## **Philosophy As Social Expression Plato Aquinas Descartes Moore:**

*The High Road of Humanity* Albert William Levi, 2022-04-25 *The High Road of Humanity* is a cultural ethics. It is an exposition of the moral positions of the West intended to accompany the intellectual positions of Western philosophy and society formulated in Levi's earlier *Philosophy as Social Expression*. In opposition to the nearly complete abstraction from actual moral life that is the common stance of the works in ethics in our time from positivism to applied ethics, Levi's aim is to take the process of moral thought back one step further from moral inquiry to its basis in the moral imagination. For Levi, the moral life and moral discourse requires first of all an ideal that is shaped in the imagination: an image of the human. The seven ethical ages he discusses are the Greek aristocrat, Stoic sage, Christian saint, Renaissance prince, Enlightenment gentleman, the nineteenth-century merchant prince, and the professional man and women of today. He gathered the details of each historical figure or moral ideal and selected sculpture, paintings, and portraits to illustrate them. Levi's approach to moral philosophy is based on his lifelong study in the philosophy of culture. The foreword is by Donald Phillip Verene. **The Virginia Quarterly Review**, 1975. *Revue de L'Association Des Humanités*, Humanities Association of Canada, 1977.

This is a study of the first Critique of Immanuel Kant, examining the first Critique as a whole, limiting the study strictly relative to mathematics. The greatest emphasis is on the relevance and compatibility between Kant's epistemology and mathematics proper in the mainstream yesterday, today, and tomorrow. This text draws a line of demarcation between mathematics and metamathematics. **The Library Journal Book Review**, 1974. **The Philosopher's Index**, 1978. **Register of the University of California** University of California (1868-1952), 1947.

One of the most widely adopted texts in the field. *Philosophy: The Power of Ideas* offers a topical introduction to philosophy within an overarching historical framework. The goal of the authors is to make philosophy understandable while not oversimplifying the material, showing that philosophy contains powerful ideas that affect the lives of real people. **Mutuality** Dawn M. Nothwehr, 2005-07-25. By selecting as her focus mutuality, Nothwehr brings to the fore an issue of perennial importance in Christian social ethics: that of power. As she shows, feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic, mutual sharing—a sharing that encompasses not only individual relations but society and the natural world. She also demonstrates how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics, revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure. Christine Firer

Hinze Associate Professor of Theology Marquette University This book allows mutuality to take its rightful place along with love and justice in Christian social ethics Written with great clarity with excellent scholarship and with the thinking of key historical figures in mind this book focuses on the thinking of four contemporary Christian feminists Beverly Wildung Harrison Carter Heyward Elizabeth Johnson and Rosemary Radford Ruether to show that mutuality is at the heart of ethics But it does more It shows that mutuality at the heart of the human at the heart of the divine and at the heart of the meeting between the two John J Shea visiting Associate Professor of Pastoral Care and Counseling Boston College Dawn Nothwehr employs a corrective category mutuality At first blush the term would seem too tender and nebulous to address the splits in our consciousness but this theologian brings well informed care to its definition It becomes in her hands a critical tool which can do healing surgery on many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism Mutuality calls attention to the essential interdependency of all that is in our cosmos Daniel C Maguire Professor of Theological Ethics Marquette University      **American Book Publishing Record Cumulative, 1950-1977: Title index** R.R.
