Matildas England:

Rise of the Matildas Fiona Crawford, 2024-11-05 The 2023 Women's World Cup semi final gripped Australia in a way that few sporting events have achieved. On any level it was transformative capturing the highest TV audience since records began. It was hard on the back of the Matildas nail biting quarter final which ended in the longest penalty shootout in World Cup history. To chronicle the Matildas euphoric World Cup rise Fiona Crawford draws on interviews with players administrators sponsors and fans skilfully unpicking questions of gender human rights race and women's sports. *The Rise of the Matildas* highlights the astonishing impact of one team's determination to leave the game in a better place. Matilda of Scotland

Lois L. Huneycutt, 2003 This study will be valuable not only to those interested in English political history but also to historians of women the medieval church and medieval culture. Jacket **Matilda Infantry Tank 1938-45** David Fletcher, 2012-05-20 The Matilda was the principal British infantry tank in the early years of World War II. It served with the BEF in France and later in North Africa where it earned the title Queen of the Desert. Outclassed by increasingly powerful German anti tank weapons it still remained a power in the South East Pacific and was kept in service until the end of the war by Australian forces. In this book David Fletcher deals with Marks I to V. Development and operational history are discussed along with service in other countries including Germany and Russia. Numerous variants are also covered including the prototype Hedgehog bunker busting weapon. *Anglo-Norman Studies XLV* Stephen D. Church, 2023 This year's volume is made up of articles that were presented at the conference in Bonn held under the auspices of the University.

The Castle of Wolfenbach Elisa Parsons, 2016-08-12 The Castle of Wolfenbach 1793 is the most famous novel written by the English Gothic novelist Eliza Parsons. First published in two volumes during 1793 it was one of the seven horrid novels recommended by the character Isabella Thorpe to Catherine Morland in Jane Austen's novel *Northanger Abbey* and was an important early work in the genre predating both Ann Radcliffe's *The Mysteries of Udolpho* and Monk Lewis's *The Monk*. British Battle Tanks

David Fletcher, 2017-08-24 This lavishly illustrated volume details the design development and operational history of the British made tanks in World War II. Plagued by unreliable vehicles and poorly thought out doctrine the early years of World War II were years of struggle for Britain's tank corps. Relying on tanks built in the late 1930s and those designed and built with limited resources in the opening years of the war they battled valiantly against an opponent well versed in the arts of armoured warfare. This book is the second of a multi volume history of British tanks by renowned British armour expert David Fletcher MBE. It covers the development and use of the Matilda Crusader and Valentine tanks that pushed back the Axis in North Africa the much improved Churchill that fought with distinction from North Africa to Normandy and the excellent Cromwell tank of 1944-45. It also looks at Britain's super heavy tank projects the TOG1 and TOG2 and the Tortoise heavy assault tank designed to smash through the toughest of battlefield conditions but never put into production.

England's Last War Against France Colin Smith, 2010-11-25 Genuinely new story of the Second World War the full

account of England's last war against France in 1940-42. Most people think that England's last war with France involved point blank broadsides from sailing ships and breastplated Napoleonic cavalry charging red coated British infantry. But there was a much more recent conflict than this. Under the terms of its armistice with Nazi Germany the unoccupied part of France and its substantial colonies were ruled from the spa town of Vichy by the government of Marshal Philip Petain. Between July 1940 and November 1942 while Britain was at war with Germany, Italy and ultimately Japan it also fought land, sea and air battles with the considerable forces at the disposal of Petain's Vichy French. When the Royal Navy sank the French Fleet at Mers El Kebir almost 1,300 French sailors died in what was the twentieth century's most one-sided sea battle. British casualties were nil. It is a wound that has still not healed for undoubtedly these events are better remembered in France than in Britain. An embarrassment at the time, France's maritime massacre and the bitter hard fought campaigns that followed rarely make more than footnotes in accounts of Allied operations against Axis forces. Until now.
