

“He who is not satisfied
with a little, is satisfied
with nothing.”

— Epicurus

Philosophical Pictures

Gary Gutting

Philosophical Pictures:

Philosophical Pictures Warren A. Shibbes, 1969 Philosophical Delusion and Its Therapy Eugen Fischer, 2011-01-25
Philosophical Delusion and its Therapy provides new foundations and methods for the revolutionary project of philosophical therapy pioneered by Ludwig Wittgenstein. With the help of concepts adapted from cognitive linguistics and cognitive psychology, the book analyses how philosophical reflection is shaped by pictures and metaphors we are not aware of employing and are prone to misapply. Through innovative case studies on the genesis of classical problems about the mind and perception and on thinkers including Locke, Berkeley and Ayer, the book demonstrates how such autonomous habits of thought systematically generate unsound intuitions and philosophical delusions. What Philosophers Know Gary Gutting, 2009-04-02
Drawing upon the work of Quine, Rawls, Rorty and others, Gutting challenges the standard view about what philosophers have achieved. **The Uses of the Past from Heidegger to Rorty** Robert Piercey, 2009-03-05
This book asks how it is possible to do philosophy by studying the thinkers of the past. The answer is developed through readings of Martin Heidegger, Richard Rorty, Paul Ricoeur, Alasdair MacIntyre and other historically minded philosophers. The result is a powerful and original account of how philosophers use the past. Wittgenstein on Mind and Language David G. Stern, 1995
Stern argues that Wittgenstein's views are often much simpler and more radical than we have been led to believe. He casts new light on *Tractatus* and *Philosophical Investigations*, revealing aspects of Wittgenstein's thought heretofore neglected.
101 Philosophy Problems Martin Cohen, 2007-03-12
Containing one problem per page, Martin Cohen's fresh and original introduction to philosophy combines scholarship with humour and is aimed at those coming to philosophy for the first time.
From Dummett's Philosophical Perspective Anat Matar, 2013-02-06
No detailed description available for *From Dummett's Philosophical Perspective*. **Kaleidoscopic Mind** Nikolay Milkov, 2023-03-20 The Pursuit of an Authentic Philosophy David Egan, 2019-03-20
Superficially, Wittgenstein and Heidegger seem worlds apart; they worked in different philosophical traditions, seemed mostly ignorant of one another's work, and Wittgenstein's terse aphorisms in plain language could not be farther stylistically from Heidegger's difficult prose. Nevertheless, Wittgenstein's *Philosophical Investigations* and Heidegger's *Being and Time* share a number of striking parallels. In particular, this book shows that both authors manifest a similar concern with authenticity. David Egan develops this position in three stages. Part One explores the emphasis both philosophers place on the everyday and how this emphasis brings with it a methodological focus on recovering what we already know rather than advancing novel theses. Part Two argues that the dynamic of authenticity and inauthenticity in *Being and Time* finds homologues in *Philosophical Investigations*. Here Egan particularly articulates and defends a conception of authenticity in Wittgenstein that emphasizes the responsiveness and reciprocity of play. Part Three considers how both philosophers' conceptions of authenticity apply reflexively to their own work: each is concerned not only with the question of what it means to exist authentically but also with the question of what it means to do philosophy authentically. For both

authors the problematic of authenticity is intimately linked to the question of philosophical method

Why Medieval Philosophy Matters Stephen Boulter, 2019-01-24 Tackling the question of why medieval philosophy matters in the current age Stephen Boulter issues a passionate and robust defence of this school in the history of ideas He examines both familiar territory and neglected texts and thinkers whilst also asking the question of why exactly this matters or should matter to how we think now Why Medieval Philosophy is also provides a introduction to medieval philosophy more generally exploring how this area of philosophy has been received debated and sometimes dismissed in the history of philosophy

Cognition, Content, and the A Priori Robert Hanna, 2015-10-08 In Cognition Content and the A Priori Robert Hanna works out a unified contemporary Kantian theory of rational human cognition and knowledge Along the way he provides accounts of i intentionality and its contents including non conceptual content and conceptual content ii sense perception and perceptual knowledge including perceptual self knowledge iii the analytic synthetic distinction iv the nature of logic and v a priori truth and knowledge in mathematics logic and philosophy This book is specifically intended to reach out to two very different audiences contemporary analytic philosophers of mind and knowledge on the one hand and contemporary Kantian philosophers or Kant scholars on the other At the same time it is also riding the crest of a wave of exciting and even revolutionary emerging new trends and new work in the philosophy of mind and epistemology with a special concentration on the philosophy of perception What is revolutionary in this new wave are its strong emphases on action on cognitive phenomenology on disjunctivist direct realism on embodiment and on sense perception as a primitive and proto rational capacity for cognizing the world Cognition Content and the A Priori makes a fundamental contribution to this philosophical revolution by giving it a specifically contemporary Kantian twist and by pushing these new lines of investigation radically further

Philosophy and Life Ilham Dilman, 2012-12-06 JOHN WISDOM AND THE BREADTH OF PHILOSOPHY hham Dhman 1 THE ESSAYS IN THIS VOLUME The essays following the two pieces by John Wisdom have all been written by philosophers who are former students or friends of Wisdom or who have a high regard for his work Their contributions were all written with him in mind and to be discussed at a conference honouring his work This conference was held in August 1983 at Trinity College Cambridge of which Wisdom has been a fellow since 1935 Wisdom is a master of discursive reasoning and one of his distinctive contributions in philosophy has been to examine its various forms and their interconnections particularly the form it takes in philosophical inquiry and the way it advances our understanding there His concern to bring out the links between all that is abstract in such reasoning and the concrete and particular is well known and represented in many of the essays in this volume But Wisdom has also a deep appreciation of the kind of understanding that is advanced non discursively As he puts it in the first piece in this volume However skilled a good critic I am sure that much of what makes Hamlet Hamlet will run between his fingers He has himself advanced our understanding on many questions in philosophy in this way not simply by what he has said but also by what he has suggested between the lines

A Mystical Philosophy

Donna J. Lazenby, 2014-01-30 Revealing in an original and provocative study the mystical contents of the works of famous atheists Virginia Woolf and Iris Murdoch Donna Lazenby shows how these thinkers refusal to construe worldviews on available reductive models brought them to offer radically alternative pictures of life which maintain its mysteriousness and promote a mystical way of knowing A Mystical Philosophy contributes to the contemporary resurgence of interest in Spirituality but from an entirely new direction This book provides a warning against reductive scientific and philosophical models that impoverish our understanding of ourselves and the world and a powerful endorsement of ways of knowing that give art and a restored concept of contemplation their consummative place Creating Albert Camus Brent C.

Sleasman, 2015-12-16 The contributors to this collection come from disparate fields such as theology literature studies political science and communication studies and are guided by a commitment to consider what we can learn from Camus as opposed to where he was wrong or misguided in his life and writing If there is a place to consider the shortcomings of a human being especially one as unique as Albert Camus it will not be found within this volume The essays in this text are built around the theme that Albert Camus functions as an implicit philosopher of communication with deep ethical commitments The title Creating Albert Camus is intended to have a double meaning First are those voices who inspired Camus and helped create his ideas second are those scholars working with Camus s thoughts during and after his life who help create his enduring legacy Bringing together scholars who embrace an appreciation of the philosophy of communication provide an opportunity to further situate the work of Camus within the communication discipline This new project explores the communicative implications of Camus s work *Philosophy of Meaning, Knowledge and Value in the Twentieth Century*

John Canfield, 2012-10-12 Volume 10 of the Routledge History of Philosophy presents a historical survey of the central topics in twentieth century Anglo American philosophy It chronicles what has been termed the linguistic turn in analytic philosophy and traces the influence the study of language has had on the main problems of philosophy Each chapter contains an extensive bibliography of the major writings in the field All the essays present their large and complex topics in a clear and well organised way At the end the reader finds a helpful Chronology of the major political scientific and philosophical events in the Twentieth Century and an extensive Glossary of technical terms **The Unity of Wittgenstein's Philosophy** Jose

Medina, 2002-07-17 Explores the stable core of Wittgenstein s philosophy as developed from the Tractatus to the Philosophical Investigations *100 Ideas for Secondary Teachers: Teaching Philosophy and Ethics* John L.

Taylor, 2014-11-20 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won t fail to inspire and engage all learners _____ How do you teach a subject that has no right answers Philosophical and ethical concepts can be overwhelming to students who have not encountered them before and complex arguments can be

difficult to navigate John L Taylor's book will help you to engage your class and have them reading writing talking and thinking philosophically Starting with introductory ideas such as a guided tour of philosophy and the book moves on to ideas for stimulating and managing student discussions and debates guidance for effective research and methods to support students with their essays presentations and projects There are also tips for getting the best out of quieter students and ideas for taking philosophy beyond the classroom Hashtags and websites providing resources to enliven your classes are included throughout the book

Degrees of Evil in Iris Murdoch's Fiction and Philosophy Daniel Read, 2025-02-21 This is the first survey of Murdoch's exploration of evil addressing aesthetic philosophical political and theological perspectives The study demonstrates how her work engages with currently urgent issues of trauma terrorism and psychopathy and brings her works into dialogue with key figures in twentieth and twenty first century discussions of evil including Hannah Arendt Carl Gustav Jung Susan Neiman and Simone Weil These resonances are traced through close readings of Murdoch's published fiction and philosophy in combination with unpublished texts including annotations interviews and letters Murdoch's detailed and nuanced portrayal of evil invites readers to explore the complexities of human behaviour and the potential for moral failure

Wittgenstein and the Philosophy of Language Thomas McNally, 2017-08-17 This book engages with the later arguments of this major philosopher to examine his significant impact on our understanding of language

The Moral Philosophy of Iris Murdoch Mark Hopwood, 2025-04-30 The moral philosopher and novelist Iris Murdoch said that philosophy is both the guide and mirror of the age In this wide ranging book Mark Hopwood explores the significance of Murdoch's philosophy in the present day paying particular attention to her account of the role of metaphor and imagery in moral reasoning Hopwood argues that one of the main reasons Murdoch's work has often been neglected by mainstream moral philosophers is that she offered a radically different conception of what it means to do moral philosophy Rather than seeking to establish a single systematic moral framework in the manner of utilitarian or Kantian theories she argued that moral philosophers ought to be concerned with describing the varied range of moral concepts that we actually use in everyday life and elaborating new concepts and modes of understanding to meet our most pressing social needs Examining the role of vision imagination love goodness and transcendence in Murdoch's work *The Moral Philosophy of Iris Murdoch* presents a compelling and original argument that she is one of the major moral philosophers of the twentieth century
