have as this volume tries to make evident investigated mathematical connections to pedagogy history the arts technology literature every field of intellectual endeavor Essays all commissioned for this volume include exposition by Bob Devaney Robin Wilson and Frank Morgan history from Karen Parshall Della Dumbaugh and Bill Dunham pedagogical discussion from Paul Zorn Joe Gallian and Michael Starbird and cultural commentary from Bonnie Gold Jon Borwein and Steve Abbott This volume contains 35 essays by all star writers and expositors writing to celebrate an extraordinary century for mathematics more mathematics has been created and published since 1915 than in all of previous recorded history We've solved age old mysteries created entire new fields of study and changed our conception of what mathematics is Many of those stories are told in this volume as the contributors paint a portrait of the broad cultural sweep of mathematics during the MAA's first century Mathematics is the most thrilling the most human area of intellectual inquiry you will find in this volume compelling proof of that claim

The Works of Leo Tolstoy ...: The life of Tolstoy, first fifty years, by Aylmer Maude graf Leo Tolstoy, 1929 *Encyclopedia of Mathematics Education* Louise Grinstein, Sally I. Lipsey, 2001-03-15 This single volume reference is designed for readers and researchers investigating national and international aspects of mathematics education at the elementary secondary and post secondary levels It contains more than 400 entries arranged alphabetically by headings of greatest pertinence to mathematics education The scope is comprehensive encompassing all major areas of mathematics education including assessment content and instructional procedures curriculum enrichment international comparisons and psychology of learning and instruction

*The Richardson Light Guard of Wakefield, Massachusetts* Barry M. Stentiford, 2013-05-03 This book traces the history of the Richardson Light Guard of Wakefield Massachusetts from its origins

in 1851 until its end in 1975 What had been an institution of community members and local elites passed to town then state and finally federal government During the same period Wakefield evolved from an agrarian town to a manufacturing town and finally to a bedroom suburb ending the practice of a handful of local elites ruling the town unchallenged Though the rise of the National Guard was generally positive for some militia companies inclusion in the National Guard weakened vital bonds with their communities In the 19th century the Richardson Light Guard thrived under generous patrons a supportive town and a relatively wealthy state government After becoming part of the National Guard in 1916 the links with its home community steadily weakened finally breaking during World War II After the war the National Guard company had few links to Wakefield and was reorganized out of existence in 1975      *A True Politician* Barry W. Seaver, 2014-11-18

Rebecca Browning Rankin was a politician in the best sense of the word She supervised the New York Municipal Reference Library for 32 years until her retirement in 1952 Serving in many key policy making positions both on mayoral committees and in professional organizations Rankin was an excellent lobbyist for the role of information in educating the electorate She published over fifty articles and books on aspects of city government and libraries and delivered weekly radio speeches on WNYC from 1928 to 1938 Her career as a librarian author and radio commentator demonstrates the use of research in the formation of public policy decisions and provides a unique perspective on politics in New York Rankin also served as president of several library organizations including the Special Libraries Association which she led to national status during her tenure During the Depression she established the Association's employment service and worked with Mayor Fiorello La Guardia and other library officials to provide pensions for public librarians in New York City Rankin and La Guardia shared the belief that government should carry out the will of the people and care for their needs and the two worked together to make this a reality Quotations from primary sources in the archives of the New York Public Library and the City of New York give the book a strong narrative style Focusing on Rankin's efforts to document New York City's past as its unofficial historian the book examines the city's political history during the first half of the twentieth century and illuminates the relationship of the local government with one of its great cultural institutions the New York Public Library      **American National Biography** John A. Garraty, Mark C. Carnes, 2005-05-12 American National Biography is the first new comprehensive biographical dictionary focused on American history to be published in seventy years Produced under the auspices of the American Council of Learned Societies the ANB contains over 17 500 profiles on historical figures written by an expert in the field and completed with a bibliography The scope of the work is enormous from the earliest recorded European explorations to the very recent past      *Standardization*, 1951      **Golden Garland of Eloquence - Vol. 1** Tsong kha pa, 2008 Golden Garland of Eloquence Legs bshad gser phreng is the famous Perfection of Wisdom prajnaparamita commentary written by the influential Tibetan writer Tsong kha pa 1356-1419 It is Tsong kha pa's first major work written before his better known works on Madhyamaka It is greatly respected and much studied by all schools of Buddhism in Tibet

The Golden Garland supplements the two main Indian Perfection of Wisdom commentaries Arya Vimuktisena's *Vṛtti* and Haribhadra's *Aloka* on which it is based. It explains the Perfection of Wisdom Sutras and earlier commentaries in detail, glossing difficult words and going into detailed explanations of difficult points. It introduces the reader to some twenty works by the most important Indian Perfection of Wisdom writers and to the earlier Tibetan traditions of Ngok and Dolpopa and the traditions of Buton and Nyaon. This translation makes available for the first time in English an example of the rich Tibetan Perfection of Wisdom commentarial tradition and will be of interest to both scholars and informed general readers alike. This is the first of four volumes.

**Colonial Copyright** Michael D. Birnhack, 2012-10-04. When the British Empire enacted copyright law for its colonies and called it colonial or Imperial copyright, it had its own interests in mind. Deconstructing the imperial policy regarding copyright offers a startling glimpse into how this law was received in the colonies themselves. Offering the first in-depth study from the point of view of the colonized, this book suggests a general model of Colonial Copyright as it was understood as the intersection of legal transplants, colonial law and the particular features of copyright, especially authorship. Taking as a case study the story of Mandate Palestine, 1917-1948, the book details the untold history of the copyright law that became the basis of Israeli law and still is the law in the Palestinian Authority. It queries the British motivation in enacting copyright law, traces their first indifferent reaction and continues with the gradual absorption into the local legal and cultural systems. In the modern era, copyright law is at the forefront of globalization, but this was no less true when colonial copyright first emerged. By shining a light on the introduction and reception of copyright law in Mandate Palestine, the book illuminates the broader themes of copyright law, the questions surrounding the concept of authorship, the relationship between copyright and the demands of progress and the complications of globalization.

*American Orchestras in the Nineteenth Century* John Spitzer, 2024-05-31. Studies of concert life in nineteenth-century America have generally been limited to large orchestras and the programs we are familiar with today. But as this book reveals, audiences of that era enjoyed far more diverse musical experiences than this focus would suggest. To hear an orchestra, people were more likely to head to a beer garden, restaurant or summer resort than to a concert hall. And what they heard weren't just symphonic works; programs also included opera excerpts and arrangements, instrumental showpieces, comic numbers and medleys of patriotic tunes. This book brings together musicologists and historians to investigate the many orchestras and programs that developed in nineteenth-century America. In addition to reflecting on the music that orchestras

played and the socioeconomic aspects of building and maintaining orchestras the book considers a wide range of topics including audiences entrepreneurs concert arrangements tours and musicians unions The authors also show that the period saw a massive influx of immigrant performers the increasing ability of orchestras to travel across the nation and the rising influence of women as listeners patrons and players Painting a rich and detailed picture of nineteenth century concert life this collection will greatly broaden our understanding of America s musical history      *The Marine Corps Gazette* ,1966

This Enthralling Realm of Kindle Books: A Thorough Guide Unveiling the Pros of Kindle Books: A World of Convenience and Flexibility Kindle books, with their inherent mobility and ease of access, have freed readers from the constraints of hardcopy books.
