

Philosophy and Public Administration: An Introduction, by Edoardo Ongaro
Turo Virtanen*

Turo Virtanen
Department of Political
and Economic Studies,
University of Helsinki
turo.virtanen@helsinki.fi

The author wants to provide a systematic introduction to the theme and furnish a base for discussion and analysis of “a number of interconnections between ‘foundational’ philosophical and some of the key themes debated” in the literature of public governance, public administration and public management.

The main argument is that philosophy provides a distinctive and constitutive contribution to the knowledge and understanding of public administration and that this is alongside with but also beyond the knowledge of other disciplines contributing the field of Public Administration (PA). The author’s starting point is that ontological, political philosophical and epistemological issues tend to receive only scant attention, if any, in the literature of public governance, public administration and public management.

The book is organised along key thematic areas. The author discusses the rationale of the book in the introduction and then moves to key philosophical streams in the next two chapters. The fourth chapter applies the results of the previous chapters to Public Administration, focusing on ontological and epistemological questions. Political philosophical aspects and their foundational issues – common good, social contract, legitimacy – in the field of PA are examined next. Finally, the author chooses three great thinkers – A. Lorenzetti, N. Machiavelli, and T. More – to delve into three important dimensions of PA: public virtues, ‘realism’ in politics and utopian thinking. The last chapter pulls the threads together and examines the contribution to PA, when it is conceived as scientific knowledge, practical wisdom, or practical experience.

The book is most rewarding as reading experience. The reader should have some elementary knowledge and skills of philosophical reasoning to gain more about opening doors to different conceptual worlds. The book is mostly about ‘philosophy *for* PA’, not about ‘philosophy *of* PA’, as the author specifies in the last chapter. The former is about presenting philosophical knowledge for selective applications to themes of contemporary significance in PA. Indeed, the author’s book provides an immense scope of distinctions and viewpoints, introducing mainly issues of ontology. PA and its contemporary issues can and should be revisited and reconsidered employing new conceptual instruments. The philosophy *of* PA is about professional philosopher’s reflections about specific themes relevant for PA: for example, Hegel’s Philosophy of Right. The problem here is that contemporary philosophers do not pay much attention to debates within PA. However, the author considers H.A. Simon and D. Waldo as examples of this tradition. In my view, for a professional philosopher, the famous Simon-Waldo debate about the nature of PA is relatively simplistic. The third option the author specifies is ‘mapping backwards from PA to philosophy’. This means asking individual scholars to track backward what the foundations of

* **Turo Virtanen** is an adjunct professor of Administrative and Organisation Studies at the University of Helsinki. His research is about administrative reforms, public management, and higher education and underlying theories and concepts.

Philosophy Of Administration

Jong S. Jun

Philosophy Of Administration:

PHILOSOPHY OF ADMINISTRATION Jong S. Jun, 1989-01-01 *Towards a Philosophy of Administration* Christopher Hodgkinson, 1978-01 *Administrative Philosophy* Christopher Hodgkinson, 1996 It is a non dogmatic philosophical treatment of a universally important area of human experience and is intended for a primary audience of all administrators executives managers politicians and leaders as well as those either aspiring to these ranks or engaged in a study of them

The Philosophy of Public Administration- A Holistic Approach J. S. H. Gildenhuys, 2004-01-01 A user friendly textbook for students and teachers The Philosophy of Public Administration covers all aspects of the public administration and management process as an instrument of serving the public It lays a sound foundation of the basic principles and values and it facilitates excellence in all the varied circumstances a professional public manager administrator may encounter in practice An MS PowerPoint presentation is also available on CD ROM for instruction **The British Philosophy of Administration** Rosamund M. Thomas, 1978 Public Administration BL Fadia & Kuldeep Fadia, Sahitya Bhawan Pratiyogita Sahitya Public Administration book is analytical and examines the framework of Public Administration as an autonomous discipline The text provides an up to date authoritative and readable introduction of Public Administration and Governmental UPSC public administration books an introduction to public administration public administration textbook best books for public administration introduction to public administration book **Public Administration** Amreshwar Avasthi, Shriram Maheshwari, 1962 *A Philosophy of Administration Toward Creative Growth* Marshall Edward Dimock, 1958 The Humanities and Public Administration Edoardo Ongaro, Giovanni Orsina, Lorenzo Castellani, 2025-03-12 This perceptive book is a much needed exploration of the contribution of the humanities to the study of public administration public governance public management and public policy Expert authors advocate for reintegrating the humanities into this field highlighting the ways in which the social sciences and humanities complement each other in global governmental processes *The Philosophy of Management* Oliver Sheldon, 1923 **Approaches to Administrative Training in Education** Joseph Murphy, Philip Hallinger, 1987-01-01 The book addresses a long felt need to describe and investigate the education and training of school administrators The topic is especially timely with the current emphasis on educational reform and reports from the effective schools research which puts emphasis on the quality of leadership especially principals Patricia A Schmuck Lewis and Clark College In this important new collection Murphy and Hallinger bring together descriptions of a wide range of the new models in use in educational administrative training Most of these eleven models have developed in response to contemporary criticism of the educational administrative theory movement and each in its own way strives to bridge the chasm between educational theory and practice The approaches represented here stress the importance of the administrators engagement in the daily life of the school and encourage administrators to learn from one another While some models have come from leadership academies others have been developed and tested in state

departments of education professional associations and educational institutions The book represents an important resource for those working with pre and inservice administrators as they learn ways in which their involvement can improve the nation's schools

Philosophy and Public Administration Edoardo Ongaro, 2020-07-31 Philosophy and Public Administration provides a systematic and comprehensive introduction to the philosophical foundations of the study and practice of public administration In this revised second edition Edoardo Ongaro offers an accessible guide for improving public administration exploring connections between basic ontological and epistemological stances and public governance while offering insights for researching and teaching philosophy for public administration in university programmes

Embracing the Track of Phrase: An Emotional Symphony within **Philosophy Of Administration**

In a global eaten by screens and the ceaseless chatter of instant conversation, the melodic elegance and emotional symphony created by the written word often fade into the back ground, eclipsed by the relentless noise and disruptions that permeate our lives. However, set within the pages of **Philosophy Of Administration** a marvelous fictional value brimming with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, that captivating masterpiece conducts viewers on a psychological journey, well unraveling the hidden songs and profound influence resonating within each cautiously crafted phrase. Within the depths of this emotional review, we will discover the book is key harmonies, analyze its enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
