Philosophical Understanding and Religious Truth /cErich Frank Erich Frank,1949      **Philosophical Understanding and Religious Truth** Erich Frank,1982      **Gadamer and the Question of the Divine** Walter Lammi,2011-10-27 Gadamer and the Question of the Divine uncovers a neglected side of Gadamer s thought namely his life long concern with the question of the divine Not only is this an issue of fundamental importance to philosophical hermeneutics but it also contributes to what Gadamer considered to be the most urgent task of our time a conceptual dialogue among religions New grounds for toleration among communities must be found and Gadamer s study of the divine provides both a model and a starting place for doing so In setting forth a conceptual narrative for global dialogue about religious transcendence Gadamer is the pre eminent twentieth century philosopher of the divine Gadamer s study of the divine is an application of philosophical hermeneutics and phenomenological in its descriptions of temporality and the experience of art Walter Lammi shows how Gadamer provides us with a richly textured study of the divine that finds its bearings in Heidegger and the Greeks and suggests a path to questions of cosmology temporality and religious experience      **A Word Fitly Spoken** Philip L. Culbertson,1995-02-23 This book compares New Testament and Rabbinical texts in order to recover the oral tradition accompanying the written Biblical text Although New Testament Greek is a hellenistic idiom it reflects a Semitic rather than a hellenistic culture Therefore Culbertson looks to Jewish sources in order to understand the Greek text rather than to the philosophical methodological and literary sources of hellenistic culture The author uses specific examples to illustrate various literary theories and to prove the value of a Listener Response Analysis of Gospel texts A dozen parables are discussed in detail      **New Testament Faith for Today** Amos N. Wilder,2014-05-06 What was the faith behind the proclamations of Jesus the message of Paul and the Johannine witness and how can it be recovered today This penetrating and provocative book seeks to probe the various formulations of religious faith in the New Testament with a view to recovering the real essence and genius of Christianity today Dr Wilder sees three principal strains often harmonious but sometimes disparate in New Testament faith the proclamations of Jesus the message of Paul and the witness of John the Evangelist First he studies what has happened to our faith since its original message emerged from the concrete historical act and the resultant community of experience In the time since flesh and spirit as well as humanity and divinity have come to be regarded as mutually exclusive making it necessary for scientific humanism to develop a language of its own for religion has lost communication with it Jesus message however was a total claim and a total hope a prophetic forecast of human destiny Paul though he spoke a different language and used different symbols laid the groundwork for an epochal revolution of the race John for his part emphasized eternal life here and now and previsioned a Christian freedom Dr Wilder ends with a stirring plea for a postliberal viewpoint that will recover the insights of the past without its mythology and terminology      The Prophetic Voice in Protestant Christianity Ralph G. The Future of Religion and the Religion of the Future Theodore John Rivers explores the changing relationship between technology and religion Rivers draws upon his expertise in the fields of medieval and religious history to discuss how the promotion of Christianity and monasticism in the Middle Ages began a process that has lent religious undertones to the way in which we interact with modern technology Rivers ultimately suggests that the growing presence of technology makes it a likely candidate for the next religious form competing with all the major religions in place today     **The ^ADivine Comedy**
