**Europe: A Philosophical History, Part 1** Simon Glendinning, 2021-07-14 Europe is inseparable from its history That history has been extensively studied in terms of its political history its economic history its religious history its literary and cultural history and so on Could there be a distinctively philosophical history of Europe Not a history of philosophy in Europe but a history of Europe that focuses on what in its history and identity ties it to philosophy In the two volumes of *Europe: A Philosophical History* *The Promise of Modernity* and *Beyond Modernity* Simon Glendinning takes up this question telling the story of Europe's history as a philosophical history In Part 1 *The Promise of Modernity* Glendinning examines the conception of Europe that links it to ideas of rational Enlightenment and modernity Tracking this self understanding as it unfolds in the writings of Kant Hegel and Marx Glendinning explores the transition in Europe from a conception of its modernity that was philosophical and religious to one which was philosophical and scientific While this transition profoundly altered Europe's own history Glendinning shows how its self confident core remained intact in this development But not for long This volume ends with an examination of the abrupt shattering of this confidence brought on by the first world wide war of European origin and the imminence of a second The promise of modernity was in ruins Nothing for Europe would ever be the same again Part 2 *Beyond Modernity* is available now from Routledge ISBN 9781032015828

**An Ethos of Compassion and the Integrity of Creation** Brian J. Walsh, Hendrik Hart, 1995 *An Ethos of Compassion and the Integrity of Creation* addresses how to reconcile the lawful order seen in the world which the Institute for Christian Studies takes as given by God with the need for human compassion also called for by God The Institute sponsored this book in celebration of their twenty

fifth anniversary *An Ethos of Compassion and the Integrity of Creation* opens with a study of parables relevant to today and closes with a meditation by Langdon Gilkey on the ideas brought forth in this book A study of the history of the idea of creation order central to the Institute's philosophical tradition is followed by a controversial challenge suggesting how that philosophical tradition can be changed to give centrality to the viewpoint of compassion toward vulnerable people and the physical environment Medical ethics the environment and gender chauvinism serve as case studies for issues of compassion and created order Contributors Atie Th Bruggemann Kruijff Adrienne Chaplin Jonathan Chaplin John Cooper Calvin B DeWitt Harry Fernhout Langdon Gilkey Sander Griffioen Carroll Guen Hart John E Hare Hendrik Hart Sylvia C Keesmaat J Richard Middleton James Olthius Elaine Storkey Johan van der Hoeven Allen D Verhey Brian J Walsh Albert M Wolters Nicholas Wolterstorff Copublished with the Institute for Christian Studies *Feminist Reflections on the History of Philosophy* Lilli Alanen, Charlotte Witt, 2006-01-17 Feminist work in the history of philosophy has come of age as an innovative field in the history of philosophy This volume marks that accomplishment with original essays by leading feminist scholars who ask basic questions What is distinctive of feminist work in the history of philosophy Is there a method that is distinctive of feminist historical work How can women philosophers be meaningfully included in the history of the discipline Who counts as a philosopher This collection is a unique collaboration among philosophers from North America and the Nordic Countries including papers written from both analytic and continental philosophical perspectives and discussing both ancient and modern philosophers *Feminist Reflections on the History of Philosophy* will be of interest to historians of philosophy feminist theorists women's studies faculty and students and humanists interested in canon formation and transformation

**Traditional Indian Virtue Ethics for Today** Sitansu S. Chakravarti, Amita Chatterjee, Ananda Chakravarti, Lisa Widdison, 2024-05-22 Working in the tradition of world philosophy this book puts Western virtue ethics in conversation with traditional Indian philosophies The book begins with a contribution from Michael Slote on World Philosophy The Importance of India which is followed by contributions covering metaethical topics such as the relationship between Western virtue ethics and various Indian philosophical traditions and applied topics such as environmental ethics business ethics ethics and science and moral psychology Contributors include scholars working in both North America and India [Europe: A Philosophical History, Part 2](#) Simon Glendinning, 2021-07-14 Europe is inseparable from its history That history has been extensively studied in terms of its political history its economic history its religious history its literary and cultural history and so on Could there be a distinctively philosophical history of Europe Not a history of philosophy in Europe but a history of Europe that focuses on what in its history and identity ties it to philosophy In the two volumes of *Europe A Philosophical History* The Promise of Modernity and Beyond Modernity Simon Glendinning takes up this question telling the story of Europe's history as a philosophical history In the wake of two world wars of European origin Europe's modern promise of universal peace freedom and well being for all humanity lay in ruins In Part 2 *Beyond Modernity* Glendinning picks up the

story of this promise after the Second World War Taking in Isaiah Berlin's defence of a pluralist ideal Francis Fukuyama's vision of a new end of history in liberal democracy and Jacques Derrida's critique of the very idea of an end of history Glendinning invites us to affirm a new philosophical historical self understanding not the history of the rational animal on the way to its final end with Europe at the head but a history of the unpredictably self transforming animal without a final end In this context Glendinning argues Europe remains promising its cosmopolitan heritage opening a future beyond its exhausted modernity Part 1 The Promise of Modernity is available now from Routledge ISBN 9781032015804

**Tantric Wisdom for Today's World** Peter Wilberg, 2007 The Tantric Tradition known as Kashmir Shaivism bore within it the understanding that God is not a being with awareness Instead God is awareness pure and unbounded This pure awareness is like a stainless mirror invisible in itself in which all experienced realities are not only reflected but actively and continuously manifested The New Yoga of Awareness is not merely a commentary on or an explanation of this tradition but the most comprehensive and original contribution to it since its synthesis by the great 10th century teacher and tantric adept Abhinavagupta It unites religion science philosophy and theology psychology and metaphysics in a way that truly makes it not just a new yoga but THE New Yoga an entirely new school of tantra evolved from and for today's world Tantra does not separate religion and science It is yogic religious science The aim of The New Yoga is to make this new and highly practical religious science known to the world in order that it can begin to work for it It does so by challenging the foundations of both Western science and the Abrahamic religions Judaism Christianity and Islam along with the monotheism of money Marx and the godless science that is its religion Peter Wilberg's wide ranging writings on tantra introduced in this book constitute a new and highly practical body of theosophical and religious scientific knowledge of the sort that alone can help bring an end to today's rising ocean of religious and scientific ignorance and to the ecological devastation economic inequalities and global mayhem that go with it Above all they offer a way of accomplishing this world transforming aim not through jihad violence or war but through learning to experience that pure and Divine Awareness Shiva which pervades all things and the Divine Power Shakti of Awareness that manifests them all
