Masculinity and Sexuality in Modern Mexico Víctor M. Macías-González, Anne Rubenstein, 2012-08-31 In *Masculinity and Sexuality in Modern Mexico* historians and anthropologists explain how evolving notions of the meaning and practice of manhood have shaped Mexican history In essays that range from Texas to Oaxaca and from the 1880s to the present contributors write about file clerks and movie stars wealthy world travelers and ordinary people whose adventures were confined to a bar in the middle of town The Mexicans we meet in these essays lived out their identities through extraordinary events committing terrible crimes writing world famous songs and ruling the nation but also in everyday activities like falling in love raising families getting dressed and going to the movies Thus these essays in the history of masculinity connect the major topics of Mexican political history since 1880 to the history of daily life **Evangelios y hechos de los apóstoles**

Around the Tree Fabrice Correia, Andrea Iacona, 2012-11-30 Over the past few years the tree model of time has been widely employed to deal with issues concerning the semantics of tensed discourse The thought that has motivated its adoption is that the most plausible way to make sense of indeterminism is to conceive of future possibilities as branches that depart from a common trunk constituted by the past and the present However the thought still needs to be further articulated and defended and several important questions remain open such as the question of how actuality can be understood and formally represented in a branching framework The present volume is intended to be a 360 degree reflection on the tree model The contributions it gathers concern the model and its alternatives both from a semantic and from a metaphysical point of view
