E. B. Du Bois and The Souls of Black Folk Stephanie J. Shaw, 2013-09-02 In this book Stephanie J Shaw brings a new understanding to one of the great documents of American and black history While most scholarly discussions of The Souls of Black Folk focus on the veils the color line double consciousness or Booker T Washington Shaw reads Du Bois book as a profoundly nuanced interpretation of the souls of black Americans at the turn of the twentieth century Demonstrating the importance of the work as a sociohistorical study of black life in America through the turn of the twentieth century and offering new ways of thinking about many of the topics introduced in Souls Shaw charts Du Bois successful appropriation of Hegelian idealism in order to add America the nineteenth century and black people to the historical narrative in Hegel's philosophy of history Shaw adopts Du Bois point of

view to delve into the social cultural political and intellectual milieus that helped to create The Souls of Black Folk What the Bible Says About God the Creator Jack Cottrell,2000-10-24 **Evil and Evolution: A Theodicy** Richard W. Kropf,2004-08-18 First published in 1984 and recently revised and updated this book deals with the problem of evil or theodicy God s justice It contends that the process of evolution particularly as it bears on the emergence of free will rather than being a barrier to faith gives us the key to understanding its greatest obstacle the existence of so much suffering in the world It further advances the still contested claim that God is truly our fellow sufferer in our struggle to overcome evil in all of its many forms **Christology in African Context** S. O. Abogunrin,J. O. Akao,2003 **The Spiral of Inquiry** Arnold C. Harms,1999-07-22 The Spiral of Inquiry follows the natural pattern of questioning in humans into the vortex of inquiry that spirals inward to the primordial Truth that makes all inquiry possible Arnold C Harms finds the ability to question to be the most crucial to humanity so that humans can be properly identified as homo interrogans or Inquiring Man This leads him to an examination of the process of questioning beginning with a phenomenological inquiry into the language related to questioning To illustrate the process of inquiry Harms analyzes five representative types of formal inquiry rational scientific historical psycho social and religious Through these styles he demonstrates that all formal inquiries when probed deeply enough are drawn into the great spiral of inquiry which leads inescapably to the primal Answer about the primordial Truth which makes all inquiry possible The author identifies this central truth as the Cosmos with its universal order without which there would be no inquiry at all With this study Harms clarifies much of the language surrounding the process of inquiry in humans Neurosociology David D. Franks,2010-04-19 As a career sociologist I rst became interested in neurosociology around 1987 when a graduate student lent me Michael Gazzaniga s The Social Brain If the biological human brain was really social I thought sociologists and their students should be the rst not the last to know As I read on I found little of the clumsy reductionism of the earlier biosociologists whom I had learned to see as the arch enemy of our eld Clearly reductionism does exist among many neuroscientists But I also found some things that were very social and quite relevant for sociology After reading Descartes Error by Antonio Damasio I learned how some types of emotion were necessary for rational thought a very radical innovation for the long honored objective rationalist I started inserting some things about split brain research into my classes mispronouncing terms like amygdala and being corrected by my s dents That instruction helped me realize how much we professors needed to catch up with our students I also wrote a review of Leslie Brothers Fridays Footprint How Society Shapes the Human Mind I thought if she could write so well about social processes maybe I could attempt to do something similar in connection with my eld For several years I found her an e mail partner with a wonderful sense of humor She even retrieved copies of her book for the use of my graduate students when I had assigned it for a seminar *Impressions* Sar Ramadan,1997 Essays and poems about the author s travels Recording for the Blind & Dyslexic, ...
